Discourse Markers List with Examples, Types and Uses

A discourse marker is a particle (such as oh, like, and you know) that is used to direct or redirect the flow of conversation without adding any significant paraphrasable meaning to the discourse . Also known as DM, discourse particle, discourse connective, pragmatic marker, or pragmatic particle. In most cases, discourse markers are syntactically independent: that is, removing a marker from a sentence still leaves the sentence structure intact.

Definition and Examples of Discourse Markers

Discourse markers organise longer pieces of conversation or text. They can mark the openings or closings of conversations, changes in topics, and other functions connected with organising a conversation or text. Most discourse markers belong to the class of adverbs.
