A Novel *Simon and Schuster*

The first in The Wolf Chronicles trilogy, brilliantly weaving together original research, lovable characters and a dynamic, thoroughly engaging plot, *Promise of the Wolves* is a historical adventure story in the tradition of *Clan of the Cave Bear* and *Watership Down*. Set 14,000 years ago in what is now Southern Europe, *Promise of the Wolves* is told from the point of view of Kaala, a young wolf born of a forbidden, mixed-blood litter. An outcast after her mother is exiled, Kaala struggles to earn her place in her pack. But her world is turned upside down when she rescues a human girl from drowning. Kaala and her young packmates begin hunting and playing with humans—risking expulsion from their pack and banishment from their home in the Wide Valley. When war between humans and wolves threatens, Kaala learns that she is the last in a long line of wolves charged with keeping watch over humans in order to prevent them from losing touch with nature and thus destroying the world. But to do so she must solve the great paradox of wolfkind: though wolves must always be with humans, humans cannot abide the presence of wolves, and every time the two come together, war ensues. Kaala must choose between safety for herself, her friends, and their human companions and the survival of her pack—and perhaps all of wolf and humankind.

Shade has seen Humans enter the forest and take away hundreds of sleeping bats for an unknown purpose. And where is Shade's father? It isn't long before Shade and Marina are swept up on a perilous journey that takes them to the far southern jungle -- the homeland of Goth, now king of all the Vampyrum Spectrum: cannibal bats with three-foot wingspans. With the help of an abandoned owl prince and General Cortez's rat army, Shade must use all his resourcefulness to find his father -- and stop Goth from harnessing the dark powers of Cama Zotz to create eternal night. A Student of History *Akashic Books*

"Revoyr is gifted in her ability to deal with complex ideas like racism, class conflict, and sexuality without sacrificing the truth of her narrative. Furthermore, like the most adroit novelists, Revoyr specializes in reversal. All of her books are filled with suspense and sudden surprises that take the stories in unexpected directions...As much as Nina Revoyr herself is a student of history, she's also one of our best teachers." --Los Angeles Review of Books "Revoyr's latest noir tells a story that's somewhere between Sunset Boulevard and the darker regions of *The Great Gatsby*...Revoyr is a subtle observer of human foibles and social structures, and the result is one of the most insightful, and the most entertaining books of the year." --Literary Hub, one of Lit Hub's 50 Favorite Books of 2019 "A Student of History is full of research, detail, lush descriptions, and visual place-setting. [Revoyr's] a fiction writer with an eye for reality set in a dream-like world, often in her home city of Los Angeles." --The Rumpus "Any Nina Revoyr novel is a cause for celebration, and her latest, *A Student of History*, is assured and

marvelous, an absorbing rags among riches tale about a broke USC grad student who finds himself swept off his feet by Los Angeles's insular, powerful .01% class. It's a contemporary novel that feels like an instant classic, with the wry tragedy of *The House of Mirth*, the sinister glamour of *Sunset Boulevard*, and a fresh, original point of view." --CrimeReads "With a nod to *Great Expectations* and *The Great Gatsby*, Rick Nagano is Nick Carraway and young Pip rolled into one...Lambda Award-winner Revoyr focuses on the impact of race in the construct of class and society, and how there are some doors that will always remain closed." --The Advocate "Nina Revoyr's new novel, *A Student of History*, continues the tradition of the Los Angeles oil novel, but steers it in a new direction." --Rain Taxi Review of Books "With her two Walter Mosley-like gifts--impeccable narrative pacing and masterful command of Los Angeles' intricate, evolving dynamics of race and class--Nina Revoyr's LA novels convincingly capture the lifespan of Los Angeles as a major city, none more gracefully than *A Student of History*." --New York Journal of Books Rick Nagano is a graduate student in the history department at USC, struggling to make rent on his South Los Angeles apartment near the neighborhood where his family once lived. When he lands a job as a research assistant for the elderly Mrs. W--, the heir to an oil fortune, he sees it at first simply as a source of extra cash. But as he grows closer to the iconoclastic, charming, and feisty Mrs. W--, he gets drawn into a world of privilege and wealth far different from his racially mixed, blue-collar beginnings. Putting aside his half-finished dissertation, Rick sets up office in Mrs. W--'s grand Bel Air mansion and

begins to transcribe her journals--which document an old Los Angeles not described in his history books. He also accompanies Mrs. W-- to venues frequented by the descendants of the land and oil barons who built the city. One evening, at an event, he meets Fiona Morgan--the elegant scion of an old steel family--who takes an interest in his studies. Irresistibly drawn to Fiona, he agrees to help her with a project of questionable merit in the hopes he'll win her favor. *A Student of History* explores both the beginnings of Los Angeles and the present-day dynamics of race and class. It offers a window into the usually hidden world of high society, and the influence of historic families on current events. Like *Great Expectations* and *The Great Gatsby*, it features, in Rick Nagano, a young man of modest means who is navigating a world where he doesn't belong.

near-misses of his own. He describes how he made his own bows and arrows, and takes readers on his first hunting trips, showing the wonder and solace of nature along with his hilarious mishaps and mistakes. He shares special memories, such as the night he attracted every mosquito in the county, or how he met the moose with a sense of humor, and the moose who made it personal. There's a handy chapter on "Eating Eyeballs and Guts or Starving: The Fine Art of Wilderness Nutrition." Recipes included. Readers may wonder how Gary Paulsen survived to write all of his books -- well, it took guts.

Outcasts United**An American Town, a Refugee Team, and One Woman's Quest to Make a Difference** *Random House*

BONUS: This edition contains a reader's guide. The extraordinary tale of a refugee youth soccer team and the transformation of a small American town Clarkston, Georgia, was a typical Southern town until it was designated a refugee settlement center in the 1990s, becoming the first American home for scores of families in flight from the world's war zones—from Liberia and Sudan to Iraq and Afghanistan. Suddenly Clarkston's streets were filled with women wearing the hijab, the smells of cumin and curry, and kids of all colors playing soccer in any open space they could find. The town also became home to Luma Mufleh, an American-educated Jordanian woman who founded a youth soccer team to unify Clarkston's refugee children and keep them off the streets. These kids named themselves the Fugees. Set against the backdrop of an American town that without its consent had become a vast social experiment,

Outcasts United follows a pivotal season in the life of the Fugees and their charismatic coach. Warren St. John documents the lives of a diverse group of young people as they miraculously coalesce into a band of brothers, while also drawing a fascinating portrait of a fading American town struggling to accommodate its new arrivals. At the center of the story is fiery Coach Luma, who relentlessly drives her players to success on the soccer field while holding together their lives—and the lives of their families—in the face of a series of daunting challenges. This fast-paced chronicle of a single season is a complex and inspiring tale of a small town becoming a global community—and an account of the ingenious and complicated ways we create a home in a changing world.

Darkwing *Harper Collins*

Before there were bats like Shade, Marina or even Goth, there was a young chiropter—a small arboreal glider—named Dusk. . . . It is 65 million years ago, during a cataclysmic moment in the earth's evolution, and Dusk, just months old, has no way of knowing he will play a pivotal role in creating a new world. What he does know is that he is different from the other newborn chiropters. Not content to use his large sails to glide down from the giant sequoia tree, Dusk discovers that if he flaps quickly enough, he can fly. But this strange gift that makes him feel like an outcast from the colony will also make him its saviour. After most of the colony is savagely massacred by the felids—the

earth's first mammalian carnivores—Dusk must lead his fellow chiropters to a new home, and a new life. Against a tableau of disappearing dinosaurs and the ascent of the mammal kingdom, Oppel has created an adventure fantasy that sets the stage for the birth of the bats, the story of the forebears of Shade, the beloved hero of the Silverwing series. As with all Silverwing books, it is impossible to simply read Oppel's Darkwing; each of us enters a world of convincing characters, warring theologies, incredible natural history and a story that roars through head, heart and imagination. A tale that can be read as a stand-alone or as a prequel, Darkwing will be a welcome new classic for the millions of Kenneth Oppel fans.
