Organizational innovation is understood to encompass processes which lead to the establishment or adoption of new production and management models, not only for production but also for tangible and intangible resources. The organizational innovation concept is part of the concept of innovation and development, and accentuates new ideas and the propensity for change within organizations.

What is Organizational Innovation | IGI Global

Abstract. There is a growing interest in the role of social enterprises and third sector organisations in delivering a range of services and many claims made about their innovative potential. There is therefore a need to examine the approaches to innovation. This paper examines the different sources of innovation amongst third sector organisations that are involved in social enterprise activity.
