Lone Wolf Rising (The Winters Family Saga, #1) by Jami ...

Lone Wolf Rising by Jami Brumfield is a believable story of a new werewolf who suddenly finds herself the leader of the pack. The story is well told, tho at times the dialogue didn't come off natural. There were some minor issues with story line consistency but most readers won't notice.

"Lone Wolf Rising" at times reminded me of Sherrilyn Kenyon's paranormal stories, except Jami Brumfield's has more depth to the story, and fortunately lacks the eroticism. The story is long, but I hardly noticed as I kept reading through to the end, only having to take a break to sleep.

She has written most of her life. She started with poems and short stories, then graduated to journalism working for online websites like examiner.com. It was only a natural progression that her love of writing and her passion for the unknown would combine. Lone Wolf Rising the first book of the Winters series is the product of that union.

Jami Brumfield (Author of Lone Wolf Rising)

Having read the 'Lone Wolf Rising', the first book in the Winters Saga Series, I wanted to read the second to see how the story carried on. As in the first book, this book is written in the POVs of Rebecca, Savannah and Hunter.
