What is Safety Differently? | Health and Safety News | myosh

Safety Differently, on the other hand, defines safety more positively. An example Dekker has used in the past defines safety as “a capacity to be successful in varying conditions”. The role of workers – traditional health and safety aims to control and change the behaviour of workers, whereas Safety Differently views people as the solution.

An Introduction to Safety Differently | Banyard Solutions Ltd

‘Safety differently’ is about relying on people’s expertise, insights and the dignity of work as actually done to improve safety and efficiency. It is about halting or pushing back on the ever-expanding bureaucratization and compliance of work.

Safety Differently - Sidney Dekker

When thinking about Safety Differently, it’s just as important to understand what safety 2.0 isn’t, as many critics and detractors hone in on individual aspects of the approach in attempt to discredit the whole. Change is daunting and its requires a sympathetic

hand to guide organisations through this difficult transition.

Safety Differently: What it is not - SHP - Health and ...

Work has never been as safe as it seems today. But bureaucracy and compliance demands have mushroomed, including many imposed by organizations on themselves....

Safety Differently | The Movie - YouTube

Safety Differently advocates that rather than looking at where things go wrong, the focus should be on 'normal work'. Where can we find examples of work being done well and emulate those? John is critical of behavioural-based safety (BBS) as he says it provides incentives

for people to do things the way the organisation says, and punishes them for doing the opposite.

Is Safety Differently REALLY all that different?

Safety Differently is the name given to a movement within safety to change the perspective of organizations in three key areas – how safety is defined, the role of people, and the focus of the organization. Traditional or “normal” safety management tends to view these three areas in this way:

What Is Safety Differently? An Interview with Ron Gantt ...

First, regarding the newness of safety differently, it is worth pointing out that it is

called “safety differently,” not “safety new.” This is because aspects of the ideas that provide the foundation of safety differently have deep roots in different disciplines and professions.

Is Safety Differently Really Any Different than Safety ...

Art of work is able to adapt initiatives and tools developed by individual organisations to be accredited safety differently® programs. There are numerous claims for safety differently® programs and tools in the commercial domain, however, if they are not approved through Art of Work, they are not authentic. The safety differently® initiative created in

2012 and built by Art of Work is an active supporter of the professional engagement and discussion that exists in networking forums.

safety differently is an interesting read, zero harm will never be

achieved and it also promotes misrepresentation and under reporting. The human factor is the most important piece of the jigsaw,...

Safety Differently - webcommunities.hse.gov.uk

Safety differently poses the idea that safety should consider people within the organisation as the solution. This is achieved by focusing on successes in an HSE context. This can be through the praise and recognition of activities that are beneficial for health and safety.

What are the fundamental principles behind Safety Differently?

It was time to start doing, and seeing, safety differently. Think of safety

outcomes as a hypothetical Gaussian, or normal curve, also known as a bell curve. The curve shows that the number of the things that go wrong – the left side of the curve – is tiny.

Safety Differently - Gliding Australia

The second edition of a bestseller, Safety Differently: Human Factors for a New Era is a complete update of Ten Questions About Human Error: A New View of Human Factors and System Safety. Today, the unrelenting pace of technology change and growth of complexity calls for a different kind of safety thinking.

Safety Differently: Human Factors for a New Era, Second ...

That is the premise of

Safety differently, an approach developed by Sidney Dekker, founder of the Safety Differently movement, Professor of psychology at Griffith University in Australia and expert on human factors and safety. His proposal is about halting or pushing back on the bureaucratisation and compliance of work.

The case for doing safety differently | British Safety Council

The Safety Differently concept is based around critical thinking, building employees' capabilities to manage safety through enabling them to adapt, rather than trying to reduce accidents to zero by constraining actions through rules and

procedures. While Safety Differently is people-oriented, Safety II is more process-oriented.

Safety differently: a leading light | IOSH Magazine

For example, Safety Differently and Safety II are commonly quoted models that, more often than not, overlay and overlap with familiar concepts, whilst introducing new language – they can and have been misinterpreted so that they are 'good' and current safety management practices are 'bad'.
