Principles of International

Taxation | Chartered Institute ...

International Taxation. Traditionally, international taxation refers to treaty provisions relieving international double taxation. In broader terms, it includes domestic legislation covering foreign income of residents (worldwide income) and domestic income of non-residents; domestic legislation and treaty provisions containing rules against international tax avoidance and evasion; domestic legislation and treaty provisions relieving international economic double taxation; EC Directives and ...

International Taxation | South African Tax Guide

Taxation is, by and

large, the most important source of government revenue in nearly all countries. According to the most recent estimates from the International Centre for Tax and Development, total tax revenues account for more than 80% of total government revenue in about half of the countries in the world – and more than 50% in almost every country.

Taxation - Our World in Data

Experience. About. In the ever-changing economic environment, tax regimes similarly evolve. Today, governmental efforts to increase or maintain tax revenue levels pose new and difficult challenges for tax planning and dispute resolution for corporations,

partnerships, and individuals alike. Globalization also creates complex tax issues requiring deep knowledge of national tax laws, tax treaties, and information sharing programs.
