Introducing the World Council of Churches *World Council of Churches*

Introducing the World Council of Churches *World Council of Churches*

What is the World Council of Churches? This illustrated introduction answers that question. It explores the WCC's nature as a 'fellowship of churches', the areas and concerns which are the focus of the Council's programmes, the major events of its history, the contribution it has made to Christian thought, and its relations with churches and other organizations. The final chapter asks whether the World Council really matters, and includes discussion of criticisms levelled against it.

The Genesis and Formation of the World Council of Churches

The book ends with a chapter on the 1950 statement by the Council's central committee, "The church, the churches and the WCC", which remains a key document on how the WCC understands its own identity and role.

Has Globalization Gone Too Far? *Columbia University Press*

Globalization is exposing social fissures between those with the education, skills, and mobility to flourish in an unfettered world market—the apparent "winners"—and those without. These apparent "losers" are increasingly anxious about their standards of living and their precarious place in an integrated world economy. The result is severe tension between the market and broad sectors of society, with governments caught in the middle. Compounding the very real problems that need to be addressed by all involved, the knee-jerk rhetoric of both sides threatens to crowd out rational debate. From the United States to Europe to Asia, positions are hardening. Dani Rodrik brings a clear and reasoned voice to these questions. Has Globalization Gone Too Far? takes an unblinking and objective look at the benefits—and risks—of international economic integration, and criticizes mainstream economists for downplaying its dangers. It also makes a unique and persuasive case that the "winners" have as much at stake from the possible consequences of social instability as the "losers." As Rodrik points out, ". . . social disintegration is not a spectator sport—those on the sidelines also get splashed with mud from the field. Ultimately, the deepening of social fissures can harm all." President Clinton read the book and it provided the conceptual basis for the trade/IMF portions of his State of the Union message in January 1998.

The World Council of Churches & Politics, 1975-1986 *University Press of Amer*

Churches today sometimes resemble political institutions more than religious ones. In particular, major ecumenical organizations like the National Council of Churches (NCC), and the Geneva-based World Council of Churches (WCC) are becoming increasingly politicized. To be sure, they do have a long tradition of political pronouncements, but never have their statements been so controversial and so much under attack as they are today. Many people in the pew as well as many outsiders feel that current "church politics" testify to biased political attitudes of a church elite that has stopped taking its critics seriously. With its more than 300 member churches, the WCC supposedly speaks for non-Catholic Christendom. Many in the WCC's member churches, however, are critical of or indifferent to it and if afforded the chance to hear what is pronounced in their name they would, no doubt, raise their voices in strong protest. Many have already done so.

Beyond the East-West Divide

The World Council of Churches and "the Orthodox Problem" *World Council of Churches*

Orthodox participation in the World Council of Churches has always been a paradox -- enthusiastically committed and yet plagued by complaints. This situation has lately reached crisis proportions: two Orthodox churches have withdrawn their membership; more threaten to follow. Is this an 'Orthodox problem'? Or is there something fundamentally wrong with the ecumenical machinery? In this book, two theologians -- one an Orthodox and one a Lutheran -- engage in an extended dialogue to illumine some of the issues and possible ways forward. The issues they discuss fall squarely within the agenda of the Special Commission on Orthodox Participation in the WCC, which was created in Harare in 1998.

The Oxford Handbook of Ecumenical Studies *Oxford University Press*

This Handbook offers an authoritative guide to ecumenical history, information, and reflection. With essay contributions by nearly fifty experts in their various fields, the volume is a major resource for all who are involved or interested in ecumenical work for reconciliation between Christians and for the unity of the Church.

The Europa Directory of International Organizations 2021 *Routledge*

The Europa Directory of International Organizations 2021 serves as an unequalled one-volume guide to the contemporary international system. Within a clear, unique framework the recent activities of all major international organizations are described in detail. Given alongside extensive background information the reader is able to assess the role and evolving functions of these organizations in today's world. The contact details, key personnel and activities of more than 2,000 international and regional entities have again been thoroughly researched and updated for this 23rd edition. Highlights in this edition include: - a fully revised Who's Who section with biographical details of the key players in the international system. - the response of the international community to crises and conflicts throughout the world. - specially-commissioned introductory essays cover topics including global environmental governance, transboundary water management, and multilateral governance and global action on health.

The Church

Towards a Common Vision *World Council of Churches*

What can we say together about the Church of the Triune God in order to grow in communion, to struggle together for justice and peace in the world, and to overcome together our past and present divisions? This book proposes a remarkable answer to this question. Produced by theologians from the widest range of Christian traditions and cultures, The Church addresses first the Church's mission, unity, and its being in the Trinitarian life of God. It then addresses our growth in communion -- in apostolic faith, sacramental life, and ministry -- as churches called to live in and for the world.

The Story of the World Council of Churches Fourth Assembly, Uppsala, Sweden, 4-19 July 1968

The Orthodox Churches in the World Council of Churches

Towards the Future *World Council of Churches*

As a contribution to the study process 'Towards a Common Understanding and Vision of the World Council of Churches', this book calls on Orthodox Christians to take stock of their ecumenical experience and renew their commitment to the unity of the church as "a joint effort of drawing nearer to Christ and carrying his cross together". By doing so, the author believes, they will make a dynamic and essential contribution to the life of the WCC in the 21st century. The book explores the biblical and theological presuppositions of and requirements for visible unity, and draws on a wide range of documents, books and articles by Orthodox leaders to suggest a way forward. In his concluding chapter, the author looks at 'hierarchy of truths' as a method in the quest for unity; the implications of Orthodox canon law for ecumenism; and recent proposals for a 'pre-conciliar' gathering of all churches to mark the dawning of a new millennium.

Ecumenism Means You, Too

Ordinary Christians and the Quest for Christian Unity *Wipf and Stock Publishers*

By all accounts, the modern ecumenical movement is not moving much these days. Despite dramatic breakthroughs in the past few decades, the quest for a visibly united church--in which there is common confession of the apostolic faith, full Eucharistic communion, and mutual recognition of members and ministers--now meets with indifference by many, impatience by some, and outright hostility by others. In part, this is because the movement has not given enough attention to grassroots ecumenical engagement. This book is written to convince ordinary Christians, especially young Christian adults, that they too have a stake in the future of the ecumenical movement as its most indispensable participants. Ecumenism Means You, Too draws on the music of Irish rock band U2 to cast artistic light on various aspects of the quest for Christian unity. Whether one is a U2 fan or not, and whether one thinks the ecumenical movement is a good thing or a bad thing for the church, everyone who reads this book will learn something about the Christian theological framework apart from which neither the modern ecumenical movement nor the meaning of U2's music can be understood. The book includes an annotated bibliography of resources for ecumenical engagement and a glossary of key ecumenical terms for readers who want to learn more about the Christian practice of seeking the unity of the church.

Separate introductions indicate clearly the status of the statements in terms of their adoption by a governing or advisory body.

The Story of the World Council of Churches

Economy of Life

Linking Poverty, Wealth and Ecology

The enormous economic changes of recent years have highlighted problematic aspects and disturbing trends in our prevailing economic system. It will never be able to eradicate poverty nor safeguard God's wondrous creation. This slim volume chronicles the important work that the World Council of Churches has undertaken to understand the crucial connections between poverty, wealth and ecology. It also proposes ways to bring about a just, participatory and sustainable economic system, in which all human beings, other living creatures and our planetary home are cared for. Written for churches and the ecumenical family, it is designed to enable them to address these critical issues in their life and work as an imperative of faith.

Eastbound Ecumenism

A Collection of Essays on the World Council of Churches and Eastern Europe *University Press of Amer*

This volume examines the problem of East-West ecumenical relations. While this problem has strongly affected European ecumene, the World Council of Churches no longer considers it among its top priorities. Yet, the various social and political problems in our divided world are closely related. The author appeals to his audience to study the relationship between Eastern churches' political and ideological limitations and their ecumenical activities. Co-published with the Interuniversity Institute for Missiological and Ecumenical Research.

World Council of Churches

What it Is, what it Does, and what it Means for the Christian World

Dietrich Bonhoeffer's Ecumenical Quest

"This book aims to show how and why for Dietrich Bonhoeffer, from the conclusion of his student years in Berlin to his death on the Nazi gallows at Flossenbürg, the ecumenical movement was central to his concerns. Of course during these years he fulfilled several distinct roles: academic theologian and teacher, leading protagonist for the Confessing Church, pastor, seminary director and - most dramatically and controversially - willing participant in the German resistance and the conspiracy to overthrow Hitler. But it is his commitment and active involvement in the ecumenical movement that forms the most continuous thread of his life and activity, and links all his various engagements. Equally, the challenge that he laid down to that movement in his time remains a legacy which has still to be fully claimed by the ecumenical world today." -- from the Preface [Subject: Religious Studies, Christianity, Biography]

Statements of the World Council of Churches on social questions

World Council of Churches

The records were collected by William G. Rusch, director for ecumenical relations of the Division for World Mission and Ecumenism (DWME) of the Lutheran Church in America (LCA) from 1979-1987. Part of the LCA ecumenical role was membership in the World Council of Churches (WCC), headquartered in Geneva, Switzerland.
