Atlas Shrugged *Penguin*

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand’s magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America’s best-loved novels by PBS’s The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand’s most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century’s leading artists.

Tracing the Melanesian Person

Emotions and Relationships in Lihir *University of Adelaide Press*

"This book explores what it means to be Lihirian through an analysis of everyday life in the Lihir Islands, Papua New Guinea. Atop four volcanic islands in the Pacific Ocean east of New Ireland, Lihirians are living in a world that has rapidly changed in the last century through the work of Christian missions, government administration and the development of a large gold mine (Lihir Gold Ltd). Being Lihirian in the context of these changes is challenging, yet Lihirians retain a strong sense of themselves and their islands as distinctive. This book aims to reconcile what has been termed the 'root metaphor' of Melanesian sociality as based on relational or composite personhood with the strong individualist tendencies and sense of self that are found in everyday practice in Lihir. In looking beyond the ideals of moral conduct to the practice of relations and emotion, it can be seen that the symbolism of Melanesian sociality does not encompass the practical reality of what it means to be Lihirian. Emotion is a ubiquitous part of life in Lihir. Emotions are motivations, reactions and remarks on the state of self and other; in short, emotions are integral to relations and persons in Lihir. This book considers emotions both through their performative contexts as well as the more usual lexical analyses of emotion terms and commentaries. In moving beyond lexical analyses, Hemer argues that the strong focus on the semantics of emotion in anthropology has been at the expense of the embodied practice of emotion that was apparent in Lihir." -- Publisher.

Give Me Liberty Or Give Me Death (Annotated)

"Give me Liberty, or give me Death!" is a famous quotation attributed to Patrick Henry from a speech he made to the Virginia Convention. It was given March 23, 1775, at St. John's Church in Richmond, Virginia, ..

Give Me Liberty

A History of America's Exceptional Idea *Basic Books*

An award-winning historian recounts the history of American liberty through the stories of thirteen essential documents Nationalism is inevitable: It supplies feelings of belonging, identity, and recognition. It binds us to our neighbors and tells us who we are. But increasingly -- from the United States to India, from Russia to Burma -- nationalism is being invoked for unworthy ends: to disdain minorities or to support despots. As a result, nationalism has become to many a dirty word. In Give Me Liberty, award-winning historian and biographer Richard Brookhiser offers up a truer and more inspiring story of American nationalism as it has evolved over four hundred years. He examines America's history through thirteen documents that made the United States a new country in a new world: a free country. We are what we are because of them; we stay true to what we are by staying true to them. Americans have always sought liberty, asked for it, fought for it; every victory has been the fulfillment of old hopes and promises. This is our nationalism, and we should be proud of it.

U.S. History For Dummies *John Wiley & Sons*

Now revised — the easy-to-understand guide to the story of America Want to better understand U.S. History? This friendly book serves as your tour guide through the important events of America's past and present, introducing you to the people who helped to shape history. The impact of the atomic bomb The Bill of Rights and the Declaration of Independence

The Coding Manual for Qualitative Researchers *SAGE*

The Second Edition of Johnny Saldaña's international bestseller provides an in-depth guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: - describes how coding initiates qualitative data analysis -demonstrates the writing of analytic memos -discusses available analytic software -suggests how best to use The Coding Manual for Qualitative Researchers for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable reference for students, teachers, and practitioners of qualitative inquiry, this book is essential reading across the social sciences.

Give Me Liberty!: An American History: Volume 1: To 1877

Give Me Liberty *Pickle Partners Publishing*

In her youth, Rose Wilder Lane supported the Russian Revolution, but a trip to Russia quickly dispelled her illusions. She realized that the mass politics of socialism necessarily suppressed individual freedom. America was founded on a different principle: individuals should take responsibility for their own lives. On this principle, America became the wealthiest of all nations and the hope of the world. The New Deal of 1933 struck against American individualism, substituting for it the tired collectivist programs of Europe. In Give Me Liberty, originally published in 1936, Lane called for a return to American individualism and a repudiation of the New Deal.

Give Me Liberty

A Handbook for American Revolutionaries *Simon and Schuster*

In Give Me Liberty: A Handbook for American Revolutionaries, bestselling author Naomi Wolf illustrates the changes that can take place when ordinary citizens engage in the democratic system the way the founders intended and tells how to use that system, right now, to change your life, your community, and ultimately, the nation. As the practice of democracy becomes a lost art, Americans are increasingly desperate for a restored nation. Many have a general sense that the “system” is in disorder—if not on the road to functional collapse. But though it is easy to identify our political problems, the solutions are not always as clear. In Give Me Liberty: A Handbook for American Revolutionaries, bestselling author Naomi Wolf illustrates the breathtaking changes that can take place when ordinary citizens engage in the democratic system the way the founders intended and tells how to use that system, right now, to change your life, your community, and ultimately, the nation.

Give Me Liberty *Harper Collins*

An exciting novel for tweens that captures the dawn of the American Revolution. Life is tough for thirteen-year-old Nathaniel Dunn, an indentured servant in colonial Virginia. Then in a twist of luck, he meets Basil, a kind schoolmaster, and an arrangement is struck lending Nathaniel's labor to a Williamsburg carriage maker. Basil introduces Nathaniel to music, books, and philosophies that open his mind to new attitudes about equality. The year is 1775, and as colonists voice their rage over England's taxation, Patrick Henry's words "give me liberty, or give me death" become the sounding call for action. Should Nathaniel and Basil join the fight? What is the meaning of "liberty" in a country reliant on indentured servants and slaves? Nathaniel must face the puzzling choices a dawning nation lays before him. "Filled with action, well-drawn characters, and a sympathetic understanding of many points of view." —ALA Booklist

Ethics for A-Level *Open Book Publishers*

What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is ‘simulated’, can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock’s precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

Learn iOS Application Development

Take Your Mobile App Development Skills to the Next Level with Swift and Xcode (English Edition) *BPB Publications*

Explore the complex app development concepts for iOS application programming with fun and ease. KEY FEATURES ● In-depth knowledge with practical examples on how to develop professional iOS apps. ● Includes coverage on the entire iOS application development, right from designing the

UI to application deployment. ● Get to know more about machine learning and augmented reality, and their impact on iOS apps. DESCRIPTION Grab this book if you want to make Apps for Apple's iOS devices and that too efficiently like a skilled developer. This book covers the complete development of iOS applications, right from concepts of designing an application to adding machine learning capabilities in the applications. You will learn and practice the App development environment with Xcode and Swift programming. Concepts like different types of views and UI components, data manipulations, animations, different iOS screen views, and integrating web services are covered in detail with examples. You will also learn the popular machine learning technology and fascinating features like Augmented Reality to be put into use in your app. You will learn to run automated application testing, use SwiftUI, and deploy applications on the network. WHAT YOU WILL LEARN ● Build strong familiarity with the entire application development environment. ● Revive essential coding concepts and methods of Swift and Xcode. ● Simplify integration of iOS apps with web services, including JSON and XML decoding. ● Learn to work with iOS ARKit and add the experience of augmented reality to applications. ● Work with popular SwiftUI, XCTest, and a growing machine learning library, CoreML. WHO THIS BOOK IS FOR This book caters to mobile developers, application developers, and students who want to build sound proficiency in the entire process of iOS Application development. Knowing basic programming concepts would be good, although not mandatory. TABLE OF CONTENTS 1. iOS App Development Environment 2. Swift Programming Language 3. User Interface and Data Handling 4. Different Views in iOS Devices 5. Image and Animation 6. Multi-View Application and Navigation 7. Data Persistence for iOS Devices 8. Integration with Web Services 9. Augmented Reality 10. Machine Learning 11. App Testing and Deployment 12. SwiftUI

A Discourse Concerning Western Planting

Give Me Liberty!, 6e Volume 2 with Media Access Registration Card + Voices of Freedom, 6e Volume 2

Madness and Civilization

A History of Insanity in the Age of Reason *Vintage*

Michel Foucault examines the archeology of madness in the West from 1500 to 1800 - from the late Middle Ages, when insanity was still considered part of everyday life and fools and lunatics walked the streets freely, to the time when such people began to be considered a threat, asylums were first built, and walls were erected between the "insane" and the rest of humanity.

The Age of Reform

From Bryan to F.D.R. *Vintage*

Examines the urge for progress and reform from 1890 to 1940, describes the motives of the reformers and the opposition they faced

American History: A Very Short Introduction *Oxford University Press*

In a miracle of concision, Paul S. Boyer provides a wide-ranging and authoritative history of America, capturing in a compact space the full story of our nation. Ranging from the earliest Native American settlers to the presidency of Barack Obama, this Very Short Introduction offers an illuminating account of politics, diplomacy, and war as well as the full spectrum of social, cultural, and scientific developments that shaped our country. Here is a masterful picture of Americas achievements and failures, large-scale socio-historical forces, and pivotal events. Boyer sheds light on the colonial era, the Revolution and the birth of the new nation; slavery and the Civil War; Reconstruction and the Gilded Age; the Progressive era, the Roaring Twenties and the Great Depression; the two world wars and the Cold War that followed; right up to the tragedy of 9/11, the wars in Iraq and Afghanistan, and the epoch-making election of Barack Obama. Certain broad trends shape much of the narrative--immigration, urbanization, slavery, continental expansion, the global projection of U.S. power, the centrality of religion, the progression from an agrarian to an industrial to a post-industrial economic order. Yet in underscoring such large themes, Boyer also highlights the diversity of the American experience, the importance of individual actors, and the crucial role of race, ethnicity, gender, and social class in shaping the contours of specific groups within the nations larger tapestry. And along the way, he touches upon the cultural milestones of American history, from Tom Paines The Crisis to Allen Ginsbergs Howl. American History: A Very Short Introduction is a panoramic history of the United States, one that covers virtually every topic of importance--and yet can be read in a single day.

Give Me Liberty!: An American History (Brief Fourth Edition) *W. W. Norton*

The leading text in a brief, full-color edition. Clear, concise, integrated, and up-to-date, Give Me Liberty! is a proven success with teachers and students. Eric Foner pulls the pieces of the past together into a cohesive picture, using the theme of freedom throughout. The Brief Fourth Edition is streamlined and coherent, and features stronger coverage of American religion, a bright four-color design, and a reinforced pedagogical program aimed at fostering effective reading and study skills.

Give Me Liberty, Not Marxism *Defender*

Give Me Liberty, Not Marxism examines what current American leaders like President Joe Biden and his globalist allies intend for America and the world, an outcome that may well usher in the prophetic end times. The evidence for this possible result comes from an objective review of the histories of past Marxist- regimes, accounts that are juxtaposed with the contemporary political proposals by those who seek a global "Great Reset" that could produce a radically different America which becomes subordinate to a godless, totalitarian one-world government ruled by the Chinese Communist Party.
