Suspicions are easy enough, but proof seems impossible. The man is brilliant, patient, and always one step ahead of law enforcement. He is the most cunning of all serial killers. He knows forensics, police procedure, and most important: he knows the law. He is a judge, in Florida—under Lacy's jurisdiction. He has a list, with the names of his victims and targets, all unsuspecting people unlucky enough to have crossed his path and wronged him in some way. How can Lacy pursue him, without becoming the next name on his list? *The Judge's List* is by any measure John Grisham's most surprising, chilling novel yet.
