Early Years Literature Review The Centre for Research in Early Childhood recently conducted a review looking at the evidence base for the impact of early years initiatives in social care, health and education in combatting social and economic disadvantage and underachievement, both in the UK and internationally. This paper:

Early Years Literature Review - Early Education

Poetry. The Norman Conquest worked no immediate transformation on either the

language or the literature of the English. Older poetry continued to be copied during the last half of the 11th century; two poems of the early 12th century—"Durham," which praises that city's cathedral and its relics, and "Instructions for Christians," a didactic piece—show that correct alliterative verse could be composed well after 1066.

The English Renaissance was a cultural and artistic movement in England dating from the late 15th century to the early 17th century. It is associated with the pan-European Renaissance that is usually regarded as beginning in Italy in the late 14th century. As in most of the rest of northern Europe, England saw little of these developments until more than a century later. The beginning of the English Renaissance is often taken, as a convenience, to be 1485, when the Battle of Bosworth Field ended
