Communities, Livelihoods and Natural Resources | Charles ...
The land-use maps helped the community members explain that they needed the resources for their livelihoods, that they had longstanding customary claims and use patterns in the area, and also that most of the forested areas were rocky and infertile for oil palm cultivation. With the intervention of the provincial government, the community convinced the company that it was not worth pursuing their claim to the resources in Somthom except for the 200 ha they had cleared in 1996.
