Bayou Folk

Bayou Folk is a Chopin's classic book containing of 23 masterpiece short stories shows rural life in Louisiana after the American Civil War and how former slaves, people of color, women, poor whites, and wealthy whites chafed against social restrictions. Kate Chopin (1850-1904) is an American writer best known for her stories about the inner lives of sensitive, daring women. Her novel The Awakening and her short stories are read today in countries around the world, and she is widely recognized as one of America's essential authors. Her short stories were well received in in the 1890s and were published by some of America's most prestigious magazines--Vogue, the Atlantic Monthly, Harper's Young People, the Youth's Companion, and the Century. A few stories were syndicated by the American Press Association. Many of her stories also appeared in her two published collections, Bayou Folk(1894) and A Night in Acadie (1897), both of which received good reviews from critics across the country who praised them for their graceful descriptions of the lives of Creoles, Acadians, African-Americans, and other people in Louisiana. Twenty-six of her stories are children's stories--those published in or intended for children's or family magazines--the Youth's Companion and others. By the late 1890s Kate Chopin was well known among American readers of magazine fiction. Her early novel At Fault (1890) was not much noticed, but The Awakening (1899) was widely condemned. Critics called it morbid, vulgar, and disagreeable. Chopin's work was mostly forgotten after her death, but, beginning in the 1950s, scholars rediscovered it and praised it for its truthful depictions of women's lives.

A Pair of Silk Stockings

The Personality of Louise Mallard in Kate Chopin's "The Story of an Hour". A Tragic Life *GRIN Verlag*

Academic Paper from the year 2021 in the subject American Studies - Literature, grade: 1,7, University of Tübingen (Englisches Seminar), course: Literary Studies, language: English, abstract: This term paper will analyze Chopin's short story from a different perspective, than how many scholars have analyzed the protagonist's death before, which is as a critique of the patriarchal society she is living in. It will focus on the approach Lawrence I. Berkove treats in his work "Fatal Self-Assertion in Kate Chopin's "The Story of an Hour"" where he proves that this story is neither about patriarchy nor about marriage, but about the protagonist, Louise Mallard, herself. As she is an unreliable narrator who does not give clear evidence for suppression in her marriage, in fact who does not give much information about her husband at all, it can be suspected that Chopin's story actually centers Louise Mallard's personality. This is why I argue that Louise Mallard is a tragic character who could never be happy, as her understanding of freedom can never be achieved in real life, she loves nobody but herself, and she is physically too weak to face the difficulties of life.

A Respectable Woman *CreateSpace*

They had entertained a good deal during the winter; much of the time had also been passed in New Orleans in various forms of mild dissipation. She was looking forward to a period of unbroken rest, now, and undisturbed tete-a-tete with her husband, when he informed her that Gouvernail was coming up to stay a week or two. This was a man she had heard much of but never seen. He had been her husband's college friend; was now a journalist, and in no sense a society man or "a man about town," which were, perhaps, some of the reasons she had never met him. But she had unconsciously formed an image of him in her mind. She pictured him tall, slim, cynical; with eye-glasses, and his hands in his pockets; and she did not like him. Gouvernail was slim enough, but he wasn't very tall nor very cynical; neither did he wear eyeglasses nor carry his hands in his pockets. And she rather liked him when he first presented himself. But why she liked him she could not explain satisfactorily to herself when she partly attempted to do so. She could discover in him none of those brilliant and promising traits which Gaston, her husband, had often assured her that he possessed. On the contrary, he sat rather mute and receptive before her chatty eagerness to make him feel at home and in face of Gaston's frank and wordy hospitality. His manner was as courteous toward her as the most exacting woman could require; but he made no direct appeal to her approval or even esteem.

The King in Yellow *Library of Alexandria*

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law

schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.

The Yellow Wallpaper By: Charlotte Perkins (a Horror Short Stories) Annotated Edition

How is this book unique?Font adjustments & biography includedUnabridged (100% Original content)IllustratedContain Author Biography and overview."The Yellow Wallpaper" is a 6,000-word short story by American writer Charlotte Perkins Gilman, first published in January 1892 in *New England Magazine*. It is regarded as an important early work of American feminist literature, illustrating attitudes in the 19th century toward women's physical and mental health. The story is written in the first person as a series of journal entries. The narrator is a woman whose husband -- a physician -- has confined her to the upstairs bedroom of a house he has rented for the summer. She is forbidden from working and has to hide her journal entries from him so that she can recuperate from what he has diagnosed as a "temporary nervous depression -- a slight hysterical tendency;" a diagnosis common to women in that period. The windows of the room are barred, and there is a gate across the top of the stairs, allowing her husband to control her access to the rest of the house. The story illustrates the effect of confinement on the narrator's mental health, and her descent into psychosis. With nothing to stimulate her, she becomes obsessed by the pattern and color of the room's wallpaper.

Outliers *Penguin UK*

From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' *Guardian* 'Malcolm Gladwell is a global

phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' *Observer* 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' *The Times*

The Tell-Tale Heart *Lindhardt og Ringhof*

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

They are today regarded in Japan as classics in their own right.

A Rose for Emily and Other Stories *Random House*

Here is a classic collection from one of America's greatest authors. Though these short stories have universal appeal, they are intensely local in setting. With the exception of "Turn About," which derives from the time of the First World War, all these tales unfold in a small town in Mississippi, William Faulkner's birthplace and lifelong home. Some stories—such as "A Rose for Emily," "The Hound," and "That Evening Sun"—are famous, displaying an uncanny blend of the homely and the horrifying. But others, though less well known, are equally colorful and characteristic. The gently nostalgic "Delta Autumn" provides a striking contrast to "Dry September" and "Barn Burning," which are intensely dramatic. As the editor, Saxe Commins, states in his illuminating Foreword: "These eight stories reflect the deep love and loathing, the tenderness and contempt, the identification and repudiation William Faulkner has felt for the traditions and the way of life of his own portion of the world."

The Story of an Hour and the Awakening

"The Story of an Hour" and "The Awakening" are stories written by Kate Chopin. They are "so lit!"

Kate Chopin *LSU Press*

Kate Chopin was a nationally acclaimed short story artist of the local color school when she in 1899 shocked the American reading public with *The Awakening*, a novel which much resembles *Madame Bovary*. Though the critics praised the artistic excellence of the book, it was generally condemned for its objective treatment of the sensuous, independent heroine. Deeply hurt by the censure, Mrs. Chopin wrote little more, and she was soon forgotten. For decades the few critics who remembered her concentrated on the regional aspects of her work. In the *Literary History of the United States*, where Kate Chopin is highly praised as a local colorist, *The Awakening* is not even mentioned. In recent years, however, a few critics have given new attention to the novel, emphasizing its courageous realism. In the present book, Mr. Seyersted carries out an extensive re-examination of both the life and work of the author, basing it on her total oeuvre. Much new Kate Chopin material, such as previously unknown stories, letters, and a diary, has recently come to light. We can now see that she was a much more ambitious and purposeful writer than we have hitherto known. From the beginning, her special theme was female self-assertion. As each new success increased her self-confidence, she grew more and more daring in her descriptions of emancipated woman who wants to dictate her own life. Mr. Seyersted traces the author's growth as an artist and as a penetrating interpreter of the female condition, and shows how

her career culminated in *The Awakening* and the unknown story 'The Storm.' With these works, which were decades ahead of their time, Kate Chopin takes her place among the important American realist writers of the 1890's.

The Story of an Hour *Joe Books Ltd*

"Knowing that Mrs. Mallard was afflicted with a heart trouble, great care was taken to break to her as gently as possible the news of her husband's death." Upon learning of her husband's death, Louise Mallard considers how this fateful event will change her life, meditating on the ideas of loss, freedom, and the bounds of marriage. Descent into Darkness *Naval Institute Press*

On December 7, 1941, as the great battleships Arizona, Oklahoma, and Utah lie paralyzed and burning in the aftermath of the Japanese attack on Pearl Harbor, a crack team of U.S. Navy salvage divers headed by Edward C. Raymer are hurriedly flown to Oahu from the mainland. The divers have been given a Herculean task: rescue the sailors and Marines trapped below, and resurrect the pride of the Pacific fleet. Now for the first time, the chief diver of the Pearl Harbor salvage operations, Cmdr. Edward C. Raymer, USN (Ret.), tells the whole story of the desperate attempts to save crewmembers caught inside their sinking ships. *Descent into Darkness* is the only book available that describes the raising and salvage operations of sunken

battleships following the December 7th attack. Once Raymer and his crew of divers entered the interiors of the sunken shipwrecks—attempting untested and potentially deadly diving techniques—they experienced a world of total blackness, unable to see even the faceplates of their helmets. By memorizing the ships’ blueprints and using their sense of touch, the divers groped their way hundreds of feet inside the sunken vessels to make repairs and salvage vital war material. The divers learned how to cope with such unseen dangers as falling objects, sharks, the eerie presence of floating human bodies, and the constant threat of Japanese attacks from above. Though many of these divers were killed or seriously injured during the wartime salvage operations, on the whole they had great success performing what seemed to be impossible jobs. Among their credits, Raymer’s crew raised the sunken battleships USS West Virginia, USS Nevada, USS California. After Pearl Harbor they moved on to other crucial salvage work off Guadalcanal and the sites of other great sea battles.

Class and Community *Harvard University Press*

In this twenty-fifth anniversary edition of his prize-winning book, Dawley reflects once more on labor and class issues, poverty and progress, and the contours of urban history in the city of Lynn, Massachusetts, during the rise of industrialism in the early nineteenth century. He not only revisits this urban conglomeration, but also seeks out previously unheard groups such as women and blacks. The result is a more rounded portrait of a small eastern city on the verge of becoming modern.
