Critical pedagogy challenges both students and teachers to channel their experiences of oppression into educating

and empowering marginalized peoples. Critical pedagogues approach education as a process of social, cultural, political, and individual transformation, where social equity can be nourished or social inequity perpetuated. According to critical pedagogues, notions defining rational classification of people into categories that diminish their social affect and importance keep them ...

Critical Pedagogy - Sociology of Education - iResearchNet

The sociology of education is the study of how public institutions and individual experiences affect education and its outcomes. It is mostly concerned with the public schooling systems of modern industrial societies, including the expansion of higher, further, adult, and

continuing education. Education is seen as a fundamentally optimistic human endeavour characterised by aspirations for progress and betterment. It is understood by many to be a means of overcoming handicaps, achieving greater e

Sociology of education - Wikipedia

The relation between sociology and education has always been a subject of debate. One concept says education is meant to overcome the inequalities of society whereas the other says the prime function of education is to promote the equilibrium status of the society ie it tries to maintain equality/inequality whatever state is prevalent in the society.
