Corel Draw Guidelines

Guidelines are lines that can be placed anywhere in the drawing window to aid in object placement. In some applications, guidelines are known as guides. There are three types of guidelines: horizontal, vertical, and angled. By default, the application displays guidelines that you add to the drawing window, but you can hide them at any time.

Corel Draw Guidelines

Double click shows the guidelines docker if it is not currently displayed. But if the guidelines docker is already displayed but hidden by another docker, it does not bring it to the front. I think this is wrong. Double clicking on a guideline should always result in the guidelines docker being onscreen and brought to the front.
