The Girl on the Velvet Swing

Sex, Murder, and Madness at the Dawn of the Twentieth Century

Mulholland Books

From New York Times bestselling author Simon Baatz, the first comprehensive account of the murder that shocked the world. In 1901 Evelyn Nesbit, a chorus girl in the musical Florodora, dined alone with the architect Stanford White in his townhouse on 24th Street in New York. Nesbit, just sixteen years old, had recently moved to the

city. White was forty-seven and a principal in the prominent architectural firm McKim, Mead & White. As the foremost architect of his day, he was a celebrity, responsible for designing countless landmark buildings in Manhattan. That evening, after drinking champagne, Nesbit lost consciousness and awoke to find herself naked in bed with White. Telltale spots of blood on the bed sheets told her that White had raped her. She told no one about the rape until, several years later, she confided in Harry Thaw, the millionaire playboy who would later become her husband. Thaw, thirsting for revenge, shot and killed White in 1906 before hundreds

of theatergoers during a performance in Madison Square Garden, a building that White had designed. The trial was a sensation that gripped the nation. Most Americans agreed with Thaw that he had been justified in killing White, but the district attorney expected to send him to the electric chair. Evelyn Nesbit's testimony was so explicit and shocking that Theodore Roosevelt himself called on the newspapers not to print it verbatim. The murder of White cast a long shadow: Harry Thaw later attempted suicide, and Evelyn Nesbit struggled for many years to escape an addiction to cocaine. The Girl on the Velvet Swing, a tale of glamour,

excess, and danger, is an immersive, fascinating look at an America dominated by men of outsize fortunes and by the women who were their victims.

The Velvet Mafia

The Gay Men Who Ran the Swinging Sixties

Concentrating on the friendship between impresario Larry Parnes, Beatles manager Brian Epstein, and showbiz solicitor David Jacobs, the book details how they shaped the Swinging 60s, along with their associates including songwriter Lionel Bart (author of the hit musical *Oliver!*), record producer Joe Meek, Sir Joseph Lockwood (the head of EMI), Vicki Wickham (manager of Dusty Springfield and

assistant producer on the influential TV show *Ready Steady Go*), and more. Drawing on rare and unpublished archive material, personal diaries, and new interviews from some of the survivors of that turbulent decade, *The Velvia Mafia* shows how--in the period leading up to the partial decriminalisation of homosexuality and the founding of the Gay Liberation movement--LGBT professionals in the music industry were working together, supporting each other, and changing history.

Man of Steel & Velvet

Wild at Heart

Discovering the Secret of a Man's Soul *Harper Collins*

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires--aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be--dangerous, passionate,

alive, and free.

The Descent of Man
Penguin

What does it mean to be male in the 21st Century? Award-winning artist Grayson Perry explores what masculinity is: from sex to power, from fashion to career prospects, and what it could become—with illustrations throughout. In this witty and necessary new book, artist Grayson Perry trains his keen eye on the world of men to ask, what sort of man would make the world a better place? What would happen if we rethought the macho, outdated version of manhood, and embraced a different ideal? In the current atmosphere of bullying, intolerance

and misogyny, demonstrated in the recent Trump versus Clinton presidential campaign, *The Descent of Man* is a timely and essential addition to current conversations around gender. Apart from gaining vast new wardrobe options, the real benefit might be that a newly fitted masculinity will allow men to have better relationships—and that's happiness, right? Grayson Perry admits he's not immune from the stereotypes himself—yet his thoughts on everything from power to physical appearance, from emotions to a brand new Manifesto for Men, are shot through with honesty, tenderness, and the belief that, for everyone to benefit, updating masculinity has to be something

men decide to do themselves. They have nothing to lose but their hang-ups.

An Iron Girl in a Velvet Glove

The Life of Joan Rhodes *The History Press*

Joan Rhodes would

leave audiences speechless as she bent steel bars with her teeth, ripped large phone books into quarters, and lifted two men at a time. But what she did was real. Joan had a superstrength, forged out of desperation to survive. Born into poverty in 1920s London and abandoned by her parents, Joan endured a spell in the workhouse. Despite the worst possible start, she made it to the top of her profession to rub shoulders with the likes of Fred Astaire, Bob Hope and Sammy Davis Jnr. Joan's crowning glory was to perform for the Queen at Windsor Castle, and along the way she made lifelong friendships with Marlene Dietrich, Quentin Crisp and

Dame Laura Knight. Biographer Triona Holden met Joan in her later years. When Joan passed away, Triona set out to secure her friend's place in history. She appeared on the show *The Repair Shop* to tell the strongwoman's story, and sifted through archives to retrace her journey to stardom. Joan saw herself as a freak, but in truth she was a champion for the so-called fairer sex. At a time when women were still groomed for marriage, *An Iron Girl in a Velvet Glove* tells the fascinating and tumultuous story of a woman who followed her own unique path.

The Velvet Hours
Penguin

From the international bestselling author of *The Lost Wife* and *The*

Garden of Letters, comes a story--inspired by true events--of two women pursuing freedom and independence in Paris during WWII. As Paris teeters on the edge of the German occupation, a young French woman closes the door to her late grandmother's treasure-filled apartment, unsure if she'll ever return. An elusive courtesan, Marthe de Florian cultivated a life of art and beauty, casting out all recollections of her impoverished childhood in the dark alleys of Montmartre. With Europe on the brink of war, she shares her story with her granddaughter Solange Beaugiron, using her prized possessions to reveal her innermost secrets.

Most striking of all are a beautiful string of pearls and a magnificent portrait of Marthe painted by the Italian artist Giovanni Boldini. As Marthe's tale unfolds, like velvet itself, stitched with its own shadow and light, it helps to guide Solange on her own path. Inspired by the true account of an abandoned Parisian apartment, Alyson Richman brings to life Solange, the young woman forced to leave her fabled grandmother's legacy behind to save all that she loved.

Say Nothing

A True Story of Murder and Memory in Northern Ireland *Anchor*

NEW YORK TIMES
BESTSELLER * From

the author of *Empire of Pain*--a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions "Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book--as finely paced as a novel--Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga." --New York Times Book Review Jean McConville's abduction was one of the most notorious episodes of

the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress--with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society

wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty

schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past—Say Nothing conjures a world of passion, betrayal, vengeance, and anguish. Look for Patrick Radden Keefe's latest bestseller, *Empire of Pain*

The Great Mistake

A novel *Knopf*

An exultant novel of New York City at the turn of the twentieth century, about one man's rise to fame and fortune, and his mysterious murder—"engrossing" (*Wall Street Journal*), "immersive" (*The New Yorker*), and "seriously entertaining" (*The Sunday Times*, London). Andrew Haswell Green is dead,

shot at the venerable age of eighty-three, when he thought life could hold no more surprises. The killing—on Park Avenue in broad daylight, on Friday the thirteenth—shook the city. Born to a struggling farmer, Green was a self-made man without whom there would be no Central Park, no Metropolitan Museum of Art, no Museum of Natural History, no New York Public Library. But Green had a secret, a life locked within him that now, in the hour of his death, may finally break free. A work of tremendous depth and piercing emotion, *The Great Mistake* is the story of a city transformed, a murder that made a private man infamous, and a portrait of a

singular individual who found the world closed off to him—yet enlarged it.

Horseshoe Crabs and Velvet Worms

The Story of the Animals and Plants That Time Has Left Behind *Knopf*

From one of the world's leading natural scientists and the acclaimed author of *Trilobite!*, *Life: A Natural History of Four Billion Years of Life on Earth* and *Dry Storeroom No. 1* comes a fascinating chronicle of life's history told not through the fossil record but through the stories of organisms that have survived, almost unchanged, throughout time. Evolution, it seems, has not completely obliterated its tracks as

more advanced organisms have evolved; the history of life on earth is far older—and odder—than many of us realize. Scattered across the globe, these remarkable plants and animals continue to mark seminal events in geological time. From a moonlit beach in Delaware, where the hardy horseshoe crab shuffles its way to a frenzy of mass mating just as it did 450 million years ago, to the dense rainforests of New Zealand, where the elusive, unprepossessing velvet worm has burrowed deep into rotting timber since before the breakup of the ancient supercontinent, to a stretch of Australian coastline with stromatolite formations that bear witness to the Precambrian dawn, the existence of these survivors offers us a tantalizing glimpse of pivotal points in evolutionary history. These are not “living fossils” but rather a handful of tenacious creatures of days long gone. Written in buoyant, sparkling prose, *Horseshoe Crabs and Velvet Worms* is a marvelously captivating exploration of the world’s old-timers combining the very best of science writing with an explorer’s sense of adventure and wonder.

Highland Velvet

Simon and Schuster

Jude Deveraux steps back to a time and place where revenge and rivalry rule men's hearts—and love conquers all—in this

wonderful Montgomery novel. Bronwyn MacArran was a proud Scot. Stephen Montgomery was one of the hated English. He came to Scotland as a conqueror, saw her beauty and was vanquished. But still she would abhor him. She owned a temper hot enough to forge the armors of battle or inflame a valiant soldier's passion. Yet still she would resist him. She became his reason to live, his reason to love. And still she would deny him. But while clan fought clan, while brother took up sword against brother, and the highlands ran with blood—their destiny was made...and this mighty warrior pledged himself to his woman's pride, her honor and her name—and made

of their love a torch to burn through the ages!

How Food Can Save the World *Random House*

'A visionary look at how quality food should replace money as the new world currency' Tim Spector

'Hugely ambitious and beautifully written...destined to become a modern classic' Bee Wilson
 How we search for, make and consume food has defined human history. It transforms our bodies and homes, our politics and our trade, our landscapes and our climate. But by forgetting our culinary heritage and relying on cheap, intensively produced food, we have drifted into a way of life that threatens our planet and ourselves. What if there were a more sustainable way to eat and live? Drawing on many disciplines, as well as stories of the farmers, designers and economists who are remaking our relationship with food, this inspiring and

The Dark Half

A Novel *Simon and Schuster*

Master storyteller Stephen King presents the classic “wondrously frightening” (Publishers Weekly) #1 New York Times bestseller about a writer’s horrific and haunting pseudonym. “I’m back...I’m back from the dead and you don’t seem glad to see me at all, you ungrateful son of a bitch.” After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the

hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad’s even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph “Not a Very Nice Guy.” Although on the surface, it seems that Thad can finally concentrate on his own novels, there’s a certain unease at the prospect of leaving George Stark behind. But that’s nothing compared to the horror about to descend upon Thad’s new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark’s untimely demise is now meeting

a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad's fingerprints all over it? Thad Beaumont may have once believed that George Stark was running out of things to say, but he's going to find out just how wrong he is...
