Language transfer is the application of linguistic features from one language to another by a bilingual or multilingual speaker. Language transfer may occur across both languages in the acquisition of a simultaneous bilingual, from a mature speaker's first language to a second language they are acquiring, or from an L2 back to the L1. Language transfer is most commonly discussed in the context of English language learning and teaching, but it can occur in any situation when someone does not have

Language transfer - Wikipedia

Abstract. In this article second language (L2) knowledge of Dutch grammatical gender is investigated. Adult speakers of German, English and a Romance language (French, Italian or Spanish) were investigated to explore the role of transfer in learning the Dutch grammatical gender system. In the first language (L1) systems, German is the most similar to Dutch coming from a historically similar system.

Transfer effects in learning a second language grammatical ...

This article takes an account of language transfer and cross-linguistic studies. Its relativism, universalism, and the native language are the focal point. Language transfer, or cross-linguistic influence, has long been a topic that many in applied linguistics have pondered, even though some have doubted its importance.
