"Financial Regulation: Law and Policy" by University of ...

Financial regulation is a form of regulation or supervision, which subjects financial

institutions to certain requirements, restrictions and guidelines, aiming to maintain the stability and integrity of the financial system. This may be handled by either a government or non-government organization. Financial regulation has also influenced the structure of banking sectors by increasing the variety of financial products available.

Financial regulation - Wikipedia

Financial regulations are laws that govern banks, investment firms, and insurance companies. They protect you from financial risk and fraud. But they must be balanced with the need to allow capitalism to operate efficiently. As a matter of policy,

Democrats advocate more regulations.

Current Research. I have two main areas of research interest. The first is consumer protection law and policy. Within this broad area, I am particularly interested in how we protect consumers (for example what types of law we use and how well they work) and in why we protect consumers in the way(s) we do. My second main area of interest in Financial Services Law and Regulation.
