A critical approach argues that organisations should have an

ethical approach when conducting their business. This means dealing with their employees, clients, society and other business associates in an ethical manner. This contrasts with the functionalist theories that are concerned with efficiency and effectiveness.

Critical approach - UKessays.com

Acting as a critical introduction to organization studies, this book discusses a variety of issues central to that theme. These range from the classical theories and bureaucratisation of production, to analyzing management as a labour process. Table of contents (11 chapters)
