### **Legacy Danielle Steel**

Legacy is the only book that I read by Danielle Steel and I found it quite captivating. Even though it looks like prototype of having a happy ending no matter how the situation leads, still I must say its a wonderful light read with a lot of reference to the history of the protagonist's family.

### **Legacy by Danielle Steel - Goodreads**

I have read Danielle Steel books for years. In Legacy, I found a story like none she had written in awhile. Brigitte Nicholson takes on doing research into her family history for her Mom and ends up discovering a love story in her family history that brings a French aristocrat and a Sioux Indian maiden together across miles of land and ocean to fall in love.
