The media have been following every step of this journey – with multiple stories, incessant headlines and continuous updates across the past few weeks. Here, I take a look at some of the challenges that have faced journalists during the COVID-19 outbreak and how the media can play a role in containing COVID-19 and, potentially, saving lives.

What role do the media play in managing the COVID-19 ...

Mass media is a significant force in modern culture, particularly in America. Sociologists refer to this as a mediated culture where media reflects and creates the culture. Communities and individuals are bombarded constantly with messages from a multitude of sources including TV, billboards, and magazines, to name a few.

The Role and Influence of Mass Media

Media plays a large role in creating social norms, because various forms of media, including advertisements, television, and film, are present almost everywhere in current culture. Gender roles, as an example, exist solely because society as a whole chooses to accept them, but they are perpetuated by the media.

Gender Roles in Media | HuffPost

Most recently, social media has provided the framework for espousing the ideals of world-changing political movements and making the communication between members of such movements easier. Social media also fills the role of informing others of a person's status through sites like Facebook.
