How to Talk So Little Kids Will Listen

A Survival Guide to Life with Children Ages 2-7 *Simon and Schuster*

A must-have resource for anyone who lives or works with young kids, with an introduction by Adele Faber, coauthor of *How to Talk So Kids Will Listen & Listen So Kids Will Talk*, the international mega-bestseller *The Boston Globe* dubbed "The Parenting Bible." For over thirty-five years, parents have turned to *How to Talk So Kids Will Listen & Listen So Kids Will Talk* for its respectful and effective solutions to the unending challenges of raising children. Now, in response to growing demand, Adele's daughter, Joanna Faber, along with Julie King, tailor *How to Talk's* powerful communication skills to children ages two to seven. Faber and King, each a parenting expert in her own right, share their wisdom accumulated over years of conducting *How To Talk* workshops with parents and a broad variety of professionals. With a lively combination of storytelling, cartoons, and fly-on-the-wall discussions from their workshops, they provide concrete tools and tips that will transform your relationship with the young kids in your life. What do you do with a little kid who...won't brush her teeth...screams in his car seat...pinches the baby...refuses to eat vegetables...throws books in the library...runs rampant in the

supermarket? Organized according to common challenges and conflicts, this book is an essential emergency first-aid manual of communication strategies, including a chapter that addresses the special needs of children with sensory processing and autism spectrum disorders. This user-friendly guide will empower parents and caregivers of young children to forge rewarding, joyful relationships with terrible two-year-olds, truculent three-year-olds, ferocious four-year-olds, foolhardy five-year-olds, self-centered six-year-olds, and the occasional semi-civilized seven-year-old. And, it will help little kids grow into self-reliant big kids who are cooperative and connected to their parents, teachers, siblings, and peers.

A Survival Guide to Parenting Teens

Talking to Your Kids About Sexting, Drinking, Drugs, and Other Things That Freak You Out *AMACOM*

Oh to be able to return to the days of messy bedrooms and preteen attitudes! Now as parents of teenagers, the days have the potential of bringing us not-so-fun issues like sexting, cyber-bullying, and eating disorders. And let's not forget the old standbys of drugs, alcohol, and depression. As much as you pray that your child will be the shining exception, as their parent you must still be prepared! Will you know what to do when a naked picture of your daughter gets forwarded by her "boyfriend" to the entire school? How will you respond when your child is bullied online--or is the bully himself? A Survival Guide to Parenting Teens has thought through all the issues you haven't. Covering a broad range of issues from the terrifying (sex, drinking, drugs,

depression) to the frustrating (defiance, laziness, conformity, entitlement), parenting expert Joani Geltman approaches 80 uncomfortable topics with honesty and a dash of humor. She reveals what your teens are thinking and feeling--and what developmental factors are involved. Then she explains how to approach each problem in a way that lets your kid know you "get it" and leads to truly productive conversations. Guaranteed, the teenage years will bring problems that will make any parent long for the days of lying about homework and playing too many video games. But you're not alone! This invaluable, all-encompassing resource provides the help you will need for tomorrow's headache.

- Grow to understand how your teen still needs you, but in different ways
- Learn how to get to know who your teen really is
- Discover how to develop sound judgment without being judgmental
- Learn how to use follow-through—the only surefire way to get chores done

Over the years, millions of parents have come to trust the classic *Positive Discipline* series for its consistent, commonsense approach to child rearing. Inside, you'll discover proven, effective methods for working with your teens. Over 1 million *Positive Discipline* books sold! "I highly recommend this book to parents, teachers, and all others who work with young people. It is one of the best books I have seen on helping adults and adolescents turn their conflict into

friendship. Remarkably, it shows how to accomplish this while helping young people develop courage, confidence, responsibility, cooperation, self-respect, and trust. I urge you to read it." —H. Stephen Glenn, Ph.D., coauthor of *Raising Self-Reliant Children in a Self-Indulgent World*.

Parenting the New Teen in the Age of Anxiety

A Complete Guide to Your Child's Stressed, Depressed, Expanded, Amazing Adolescence *Mango Media Inc.*

#1 Best Seller in Teen Health & Hyperactivity - A Guidebook for Parents Navigating the New Teen Years Learn about the "New Teen" and how to adjust your parenting approach. Kids are growing up with nearly unlimited access to social media and the internet, and unprecedented academic, social, and familial stressors. Starting as early as eight years old, children are exposed to information, thought, and emotion that they are developmentally unprepared to process. As a result, saving the typical "teen parenting" strategies for thirteen-year-olds is now years too late. Urgent advice for parents of teens. Dr. John Duffy's parenting book is a new and necessary guide that addresses this hidden phenomenon of the changing teenage brain. Dr. Duffy, a nationally recognized expert in parenting for nearly twenty-five years, offers this book as a guide for parents raising children who are growing up quickly and dealing with unresolved adolescent issues that can lead to anxiety and depression. Unprecedented psychological suffering among our young and why it is occurring. A shift has taken place in how and when children develop. Because of the exposure they face, kids

are emotionally overwhelmed at a young age, often continuing to search for a sense of self well into their twenties. Paradoxically, Dr. Duffy recognizes the good that comes with these challenges, such as the sense of justice instilled in teenagers starting at a young age. Readers of this book will: Sort through the overwhelming circumstances of today's teens and better understand the changing landscape of adolescence. Come away with a revised, conscious parenting plan more suited to addressing the current needs of the New Teen. Discover the joy in parenting again by reclaiming the role of your teen's ally, guide, and consultant. If you enjoyed parenting books such as *The Yes Brain*, *How to Raise an Adult*, *The Deepest Well*, and *The Conscious Parent*; then *Parenting the New Teen in the Age of Anxiety* should be next on your list!

Does Your Teen TALK? No, But They Text, Snap, & TikTok

10 Subjects Every Parent Should Ask Their TEEN to Get Them TALKING More in a Digital World

ARE YOU STRUGGLING TO TALK TO YOUR TEEN? First, let's be real... Who isn't?! Getting the Social Media Addicted Teenager in your life to actually have a conversation with you can seem more like an invitation for heavy eye-rolling. You may be feeling like your teen is fast-forwarding to the end of every conversation while silently scrolling through the latest trendy app. They then only emerge from the dark cave, known as their bedroom, to stock up on snacks and get a quick dose of sunlight. The average teenager sends over 100 texts per day and is statistically more likely to communicate with their friends via some form of messaging like snaps or DM's versus calling them or speaking to them in person. YOU DON'T HAVE TO DREAM OF A BETTER RELATIONSHIP WITH YOUR TEEN. By the time you are done reading this book, desire for an active relationship with the teenager in

your life can stretch beyond the one hug a year you get from your teen at Christmas time after they receive their presents. With Nicole Rice's e-book, *Does your teen TALK? No, but they Text, Snap, & TikTok*, she wants to help you achieve✓ what to say and what not to say, so your teen will talk more✓ what to do, so you spend more and more good times with your teen✓ how to talk less and listen more, so you are a major difference in your teen's life✓ and when they start talking more, and showing you their astonishing self, be prepared to be blown away!**UNDERSTAND THE CODED LANGUAGE OF TEENS**As a certified high school teacher, Nicole has a unique insight into the teenager's way of thinking. This e-book is your guide to the Morse code your teenager talks in with a glimpse into the technology they prefer to hide behind. It is jam-packed with relevant questions to ask your teen to engage in their interests as well as real teen quotes Nicole has gathered from teenagers themselves that open the door for conversations more integral to their day-to-day lives. Teens' social interactions are now influenced by memes, Snapchat stories, Instagram reels, TikTok videos, and their desire to be unique on social media platforms and belong to groups they perceive as cool. They follow influencers worldwide and brands that speak to them and close themselves off from the adults in their lives who are genuinely looking out for them. By shedding this code of silence with Nicole's ten subjects every parent should talk to their teen about, you will be able to form a stable and casual foundation that can allow you to build a stronger and more open line of communication. As shared throughout the book, hallway true stories reveal that teens want to be heard, understood, and talk about what they like and can

do. to treat children unequally and still be fair. Updated to incorporate fresh thoughts after years of conducting workshops for parents and professionals, this edition also includes a new afterword.

Fourteen Talks by Age Fourteen

The Essential Conversations You Need to Have with Your Kids Before They Start High School *Harmony*

The fourteen essential conversations to have with your tween and early teenager to prepare them for the emotional, physical, and social challenges ahead, including scripts and advice to keep the communication going and stay connected during this critical developmental window. “This book is a gift to parents and teenagers alike.”—Lisa Damour, PhD, author of *Untangled* and *Under Pressure* Trying to convince a middle schooler to listen to you can be exasperating. Indeed, it can feel like the best option is not to talk! But keeping kids safe—and prepared for all the times when you can't be the angel on their shoulder—is about having the right conversations at the right time. From a brain growth and emotional readiness perspective, there is no better time for this than their tween years, right up to when they enter high school. Distilling Michelle Icard's decades of experience working with families, *Fourteen Talks by Age Fourteen* focuses on big, thorny topics such as friendship, sexuality, impulsivity, and technology, as well as unexpected conversations about creativity, hygiene, money, privilege, and contributing to the family. Icard outlines a simple, memorable, and family-tested formula for the best approach to these essential talks, the BRIEF Model: Begin

peacefully, Relate to your child, Interview to collect information, Echo what you're hearing, and give Feedback. With wit and compassion, she also helps you get over the most common hurdles in talking to tweens, including: • What phrases invite connection and which irritate kids or scare them off • The best places, times, and situations in which to initiate talks • How to keep kids interested, open, and engaged in conversation • How to exit these chats in a way that keeps kids wanting more Like a Rosetta Stone for your tween's confounding language, *Fourteen Talks by Age Fourteen* is an essential communication guide to helping your child through the emotional, physical, and social challenges ahead and, ultimately, toward teenage success.

Watch Over Me *Simon Pulse*

“Steamy...Doesn’t let up.” —Booklist “Intense...Unflinching.” —Kirkus Reviews From the author of *Come Back to Me* comes a striking novel about a young woman—desperately trying to protect her family from their violent father—who finds safety, and a passionate romance, with an ex-Marine. Ever since Zoey was a kid she’s been caring for her mom and her little sister, defending them from her violent father. She’s been the strong one, the responsible one as she sacrificed her wants and dreams to keep her family together. Now the life they’ve built for themselves in California is about to be upended. Her father, just released from prison, has discovered where they’re hiding and has come looking for them. Enter Tristan. A former Marine and now member of the Coast Guard, Tristian promises his best friend, and Zoey’s Marine brother, that he will take care of Zoey and her family. Protect them, watch over them, and be the rock they need in their lives. And as Tristan starts to help Zoey deal with the emotional fallout of her childhood, their relationship turns from protector and protected to something more. The two grow closer as a romance blooms into a heart-pounding and powerful relationship that Zoey hopes will be strong enough to fight off the damage her father has done to her and her family. But not everyone can be kept safe forever, and when Zoey’s father does show up, a confrontation ensues that will change Zoey’s world forever.

The Normal One

Life with a Difficult or Damaged Sibling *Simon and Schuster*

In the first book of its kind, renowned psychotherapist Jeanne Safer examines the hidden trauma of growing up with an emotionally troubled or physically disabled sibling, and helps adult “normal” siblings resolve their childhood pain. For too long the therapeutic community has focused on the parent-child relationship as the primary relationship in a child’s life. In *The Normal One*, Dr. Safer shows that sisters and brothers are just as important as parents, and she illuminates for the first time the experience of being “the normal one.” Drawing on more than sixty interviews with normal, or intact, siblings, Safer explores the daunting challenges they face, and probes the complex feelings that can strain families and damage lives. A “normal” sibling herself, Safer chronicles her own life-shaping experiences with her troubled brother. She examines the double-edged reality of normal ones: how they both compensate for their siblings’ abnormality and feel guilty for their own health and success. With both wisdom and empathy, she delineates the “Caliban Syndrome,” a set of personality traits characteristic of higher-functioning siblings: premature maturity, compulsion to achieve, survivor guilt, and fear of contagion. Essential reading for normal ones and those who love them, this landmark work offers readers insight, compassion, and tools to help resolve childhood pain. It is a profound and eye-opening examination of a subject that has too long been shrouded in darkness.

The Teenage Brain

A Neuroscientist's Survival Guide to Raising Adolescents and Young Adults *Harper Collins*

A New York Times Bestseller Renowned neurologist Dr. Frances E. Jensen offers a revolutionary look at the brains of teenagers, dispelling myths and offering practical advice for teens, parents and teachers. Dr. Frances E. Jensen is chair of the department of neurology in the Perelman School of Medicine at the University of Pennsylvania. As a mother, teacher, researcher, clinician, and frequent lecturer to parents and teens, she is in a unique position to explain to readers the workings of the teen brain. In *The Teenage Brain*, Dr. Jensen brings to readers the astonishing findings that previously remained buried in academic journals. The root myth scientists believed for years was that the adolescent brain was essentially an adult one, only with fewer miles on it. Over the last decade, however, the scientific community has learned that the teen years encompass vitally important stages of brain development. Samples of some of the most recent findings include: Teens are better learners than adults because their brain cells more readily "build" memories. But this heightened adaptability can be hijacked by addiction, and the adolescent brain can become addicted more strongly and for a longer duration than the adult brain. Studies show that girls' brains are a full two years more mature than boys' brains in the mid-teens, possibly explaining differences seen in the classroom and in social behavior. Adolescents may not be as resilient to the effects of drugs as we thought. Recent experimental and human studies show that the occasional use of marijuana, for instance,

can cause lingering memory problems even days after smoking, and that long-term use of pot impacts later adulthood IQ. Multi-tasking causes divided attention and has been shown to reduce learning ability in the teenage brain. Multi-tasking also has some addictive qualities, which may result in habitual short attention in teenagers. Emotionally stressful situations may impact the adolescent more than it would affect the adult: stress can have permanent effects on mental health and can lead to higher risk of developing neuropsychiatric disorders such as depression. Dr. Jensen gathers what we've discovered about adolescent brain function, wiring, and capacity and explains the science in the contexts of everyday learning and multitasking, stress and memory, sleep, addiction, and decision-making. In this groundbreaking yet accessible book, these findings also yield practical suggestions that will help adults and teenagers negotiate the mysterious world of adolescent development.

Born to Be Wild

Why Teens Take Risks, and How We Can Help Keep Them Safe *Penguin*

A groundbreaking, research-based guide that sheds new light on why young people make dangerous choices--and offers solutions that work Texting while driving. Binge-drinking. Unprotected sex. There are plenty of reasons for parents to worry about getting a late-night call about their teen. But most of the advice parents and educators hear about teens is outdated and unscientific--and simply doesn't work. Acclaimed adolescent psychiatrist and educator Jess Shatkin brings more than two decades' worth of

research and clinical experience to the subject, along with cutting-edge findings from brain science, evolutionary psychology, game theory, and other disciplines -- plus a widely curious mind and the perspective of a concerned dad himself. Using science and stories, fresh analogies, clinical anecdotes, and research-based observations, Shatkin explains: * Why "scared straight," adult logic, and draconian punishment don't work * Why the teen brain is "born to be wild"--shaped by evolution to explore and take risks * The surprising role of brain development, hormones, peer pressure, screen time, and other key factors * What parents and teachers can do--in everyday interactions, teachable moments, and specially chosen activities and outings--to work with teens' need for risk, rewards and social acceptance, not against it. "Presents new research, as well as insights as a clinician and a father....This book is a clear argument to stop putting ourselves in our children's shoes, and to try putting ourselves in their minds, instead." --The Washington Post "With stories (personal and professional), neuroscience and cognition, psychology and clinical experience Dr. Shatkin offers an abundance of understandable, engaging and actionable information. He explains why and shows how. We can reduce risk in the adolescents we love and teach, but only if we know to how to do so and then do it. Born To Be Wild shows us the way to succeed." --Psychology Today Winner, National Parenting Product Award 2017

Slaughterhouse-Five

A Novel *Dial Press Trade Paperback*

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, “a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century” (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming “unstuck in time.” An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim

O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. "Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement."—The Boston Globe

Visions, Trips, and Crowded Rooms

Who and What You See Before You Die *Hay House, Inc*

David Kessler, one of the most renowned experts on death and grief, takes on three uniquely shared experiences that challenge our ability to explain and fully understand the mystery of our final days. The first is "visions." As the dying lose sight of this world, some people appear to be looking into the world to come. The second shared experience is getting ready for a "trip." The phenomenon of preparing oneself for a journey isn't new or unusual. In fact, during our loved ones' last hours, they may often think of their impending death as a transition or journey. These trips may seem to us to be all about leaving, but for the dying,

they may be more about arriving. Finally, the third phenomenon is "crowded rooms." The dying often talk about seeing a room full of people, as they constantly repeat the word crowded. In truth, we never die alone. Just as loving hands greeted us when we were born, so will loving arms embrace us when we die. In the tapestry of life and death, we may begin to see connections to the past that we missed in life. While death may look like a loss to the living, the last hours of a dying person may be filled with fullness rather than emptiness. In this fascinating book, which includes a new Afterword, Kessler brings us stunning stories from the bedsides of the dying that will educate, enlighten, and comfort us all.

Make a Difference: Talk to Your Child about Alcohol *Government Printing Office*

"Why develop a booklet about helping kids avoid alcohol?" Alcohol is a drug, as surely as cocaine and marijuana are. It's also illegal to drink under the age of 21. And it's dangerous. Kids who drink are more likely to: * Be victims of violent crime. * Have serious problems in school. * Be involved in drinking-related traffic crashes. This guide is geared to parents and guardians of young people ages 10 to 14. These suggestions are just that--suggestions. Trust your instincts. Choose ideas you are comfortable with, and use your own style in carrying out the approaches you find useful. Your child looks to you for guidance and support in making life decisions--including the decision not to use alcohol. Audience: Parents, child counselors, educators, child psychologists, physicians, school guidance counselors, and teenagers may be interested in this resource. Related products:
