Sustainable Cities and Regions introduces the concept of the sustainable city and then shares examples and experiences of how to build more sustainable cities and regions. The benefits of such an approach are appended with real examples from Canada and beyond.

Sustainable Cities and Regions | Higher Education

Sustainable Cities. Cities generate over 80 per cent of gross domestic product in many countries in Asia and the Pacific and are engines of economic growth that have lifted millions from poverty. This economic growth is accelerating rural to urban migration. Asia's cities will become home to another 1.1 billion people in the next two decades as the poor continue to be drawn to better opportunities.
