There is no advantage for the SAS, SBS, U.S. Delta Force or other special forces to describe their combat fighting systems for potential opponents to study. Since these and similar units around the world are the most selective and highly trained, it is likely that they use the most effective, up-to-date and well-tested hand-to-hand combat techniques they can develop.

The Best Combat Fighting Styles | SportsRec

Elite units such as special forces and commando units tend to place higher emphasis on hand-to-hand combat training. Although hand-to-hand fighting was accorded less importance in major militaries after World War II , insurgency conflicts such as the Vietnam War , low intensity conflict and urban warfare have prompted many armies to pay more

attention to this form of combat.

U.S. Army Hand-to-Hand Combat Handbook An older Army manual. It features the curriculum that

incorporated the BJJ and MMA influences that have now been discarded. There's a lot more in it than ground fighting, of course. U.S. Marines Close-quarter Combat Manual Another manual, one that predates the previous. This curriculum is much closer to the original WWII combatives and doesn't have the BJJ influences.

The myth of military hand-to-hand combat systems

Still, the enemy gets a vote and if they want to fight hand-to-hand, America is willing to oblige. Using the major "weapons of the body" as well as grappling techniques, troops jockey for position and then strike any soft spots they can find, hurting, crippling, or killing the enemy.
