Systematic Theology *Zondervan Academic*

The Christian church has a long tradition of systematic theology, that is, of studying biblical teaching on centrally important doctrines such as the Word of God, redemption, and Jesus Christ. Wayne Grudem's bestselling Systematic Theology has several distinctive features: A strong emphasis on the scriptural basis for each doctrine Clear writing, with technical terms kept to a minimum A contemporary approach, treating subjects of special interest to the church today A friendly tone, appealing to the emotions and the spirit as well as the intellect Frequent application to life Resources for worship within each chapter Bibliographies in each chapter that cross-reference subjects to a wide range of other

systematic theologies.

Making Sense of the Church
Zondervan Academic

With clear writing and a contemporary approach, emphasizing how each doctrine should be understood and applied by present-day Christians, *Making Sense of the Church* explores the community of all true believers for all time—the church. Topics include but are not limited to the invisible church—the church as God sees it; the visible church—the church as Christians on earth see it; the purity of church—the degree of freedom from wrong doctrine and conduct; the primary purpose of the church—ministry to God, believers, and the world; the power of the church—its God-given authority to carry on spiritual warfare, proclaim the gospel, and exercise church discipline; and spiritual gifts—abilities empowered by the Holy Spirit and used in any ministry of the church. Written in a friendly tone, appealing to the emotions and the spirit as well as the intellect, *Making Sense of the Church* helps readers overcome wrong ideas, make better decisions on new questions, and grow as Christians.

Systematic Theology, Second Edition
Zondervan Academic

This new edition of *Systematic Theology* by Wayne Grudem is one of the most important resources for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, *Systematic Theology* has been thoroughly revised and expanded for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. With

nearly 250 pages of new content and revisions, this new edition now includes the following distinctive features: Updated analysis of recent controversies within evangelical theology, including the eternal relationship between the Father and the Son in the Trinity, the role of women in the church, miraculous gifts of the Holy Spirit, and contemporary worship music. New discussion and critiques of recent theological controversies situated outside of traditional evangelical theology, such as open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming. Completely revised chapter on the clarity of Scripture. Completely revised chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth. New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels. Additional material explaining evangelical Protestant differences with Roman Catholicism, Protestant liberalism, and Mormonism. Completely updated bibliographies. All Scripture quotations updated from RSV to ESV. Updated section on contemporary worship music. Numerous other updates and corrections. Part of the brilliance of *Systematic Theology* has been its simplicity and ease of use. Each chapter follows the same structure: discussion of the doctrine being considered, an explanation of that doctrine's biblical support and possible objections, followed by personal application and key terms to know for personal growth. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship

songs. If you think theology is hard to understand or boring, then this new edition of *Systematic Theology* will change your mind.

Bible Doctrine *Zondervan Academic*

How do we know the Bible is God's Word? What is sin and where did it come from? How is Jesus fully God and fully man? What are spiritual gifts? When and how will Christ return? If you've asked questions like these, then "systematic theology" is no abstract term. It's an approach to finding answers every Christian needs to know. *Bible Doctrine* takes a highly commended upper-level textbook on systematic theology and makes it accessible to the average reader. Abridged from Wayne Grudem's award-winning *Systematic Theology*, *Bible Doctrine* covers the same essentials of the faith, giving you a firm grasp on seven key topics: The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future Like *Systematic Theology*, this book is marked by its clarity, its strong scriptural emphasis, its thoroughness in scope and detail, and its treatment of such timely topics as spiritual warfare and the gifts of the Spirit. But you don't need to have had several years of Bible school to reap the full benefits of *Bible Doctrine*. It's easy to understand—and it's packed with solid, biblical answers to your most important questions.

Christian Ethics *Crossway*

What does the Bible teach about how to live in today's world? Best-selling author and professor Wayne Grudem distills over forty years of teaching experience into a single volume aimed at helping

readers apply a biblical worldview to difficult ethical issues, including wealth and poverty, marriage and divorce, birth control, abortion, euthanasia, homosexuality, business practices, environmental stewardship, telling the truth, knowing God's will, understanding Old Testament laws, and more.

Systematic Theology Workbook

This workbook accompanies Wayne Grudem's bestselling *Systematic Theology* and features student-friendly review material and exercises.

The Gift of Prophecy in the New Testament and Today (Revised Edition) *Crossway*

What does the New Testament teach about the spiritual gift of prophecy? What is it? How does it function? Can evangelical Christians use it in their churches today? This updated, comprehensive work answers such questions and points the way to a renewed understanding of the gift of prophecy—an understanding that suggests how the body of Christ may enjoy one of the Holy Spirit's most edifying gifts without compromising the supremacy of Scripture. "This conservative evangelical scholarly work gives a solid theological basis for further development of a practical theology of spiritual gifts." --John Wimber, Vineyard Christian Fellowship "Careful, thorough, wise, and to my mind, convincing." --J.I. Packer "...a fresh, biblically sound, readable contribution...its depth of scholarship, pastoral solidity, and cautions against abuses are special strengths. Highly recommended." --Vern S. Poythress, Professor of New Testament Interpretation, Westminster Theological Seminary "If Grudem's convincing thesis could be heard, a new

path of dialog could perhaps be opened up in the Christian community. The research, clarity, and typical Grudem candor continue to make this the finest book on the subject to date." --L. Russ Bush, Professor of Philosophy of Religion, Southeastern Baptist Theological Seminary "...thorough, biblical, and practical. It deserves the attention of all who are concerned about the spiritual development of the church today." --Stanley Horton, Distinguished Professor Emeritus of Bible and Theology, Assemblies of God Theological Seminary

Christian Beliefs

Making Sense of Who God Is *Zondervan Academic*

With clear writing—technical terms kept to a minimum—and a contemporary approach, emphasizing how each doctrine should be understood and applied by present-day Christians, *Making Sense of Who God Is* explores the existence of God through inner knowledge and evidence found in Scripture and in nature. Topics include but are not limited to Traditional "Proofs" for God's Existence: covering cosmological, teleological, ontological, and moral evidence of the Creator; The Trinity: the three distinct persons each equal to the whole being of God; Creation: including the assertion that, when all the facts are understood, there will be "no final conflicts" between Scripture and natural science; and God's Providence: the Creator's continued involvement with all created things and human actions that make a difference within God's providence. Written in a friendly tone, appealing to the emotions and the spirit as well as the intellect, *Making Sense of Who God Is* helps readers overcome wrong ideas, make

better decisions on new questions, and grow as Christians.

Biblical Foundations for Manhood and Womanhood *Crossway*

For years a debate has raged over how to define true masculinity and true femininity. While there is agreement that men and women share equally in the privilege of being made in God's image, some views of manhood and womanhood blur God-given gender distinctions. Wayne Grudem assembled a team of distinguished writers to show how egalitarian views destroy God's ideal for your relationships, marriage, and life purposes. The contributors to this book include: John Piper, Pastor of Bethlehem Baptist Church, Minneapolis, Minnesota Bruce A. Ware, Senior Associate Dean of the School of Theology and Professor of Christian Theology at The Southern Baptist Theological Seminary Richard W. Hove, Director of Campus Crusade for Christ at Duke University Daniel Doriani, Dean of the Faculty and Professor of New Testament at Covenant Theological Seminary Daniel R. Heimbach, Professor of Christian Ethics at Southeastern Baptist Theological Seminary Peter Jones, Professor of New Testament at Westminster Theological Seminary in California These writers explore key issues, including the interchangeability of male-female roles, the meaning of submission, and the historical novelty of egalitarian interpretations of Scripture. This book will demonstrate how some views of manhood and womanhood tamper with our understanding of God's character and why the extremes of male domination and feminism destroy the beauty of our sexual differences—differences that celebrate the excellence of men and women as God created us.

Recovering Biblical Manhood and Womanhood (Revised Edition)

Crossway

A Guide to Navigate Evangelical Feminism In a society where gender roles are a hot-button topic, the church is not immune to the controversy. In fact, the church has wrestled with varying degrees of evangelical feminism for decades. As evangelical feminism has crept into the church, time-trusted resources like *Recovering Biblical Manhood and Womanhood* help remind Christians of what the Bible has to say. In this edition of the award-winning best seller, more than 20 influential men and women such as John Piper, Wayne Grudem, D. A. Carson, and Elisabeth Elliot offer thought-provoking essays responding to the challenge egalitarianism poses to life in the church and in the home. Covering topics like role distinctions in the church, how biblical manhood and womanhood should work out in practice, and women in the history of the church, this helpful resource will help readers learn to orient their beliefs with God's unchanging word in an ever-changing culture.

Christology *OUP Oxford*

In this fully revised and updated second edition of his accessible account of systematic Christology, Gerald O'Collins continues to challenge the contemporary publishing trend for sensationalist books on Jesus that are supported neither by the New Testament witness nor by mainline Christian beliefs. This book critically examines the best biblical and historical scholarship before tackling head-on some of the key questions of systematic Christology: does orthodox faith present Jesus the man as deficient and depersonalized? Is his sinlessness compatible with the exercise of a free

human will? Does up-to-date exegesis challenge his virginal conception and personal resurrection? Can one reconcile Jesus' role as universal Saviour with the truth and values to be found in other religions? What should the feminist movement highlight in presenting Jesus? This integral Christology is built around the resurrection of the crucified Jesus, highlights love as the key to redemption, and proposes a synthesis of the divine presence through Jesus. Clear, balanced, and accessible, this book should be valued by any student reading systematic theology, anyone training for the ministry in all denominations, as well as interested general readers.

New Dictionary of Theology

InterVarsity Press

This classic one-volume reference work is now substantially expanded and revised to focus on a variety of theological themes, thinkers and movements. From African Christian Theology to Zionism, this volume of historical and systematic theology offers a wealth of information and insight for students, pastors and all thoughtful Christians.

Systematic Theology

Systematic Theology *Wm. B. Eerdmans Publishing*

This new printing of Louis Berkhof's classic *Systematic Theology* represents a publishing landmark. For the first time in its long and acclaimed history, Berkhof's monumental treatment of the doctrines of the Reformed faith is now available together in one volume with *Introduction to the Study of Systematic Theology*, Berkhof's formal prolegomenon to his theology. Meant to be read together with *Systematic Theology*, the *Introduction*

includes Berkhof's discussions of the nature and character of dogmatics, the methods and history of theological system, and the principia, or foundations, of theology - Scripture and God. This edition also includes a new preface by Richard A. Muller that explains both the publishing history and the relation and importance of the Introduction to the rest of Berkhof's text. Written in a concise and compact style and organized in a manner ideal for detailed study, *Systematic Theology* covers the full range of theology in traditional systematic fashion - examining, in order, the doctrines of God, anthropology, Christology, soteriology, ecclesiology, and eschatology. The work also includes an extensive bibliography and full indexes to the authors, subjects, and Scriptures referenced in the text. Revised and enlarged throughout his lifetime until it reached its present final form, *Systematic Theology* not only stands as Berkhof's magnum opus but also is widely considered to be the most important twentieth-century compendium of Reformed theology.

Trinitarian Theology beyond Participation *Bloomsbury Publishing*

Maarten Wisse develops a critique of dominant trends in contemporary theology through a re-reading of Augustine's *De Trinitate*. Theological topics covered include the thinking about the relationship of between God and World as participation of the finite in the infinite, Christology as a manifestation of this ontology of participation, Trinity as a model for our relational mode of being and deification (theosis) as the purpose of salvation. Key figures are brought in conversation with an Augustinian alternative to these

trends, such as Wolfhart Pannenberg, Joseph Ratzinger, Denys Turner, John Milbank, Catherine Pickstock and Graham Ward.

Making Sense of Salvation *Zondervan Academic*

With clear writing—technical terms kept to a minimum—and a contemporary approach, emphasizing how each doctrine should be understood and applied by present-day Christians, *Making Sense of Salvation* explores God's common grace to redeem those who will be saved, and to demonstrate his goodness, mercy, justice, and glory. Topics include but are not limited to the order of salvation—from God's choice of people to be saved to the chosen people receiving a resurrection body; effective calling—the act of God the father speaking through the human proclamation of the gospel to summons people to himself in saving faith; regeneration—a secret act of God in which he imparts new spiritual life to us; and glorification—when Christ returns and raises from the dead the bodies of all believers for all time who have died. Written in a friendly tone, appealing to the emotions and the spirit as well as the intellect, *Making Sense of Salvation* helps readers overcome wrong ideas, make better decisions on new questions, and grow as Christians.

Renewal Theology *Zondervan Academic*

Renewal Theology deals with the full range of Christian truth from within the charismatic tradition. Previously published as three separate volumes, *Renewal Theology* represents the first exhaustive, balanced articulation of charismatic theology. *Renewal Theology* discusses: Book One--God, the World,

and Redemption - Book Two--Salvation, the Holy Spirit, and Christian Living - Book Three--The Church, the Kingdom, and Last Things. As theology, this work is an intellectual achievement. But it is much more than that. The author urges the church to undertake its task of theology in the proper spirit: - an attitude of prayer - a deepening sense of reverence - an ever-increasing purity of heart - a spirit of growing love - a theological approach rooted in the glory of God. Done in such a spirit, theology becomes a faithful and powerful witness to the living God.

New Dictionary of Christian Ethics & Pastoral Theology *InterVarsity Press*

Encompassing a wide range of topics--from the timely (health care and business ethics) to the traditional (atonement, suffering and the kingdom of God)—this work features an easy-to-use reference system and eighteen articles that introduce readers to key themes in moral, pastoral and practical theology. Edited by David J. Atkinson and David F. Field with consulting editors Arthur Holmes and Oliver O'Donovan.

Systematic Theology *Christian Focus*

Robert Culver wrote Systematic Theology with the goal of creating a treasure trove for the student of the Bible. No previous knowledge of theology demanded, this volume is written in an essentially readable way and is the perfect core to the library of anyone who loves to learn. Subjects include: the doctrine of God, the doctrine of man as created, the doctrine of man as fallen, the doctrine of salvation, the doctrine of last things, and the doctrine of Christ.

Systematic Theology *P & R Publishing*

A biblical, clear, cogent, accessible, comprehensive, and practical summary of Christian belief by one of the most important and original American theologians of the last hundred years.

God is Love *Crossway*

Traces the common theme of God's love through the Bible categorically -- from God's love for himself and his creation to the cross as the ultimate expression of God's love.

Theological Foundations *Saint Mary's Press*

Here, a team of award-winning teaching scholars has come together to create an introductory text that offers a truly unique and innovative contribution to the discipline of theological studies. This "first book" provides students of any religious tradition with the foundational skills, vocabulary, conceptual understanding, and research abilities that they need to succeed in theology and religious studies. Theological Foundations provides the following: Ten chapters that introduce the major sub-disciplines of theology creating a well-rounded source for understanding the discipline as a whole Contributions that are clear, accessible, and steeped in content A strong basis for vigorous intellectual and personal exploration of life and our relation to God Flexibility that allows the instructor to assign readings in any order that fits his or her syllabus A one-of-a-kind, integrated library research component, "From the Reference Librarian," which teaches students the foundational skills needed for successful study in theology and in any academic discipline

Politics - According to the Bible *Zondervan*

A variety of perspectives exist within the Christian community when it comes to political issues and political involvement. This comprehensive and readable book presents a political philosophy from the perspective that the Gospel pertains to all of life so Christians should be involved in political issues. In brief, this is an analysis of conservative and liberal plans to do good for the nation, evaluated in light of the Bible and common sense. In this ground-breaking book, recognized evangelical Bible professor Wayne Grudem rejects five mistaken views about Christian influence on politics: (1) "compel religion," (2) "exclude religion," (3) "all government is demonic," (4) "do evangelism, not politics," and (5) "do politics, not evangelism." He proposes a better alternative: (6) "significant Christian influence on government." Then he explains the Bible's teachings about the purpose of civil government and the characteristics of good or bad government. Does the Bible support some form of democracy? Should judges and the courts hold the ultimate power in a nation? With respect to specific political issues, Grudem argues that most people's political views depend on deep-seated assumptions about several basic moral and even theological questions, such as whether God exists, whether absolute moral standards can be known, whether there is good and evil in each person's heart, whether people should be accountable for their good and bad choices, whether property should belong to individuals or to society, and whether the purpose of the earth's resources is to bring benefit to mankind. After addressing these foundational questions, Grudem provides a thoughtful, carefully-reasoned analysis of over fifty specific issues dealing with

the protection of life, marriage, the family and children, economic issues and taxation, the environment, national defense, relationships to other nations, freedom of speech and religion, quotas, and special interests. He makes frequent application to the current policies of the Democratic and Republican parties in the United States, but the principles discussed here are relevant for any nation.

Bible Doctrine *HarperCollins Christian Publishing*

This is an abridgment of Grudem's highly commended *Systematic Theology* intended for laypeople and nonprofessionals.

Historical Theology *Zondervan Academic*

Most historical theology texts follow Christian beliefs chronologically, discussing notable doctrinal developments for all areas of theology according to their historical appearance. And while this may be good history, it can make for confusing theology, with the classic theological loci scattered throughout various time periods, movements, and controversies. In *Historical Theology*, Gregg Allison offers students the opportunity to study the historical development of theology according to a topical-chronological arrangement, setting out the history of Christian doctrine one theological element at a time. Such an approach allows readers to concentrate on one tenet of Christianity and its formulation in the early church, through the Middle Ages, Reformation, and post-Reformation era, and into the modern period. The text includes a generous mix of primary source material as well, citing the words of Cyprian, Augustine,

Aquinas, Luther, Calvin, Barth, and others. Allison references the most accessible editions of these notable theologians' work so that readers can continue their study of historical theology through Christian history's most important contributors. Historical Theology is a superb resource for those familiar with Wayne Grudem's Systematic Theology or interested in understanding the development of Christian theology.

The Ology *New Growth Press*

The Ology by best-selling children's author Marty Machowski is a stunningly illustrated beginner's theology book to help kids of all ages understand who God is and how we, as his children, relate to him. Arranged within a traditional systematic theological framework, each truth in The Ology is also connected to the larger redemptive story of Scripture. This storybook of systematic theology takes abstract concepts in the Bible and makes them easier to understand with the use of creative examples, illustrations, and analogies. The Ology is a starting point to learning theology and aims to create a hunger and desire in children to learn more as they grow older. Designed for six-year-olds through preteens, this flexible resource includes built-in adaptations so the entire families can enjoy it together. The story begins in the cellar of the old stone cathedral, where Carla and Timothy uncover a life-changing treasure: a carefully wrapped, ancient book known as The Ology. Young readers will discover a tale of adventure, mystery, and wonder, which will lead them to the truth about God, themselves, and the world around them. As a father to six children, Machowski knows how to intentionally create a vivid resource, full of analogies and word

pictures to help kids grasp difficult theological concepts. Read The Ology to preschoolers; read it with grade-school kids, and let older kids discover the "hidden" truths by reading the corresponding Scripture passages for each section. However you read it, The Ology will give your children a gift that will last a lifetime—a solid foundation of transformative biblical truth that will point them to the God who loves them and gave himself for them. There is also a companion album to The Ology by Sovereign Grace Music that celebrates these wonderful theological truths through worship music that the whole family can enjoy.

Understanding Scripture *Crossway*

Originally featured as articles in the ESV Study Bible, these eighteen essays have been repurposed and republished in a convenient format. Covering a diverse range of essential subjects, including how to read the Bible well and why it is reliable, the essays delve into specific topics such as world religions, canon, and archaeology. Useful as both a general overview of the Bible and as a tool for more specific reference and training, readers of this book will grow in their understanding of Scripture and their ability to apply the Bible to their lives. Pastors, lay leaders, students, and other Christians engaged in studying God's Word will benefit from this collection, written by notable contributors, including J. I. Packer, John Piper, David Powlison, and Vern Poythress.

Foundations of Systematic Theology *Bloomsbury Publishing USA*

Guarino argues in this book that the doctrinal form of the Christian faith, in its essential characteristics, calls for certain

theoretical exigencies. This is to say that the proportion and beauty of the form is not served or illuminated by simply any presuppositions. Rather, a determinate understanding of first philosophy, of the nature of truth, of hermeneutical theory, of the predication of language and mutual correlation is required if Christian faith and doctrine are to maintain a recognizable and suitably mediative form. Failing to adduce specific principles will lead either to a simple assertion of Christian truth, in which case the form of Christianity becomes less intelligible and attractive-or one will substitute a radically changed form, which is itself inappropriate for displaying the fundamental revelatory narrative of faith. The house of Christian faith possesses a certain proportion of structure; the form will sag badly if one removes an undergirding item, or if one beam is replaced with another of variable shape or size. The form's beauty will either be obscured, no longer clearly visible, or the form will become something quite different, no longer architectonically related to what was originally the case. The intention of this book is to discuss those doctrinal characteristics considered fundamental to the Christian faith, as protective of its revelatory form and, concomitantly, to examine the theoretical principles required if such form is to remain both intelligible and beautiful.

Systematic Theology *Banner of Truth*

Rich in content and stimulating in style, Dabney's work continues to be tremendously helpful.

Suffering and the Sovereignty of God *Crossway*

In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other

tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shrimek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

Beyond the Bounds *Crossway*

"Everyone who believes in God at all believes that He knows what you and I are going to do tomorrow." -C. S. Lewis This understanding of God's foreknowledge has united the church for twenty centuries. But advocates of "open theism" are presenting a different vision of God and a different view of the future. The rise of open theism within evangelicalism has raised a host of questions. Was classical theism decisively tainted by Greek philosophy? How should we understand passages that tell us that God repents? Are essentials of biblical Christianity-like the inerrancy of Scripture, the trustworthiness of God, and the Gospel of Christ-at stake in this debate? Where, when, and why should we draw new boundaries-and is open theism beyond them? *Beyond the Bounds* brings together a respected team of scholars to examine the latest literature, address these questions, and give guidance to

the church in this time of controversy. Contributors include: John Piper Wayne Grudem Michael S. Horton Bruce A. Ware Mark R. Talbot A. B. Caneday Stephen J. Wellum Justin Taylor Paul Kjoss Helseth Chad Brand William C. Davis Russell Fuller "We have prepared this book to address the issue of boundaries and, we pray, bring some remedy to the present and impending pain of embracing open theism as a legitimate Christian vision of God. . . . As a pastor, who longs to be biblical and God-centered and Christ-exalting and eternally helpful to my people, I see open theism as theologically ruinous, dishonoring to God, belittling to Christ, and pastorally hurtful. My prayer is that Christian leaders will come to see it this way, and thus love the church by counting open theism beyond the bounds of orthodox Christian teaching." -From the Foreword by John Piper

The Cross and Salvation (Hardcover)
Crossway

With America's confidence in the Bible at an all-time low and the strength of her spiritual convictions waning, it is essential for Christians—especially Christian leaders—to be well-grounded in biblical theology. To have a clear and comprehensive understanding of the key doctrines of evangelicalism. In response, professor and award-winning author Bruce Demarest has made plain God's glorious plan of salvation, his provision for the human dilemma through Christ's work on the cross, and the application of saving grace to unbelievers. Demarest's unique approach defines each topic, identifies its most pressing issues, examines the ways in which the doctrine has been understood historically, and interprets the Bible's revelation. The result is a clear and carefully

constructed doctrinal statement that you can defend, live out, and communicate to others. This singular, comprehensive treatment of one of Christianity's essential doctrines gives definitive, Bible-based answers about salvation and the cross—and about related theological issues such as grace and regeneration. It's perfect for clarifying your theology and gaining deep understanding of this foundational theme. Part of the Foundations of Evangelical Theology series.

The Meaning of the Millennium
InterVarsity Press

Robert G. Clouse brings together four scholars to debate various views on the millennium: George Eldon Ladd, Herman A. Hoyt, Loraine Boettner and Anthony A. Hoekema.

Introducing Christian Doctrine *Baker Academic*

Leading evangelical scholar Millard Erickson offers a new edition of his bestselling doctrine text (over 100,000 copies sold), now thoroughly revised throughout. This book is an abridged, less technical version of Erickson's classic *Christian Theology*. Pastors and students alike will find this survey of Christian theology and doctrine to be biblical, contemporary, moderate, and fair to various positions. It is a practical and accessible resource that applies doctrine to Christian life and ministry. This book is supplemented with helpful web materials for students and professors through Baker Academic's Textbook eSources.

Business for the Glory of God
Crossway

Can business activity in itself be morally good and pleasing to God? Sometimes

business can seem so shady--manipulating the "bottom line," deceiving the consumer, or gaining promotions because of whom you know. But Wayne Grudem introduces a novel concept: business itself glorifies God when it is conducted in a way that imitates God's character and creation. He shows that all aspects of business, including ownership, profit, money, competition, and borrowing and lending, glorify God because they are reflective of God's nature. Though Grudem isn't naïve about the easy ways these activities can be perverted and used as a means to sin, he knows that Christians can be about the business of business. This biblically based book is a thoughtful guide to imitating God during interactions with customers, coworkers, employees, and other businesses. See how your business, and your life in business, can be dedicated to God's glory.

Systematic Theology *Oxford University Press, USA*

The concluding volume of Robert Jenson's 'Systematic Theology' considers the work of God, examining the nature and role of God and God's works of creation.

The Doctrine of the Word of God *P & R Publishing*

'The Word of God' is a multi-faceted concept. God speaks but Word is one of Jesus's names. God's personal communications take other forms, through prophets, apostles, and the written Word. Frame investigates them all. --from publisher description

Systematic Theology *Bethany House Publishers*

This stand-alone, in-depth reference

work is the culmination of the author's thirty-plus years of study, teaching, and research. The extensive Part One, Introduction--or preconditions--sets this work apart from other systematic theologies available today. Here Geisler examines the realities of the Christian faith including the existence of God, inescapability of truth, the nature of revelation, and guidelines for interpretation. Part Two, Bible, presents the origin of the Scripture, its inspiration, inerrancy, and much more.

Systematic Theology, Second Edition

The most widely-used text of the last 25 years in its discipline, Systematic Theology by Wayne Grudem has been thoroughly revised and expanded (all 57 chapters) for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. With several hundred pages of new content, this new edition now includes the following distinctive features. Updated, fuller analysis of several recent controversies within evangelicalism, including the eternal relationship between the Father and the Son in the Trinity, the question of God's atemporal eternity, the role of women in the church, "seeker-sensitive" churches, miraculous gifts of the Holy Spirit, and contemporary worship music. New, thoughtful critiques of open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming Completely revised, stronger chapter on the clarity of Scripture Completely revised, stronger chapter on creation and evolution (including a longer critique of theistic

evolution) New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels Additional material respectfully explaining evangelical Protestant differences with Roman Catholicism, Protestant liberalism, and Mormonism. Completely updated bibliographies All Scripture quotations updated from RSV to ESV An explanation of why monogenes in John 3:16 and elsewhere should be translated as "only begotten" rather than merely "only" (this is a change from the first edition) A contemporary worship song added at the end of each chapter (while retaining the traditional hymns as well) Numerous other updates and corrections Part of the

brilliance of Systematic Theology over the years has been its simplicity and ease of use. Each chapter follows the same structure. First, there is discussion of the doctrine being considered, such as justification or the Trinity or the deity of Christ. An explanation of where that doctrine is supported in the Bible and possible objections follow. Personal application and key terms to know for personal growth are then provided. Chapters also include a scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you are someone who thinks theology is hard to understand or boring, then this new edition of Systematic Theology will likely change your mind.
