The Allegory of the Cave *Strelbytskyy Multimedia Publishing*

The Allegory of the Cave, or Plato's Cave, was presented by the Greek philosopher Plato in his work Republic (514a-520a) to compare "the effect of education (παίδεια) and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b-509c) and the analogy of the divided line (509d-511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d-534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

Beyond the Cave

A Philosopher's Quest for Truth *John Hunt Publishing*

Truth is increasingly marginalized. Powerful news interests, social media and political orators all seem to point to the idea that the days of absolute Truth are past. Religions have always claimed to stand for a transcendent dimension to reality and to the idea of an absolute claim to Truth but, in the West, religion has been and is declining in influence. Fundamentalism is on the rise and this, combined with relativism, contributes to the current malaise. Peter Vardy has a passionate commitment to helping people think about key issues deeply, yet writes in a lucid and clear style. In *Beyond the Cave* he explains why claims to absolute Truth have become severely eroded but he also charts a way forward.

Blind Descent

The Quest to Discover the Deepest Place on Earth *Random House*

"Heart-stopping and relentlessly gripping. Tabor takes us on an odyssey into unfathomable worlds beneath us, and into the hearts of rare explorers who will do anything to get there first."—Robert Kurson, author of *ShadowDivers* In 2004, two great scientist-explorers attempted to find the bottom of the world. American Bill Stone took on the vast, deadly Cheve Cave in southern Mexico. Ukrainian Alexander Klimchouk targeted Krubera, a freezing nightmare of a supercave in the war-torn former Soviet republic of Georgia. Both men spent months almost two vertical miles deep, contending with thousand-foot drops, raging whitewater rivers, monstrous waterfalls, mile-long belly crawls, and the psychological horrors produced by weeks in absolute darkness, beyond all hope of rescue. Based on his unprecedented access to logs and journals as well as hours of personal interviews, James Tabor has crafted a thrilling exploration of man's timeless urge to discover—and of two extraordinary men whose pursuit of greatness led them to the heights of triumph and the depths of tragedy. *Blind Descent* is an unforgettable addition to the classic literature of true-life adventure, and a testament to human survival and endurance. "Holds the reader to his seat, containing dangers aplenty with deadly falls, killer microbes, sudden burial, asphyxiation, claustrophobia, anxiety, and hallucinations far underneath the ground in a lightless world. Using a pulse-pounding narrative, this

is tense real-life adventure pitting two master cavers mirroring the cold war with very uncommonly high stakes."—Publishers Weekly (starred review) "A fascinating and informative introduction to the sport of cave diving, as well as a dramatic portrayal of a significant man-vs.-nature conflict. . . . What counts is Tabor's knack for maximizing dramatic potential, while also managing to be informative and attentive to the major personalities associated with the most important cave explorations of the last two decades."—Kirkus Reviews

Short Fictions and Disturbances *Harper Collins*

Multiple award winning, #1 New York Times bestselling author Neil Gaiman returns to dazzle, captivate, haunt, and entertain with this third collection of short fiction following *Smoke and Mirrors* and *Fragile Things*—which includes a never-before published *American Gods* story, "Black Dog," written exclusively for this volume. Here is a rich cornucopia of horror and ghosts stories, science fiction and fairy tales, fabulism and poetry that explore the realm of experience and emotion. In *Adventure Story*—a thematic companion to *The Ocean at the End of the Lane*—Gaiman ponders death and the way people take their stories with them when they die. His social media experience *A Calendar of Tales* are short takes inspired by replies to fan tweets about the months of the year—stories of pirates and the March winds, an igloo made of books, and a Mother's Day card that portends disturbances in the universe. Gaiman offers his own ingenious spin on Sherlock Holmes in his award-nominated mystery tale *The Case of Death and Honey*. And *Click-Clack the Rattlebag* explains the creaks and clatter we hear when we're all alone in the darkness. A sophisticated writer whose creative genius is unparalleled, Gaiman entrances with his literary alchemy, transporting us deep into the realm of imagination, where the fantastical becomes real and the everyday incandescent. The New York Times bestselling author of *The Wait* and "spiritual teacher for our times" (Oprah Winfrey) frankly and openly explores why men behave the way they do and what everyone—men and women alike—need to know about it. We hear it all the time. Men cheat. Men love power. Men love sex. Men are greedy. Men are dogs. But is this really the truth about men? In this groundbreaking book, DeVon Franklin dishes the real truth by making the compelling case that men aren't dogs but all men share the same struggle. He provides the manual for how men can change, both on a personal and a societal level by providing practical solutions for helping men learn how to resist temptation, how to practice self-control, and how to love. But *The Truth About Men* isn't just for men. DeVon tells female readers everything they need to know about men. He offers women a real-time understanding of how men's struggles affect them, insights that can help them navigate their relationships with men and information on how to heal from the damage that some misbehaving men may have inflicted. This book is a raw, informative, and accessible look at an issue that threatens to tear our society apart yet it offers a positive way forward for men and women alike.

Lost in the Valley of Death

A Story of Obsession and Danger in the Himalayas *HarperCollins*

"By patient accumulation of anecdote and detail, Rustad evolves Shetler's story into something much more human, and humanly tragic, into a layered inquisition and a reportorial force....suffice it to say Rustad has done what the best storytellers do: tried to track the story to its last twig and then stepped aside." —New York Times Book Review In the vein of Jon Krakauer's *Into the Wild*, a riveting work of narrative nonfiction centering on the unsolved disappearance of an American backpacker in India—one of at least two dozen tourists who have met a similar fate in the remote and storied Parvati Valley. For centuries, India has enthralled westerners looking for an exotic getaway, a brief immersion in yoga and meditation, or in rare cases, a true pilgrimage to find spiritual revelation. Justin Alexander Shetler, an inveterate traveler trained in wilderness survival, was one such seeker. In his early thirties Justin Alexander Shetler, quit his job at a tech startup and set out on a global journey: across the United States by motorcycle, then down to South America, and on to the

Philippines, Thailand, and Nepal, in search of authentic experiences and meaningful encounters, while also documenting his travels on Instagram. His enigmatic character and magnetic personality gained him a devoted following who lived vicariously through his adventures. But the ever restless explorer was driven to pursue ever greater challenges, and greater risks, in what had become a personal quest—his own hero’s journey. In 2016, he made his way to the Parvati Valley, a remote and rugged corner of the Indian Himalayas steeped in mystical tradition yet shrouded in darkness and danger. There, he spent weeks studying under the guidance of a sadhu, an Indian holy man, living and meditating in a cave. At the end of August, accompanied by the sadhu, he set off on a “spiritual journey” to a holy lake—a journey from which he would never return. Lost in the Valley of Death is about one man’s search to find himself, in a country where for many westerners the path to spiritual enlightenment can prove fraught, even treacherous. But it is also a story about all of us and the ways, sometimes extreme, we seek fulfillment in life. Lost in the Valley of Death includes 16 pages of color photographs.

The Origins of the Koran

Classic Essays on Islam's Holy Book *Prometheus Books*

This volume rejects the notion that Islam's sacred text is error free and cannot be critically evaluated. The study of the Koran must develop and mature. Scholars of Islam are of course familiar with the book's many errors and contradictions, but these inherent flaws have rarely been revealed to a wider public. The Origins of the Koran is an attempt to remedy this deficiency by bringing together classic critical essays which raise key issues surrounding Islam's holy book. Divided into four parts, this important anthology begins with Theodor Nöldeke's first truly scientific study of the Koran. Part Two focuses on the difficulty of establishing a reliable Koranic text, while Part Three examines the Jewish, Christian, and Zoroastrian sources of Muhammad's revelation. Part Four is a consideration of the controversial interpretations of contemporary scholar John Wansbrough, who questions the historical reliability of the earliest Islamic sources. This superb collection, which includes additional selections from Leone Caetani, Arthur Jeffery, David Margoliouth, Andrew Rippin, C.C. Torrey, and more, will prove indispensable to scholars and all those interested in the textual underpinning of one of the fastest growing religions in the world. Ibn Warraq is the highly acclaimed author of *Why I Am Not a Muslim* and *Defending the West*. He is also the editor of *The Origins of the Koran*, *What the Koran Really Says*, *Leaving Islam*, *The Quest for the Historical Muhammad*, and *Which Koran*.

A Ragamuffin Christmas

What if you had been there on the night that Jesus was born? What if you could have held the infant Son of God, when He was only a few minutes old? How would it feel to have God Himself in your arms, vulnerable, approachable, and unassuming? In "A Ragamuffin Christmas" Craig Daliessio provides just that view of the Nativity. Far from the usual retelling of a baby, some shepherds, and the Virgin Mary; this is the story of criminals, broken hearted moms, scandalous characters, and legendary Saints, each granted their own visit with the newborn King of Kings. The people and images are unmistakable...and the result of each interaction is life changing. This is the Christmas story as it's never been told before.

Kids to the Rescue

Adventures in Mammoth Cave

This book is for children ages 9 and up, and it also appeals to adults as did the Laura Ingalls Wilder and Harry Potter stories.

The kids from the previous book, *The Cave of Healing*, arrive at Mammoth Cave and are soon confronted with big problems. Because these kids can magically reduce their size to even an inch tall, they become the heroes of the Cave's search and rescue operations. The author was assisted by Mammoth cave explorers and the Cave staff in getting the geology, geography, speleology, and hydrology of the Cave right, as well as authentic actions of cave guides and rescue teams. Roger Brucker, one of the most famous cave explorers in the world, said, "This is a gripping tale, full of fun and adventure." *Midwest Book Review* calls it "An engrossing story to delight readers of all ages."

Gray *Createspace Independent Publishing Platform*

A dense black cloud boiled up in the southeastern sky. It rose high and fast, like a time-lapse movie of the birth of a thunderhead. But it was no rain cloud. Wholly black, it reached up and up until it loomed over her, blocking out the sun. Somehow, she knew, it was Death coming for her. Pre-med student Coral is on vacation in Idaho when something terrible happens. The black cloud is followed by a wildfire and searing heat that lasts for days. She survives deep in a cave but emerges days later to find the world transformed, with blackened trees, an ash-filled sky, and no living creatures stirring--except for her. So begins her desperate journey: to find water, and food, and other survivors...and the answer to the mystery of what happened. *Gray I* is the first novel in a series.

Spice and Little Sugar *M&M Ink*

Having a little sister isn't always a picnic. Older sisters may feel jealous of the time taken away from them, the toys they have to share, and the attention focused on the youngest member of their family. Getting along is often a day-to-day battle, but what can parents do to make this situation easier and to help children realize how special it is to have a sister? In *Spice & Little Sugar*, the delightful new children's book about sibling rivalry, authors Megan Waldrep and Melissa Nelson show big sisters the big benefits, responsibilities, and absolute joys of their role. Told in a whimsical rhyme that children will love to read aloud, *Spice & Little Sugar* first humorously relates all the ways Little Sugar gets on Spice's nerves, from grabbing her favorite toys to sticking to her like glue when Spice wants to be left alone. But gradually Spice comes to realize that Little Sugar does have her good points, including sticking up for her when she gets in trouble with their parents and saving the day with her cute face. Parents will love the warm, gentle lessons the book teaches about understanding how positives can outweigh negatives, and kids will laugh at the playful illustrations and funny story. The perfect book for siblings, *Spice & Little Sugar* can be read and enjoyed by the whole family, time and time again.
