On the front of the lid, push in the numbered buttons that are in your combination. You will notice each button will CLICK as it is pressed. Press down on the OPEN button. If the combination is set correctly, the OPEN button will slide down fully.

KeySafe Code Setting Instructions. - Davstar Security

A friend of mine has one of these boxes that he uses on property that he has in construction but he can't recall the combination. It is not on a property now but is useless to him without the combination. Since they are not cheap, he would like to be able to get it open. Drilling would be considered BUT only if it can be re-used of course. Some sort of non-destructive method would be preferred.
