We Want Everything

A Novel *Verso Books*

Explosive novel of Italy's revolutionary 1969 by leading Italian novelist It was 1969, and temperatures were rising across the factories of the north as workers demanded better pay and conditions. Soon, discontent would erupt in what became known as Italy's "Hot Autumn." A young worker from the impoverished south arrives at Fiat's Mirafiori factory in Turin, where his darker complexion begins to fade from the fourteen-hour workdays in sweltering industrial heat. He is frequently late for

work, and sells his blood when money runs low. He fakes a crushed finger to win sick leave. His bosses try to withhold his wages. Our cynical, dry-witted narrator will not bend to their will. "I want everything, everything that's owed to me," he tells them. "Nothing more and nothing less, because you don't mess with me." Around him, students are holding secret meetings and union workers begin halting work on the assembly lines, crippling the Mirafiori factory with months of continuous strikes. Before long, barricades line the roads, tear gas wafts into private homes, and the slogan "We Want Everything" is ringing through the streets. Wrought in spare and measured prose, Balestrini's novel depicts an explosive uprising. Introduced by Rachel Kushner, the

author of the best-selling *The Flamethrowers*, *We Want Everything* is the incendiary fictional account of events that led to a decade of revolt.

How to Be Everything

A Guide for Those Who (Still) Don't Know What They Want to Be When They Grow Up *HarperCollins*

What do you want to be when you grow up? It's a familiar question we're all asked as kids. While seemingly harmless, the question has unintended consequences. It can make you feel like you need to choose one job, one passion, one thing to be about. Guess what? You don't. Having a lot of different interests, projects and curiosities doesn't make you a "jack-of-all-trades, master of

none." Your endless curiosity doesn't mean you are broken or flaky. What you are is a multipotentialite: someone with many interests and creative pursuits. And that is actually your biggest strength. *How to Be Everything* helps you channel your diverse passions and skills to work for you. Based on her popular TED talk, "Why some of us don't have one true calling", Emilie Wapnick flips the script on conventional career advice. Instead of suggesting that you specialize, choose a niche or accumulate 10,000 hours of practice in a single area, Wapnick provides a practical framework for building a sustainable life around ALL of your passions. You'll discover:

- Why your multipotentiality is your biggest strength, especially in today's uncertain job market.
- How to make a living and

structure your work if you have many skills and interests. • How to focus on multiple projects and make progress on all of them. • How to handle common insecurities such as the fear of not being the best, the guilt associated with losing interest in something you used to love and the challenge of explaining "what you do" to others. Not fitting neatly into a box can be a beautiful thing. How to Be Everything teaches you how to design a life, at any age and stage of your career, that allows you to be fully you, and find the kind of work you'll love.

The Happiness Equation

Want Nothing + Do Anything = Have Everything *Penguin*

The #1 international bestseller from the

author of The Book of Awesome that "reveals how all of us can live happier lives" (Gretchen Rubin). What is the formula for a happy life? Neil Pasricha is a Harvard MBA, a New York Times-bestselling author, a Walmart executive, a father, a husband. After selling more than a million copies of the Book of Awesome series, wherein he observed the everyday things he thought were awesome, he now shifts his focus to the practicalities of living an awesome life. In his new book The Happiness Equation, Pasricha illustrates how to want nothing and do anything in order to have everything. If that sounds like a contradiction in terms, you simply have yet to unlock the 9 Secrets to Happiness. Each secret takes a piece out of the core of common sense, turns it on

its head to present it in a completely new light, and then provides practical and specific guidelines for how to apply this new outlook to lead a fulfilling life. Once you've unlocked Pasricha's 9 Secrets, you will understand counter intuitive concepts such as: Success Does Not Lead to Happiness, Never Take Advice, and Retirement Is a Broken Theory. You will learn and then master three brand-new fundamental life tests: the Saturday Morning Test, The Bench Test, and the Five People Test. You will know the difference between external goals and internal goals and how to make more money than a Harvard MBA (hint: it has nothing to do with your annual salary). You will discover that true wealth has nothing to do with money, multitasking is a myth, and the

elimination of options leads to more choice. The Happiness Equation is a book that will change how you think about pretty much everything—your time, your career, your relationships, your family, and, ultimately, of course, your happiness.

That College Book**Everything Nobody Told Us about Life After High School** *Createspace Independent Publishing Platform*

In high school, everyone's talking about college. What to do. Where to go. Why it's important. Classes are given on it.

Books are written about it. But details get left out. Every year, college graduates learn this the hard way as they step into adulthood. I was one of them. After earning a four-year degree, I went through two of the worst years of my life. Not that my situation is unique. I am a part of a generation that was told to go to college first and sort out the details later. Most of us did. We chased the promise of a big shiny future, and we ended up being chased by the mistakes of our past. That's not to say we completely regretted going. This book isn't a list of privileged millennial complaints. It's a collection of wisdom gained in less than pleasant ways. It's a story of hardship, failure, victory, and perseverance. It's all of the things we wish someone had told us. And it takes

place before college, in college, after college, and without college. This is the wild, painful, awkward, hilarious, depressing, & beautiful journey from youth to maturity. This is the college book that no one ever gave us.

Everything You Want to Know about the Bible

Well...Maybe Not Everything but Enough to Get You Started

Zondervan

It's the bestselling book ever. It's been

translated into more than 2,000 languages. It's changed people's lives around the world. No, it's not *Thin Thighs* in 30 Days . . . it's the Bible! Yet the Bible remains about as well-understood to many people as your typical software license agreement—and about as exciting. That's too bad, because the Bible is exciting, and it doesn't have to be a mystery. Whether you're new to the Bible and think the book of Job is a guide to finding the perfect career, or your rusty Bible knowledge needs a spit-and-polish, or you just want a fresh look at the book you've read so many times, this is the book for you. No dry theological treatise, it's written in an engaging, humorous style you will enjoy. In short, readable chapters, the authors first answer some basic questions: Who

wrote the Bible? Is it accurate? How do you find your way around it? And how did Noah fit all those animals into the ark anyway? (Well, maybe not that, but there's still plenty of trivia in there.) Then they take you on a guided tour from Genesis to Revelation, summarizing important people, events, and themes. You'll get a good foundation for understanding and an excitement for reading this most important of books, the Bible. "The title says it all! It's an inspiring trailer for the Best Book in the World. Read it front to back or just dip in—either way it does the biz." —Rob Lacey, author of the word on the street, actor and broadcaster

Everything She Thought She Wanted *Penguin*

Elizabeth Buchan's beloved bestsellers, *Revenge of the Middle-Aged Woman* and *The Good Wife Strikes Back*, have made her an icon of upmarket women's fiction. Taking her characteristic wit and

emotional resonance to a new level, her latest novel focuses on two lives separated by forty years of history. In 1959, a forty-something married mother finds herself immersed in a surprisingly passionate affair with a younger man, while in the present, a professional woman faces a daunting choice between her blossoming career and her husband's desire for children. Mirroring each other in surprising ways, these twin stories offer a deliciously readable funny and moving look at the battle of the sexes across time—and deliver another smart, nuanced novel for Elizabeth Buchan's growing fans.

Everything You Always Wanted to Know about God (But Were Afraid to Ask)

The Jesus Edition *Baker Books*

We all have questions about Jesus, but very few of us get the answers we're looking for--if the answers even exist! New York Times bestselling author Eric Metaxas understands how hard it can be to get hard truths, which is why he wrote this hilarious, entertaining guide to the most influential individual to have ever lived on the face of the earth. Like his previous books in this style, *Everything You Always Wanted to Know About God* is a book that takes questions about the Son of God seriously enough to get silly--where appropriate. Metaxas covers questions about Jesus' life (Did he live at all?), his death, (If he truly was the Son of God, why did he have to die?), his resurrection, (Did Jesus really come back after death?), and much more.

We Want Everything

A Novel *Verso Books*

Explosive novel of Italy's revolutionary 1969 by leading Italian novelist It was 1969, and temperatures were rising across the factories of the north as workers demanded better pay and conditions. Soon, discontent would erupt in what became known as Italy's "Hot Autumn." A young worker from the impoverished south arrives at Fiat's Mirafiori factory in Turin, where his darker complexion begins to fade from the fourteen-hour workdays in sweltering industrial heat. He is frequently late for work, and sells his blood when money runs low. He fakes a crushed finger to win sick leave. His bosses try to withhold his wages. Our cynical, dry-witted

narrator will not bend to their will. "I want everything, everything that's owed to me," he tells them. "Nothing more and nothing less, because you don't mess with me." Around him, students are holding secret meetings and union workers begin halting work on the assembly lines, crippling the Mirafiori factory with months of continuous strikes. Before long, barricades line the roads, tear gas wafts into private homes, and the slogan "We Want Everything" is ringing through the streets. Wrought in spare and measured prose, Balestrini's novel depicts an explosive uprising. Introduced by Rachel Kushner, the author of the best-selling *The Flamethrowers*, *We Want Everything* is the incendiary fictional account of events that led to a decade of revolt.

Everything You Always Wanted to Know about Literature but Were Afraid to Ask Žižek

SIC 10 *Duke University Press*

Challenging the widely-held assumption that Slavoj Žižek's work is far more germane to film and cultural studies than to literary studies, this volume demonstrates the importance of Žižek to literary criticism and theory. The contributors show how Žižek's practice of reading theory and literature through one another allows him to critique, complicate, and advance the understanding of Lacanian psychoanalysis and German Idealism, thereby urging a rethinking of historicity and universality. His methodology has implications for analyzing literature

across historical periods, nationalities, and genres and can enrich theoretical frameworks ranging from aesthetics, semiotics, and psychoanalysis to feminism, historicism, postcolonialism, and ecocriticism. The contributors also offer Žižekian interpretations of a wide variety of texts, including Geoffrey Chaucer's *Troilus and Criseyde*, Shakespeare's *The Merchant of Venice*, Samuel Beckett's *Not I*, and William Burroughs's *Nova Trilogy*. The collection includes an essay by Žižek on subjectivity in Shakespeare and Beckett. *Everything You Always Wanted to Know about Literature but Were Afraid to Ask Žižek* affirms Žižek's value to literary studies while offering a rigorous model of Žižekian criticism. Contributors: Shawn Alfrey, Daniel Beaumont, Geoff

Boucher, Andrew Hageman, Jamil Khader, Anna Kornbluh, Todd McGowan, Paul Megna, Russell Sbriglia, Louis-Paul Willis, Slavoj Žižek

Everything I Want to Eat

Sqirl and the New California Cooking
Abrams

****Selected as Eater's 2016 Cookbook of the Year**** ****iBooks Best of 2016 Selection**** The debut cookbook from

Jessica Koslow, award-winning chef of LA's popular restaurant Sqirl, featuring more than 100 fresh, market-driven, healthy, and flavorful recipes. Jessica Koslow and her restaurant, Sqirl, are at the forefront of the California cooking renaissance, which is all about food that surprises us and engages all of our senses—it looks good, tastes vibrant, and feels fortifying yet refreshing. In *Everything I Want to Eat*, Koslow shares 100 of her favorite recipes for health-conscious but delicious dishes, all of which always use real foods—no fake meat or fake sugar here—that also happen to be suitable for vegetarians, vegans, or whomever you're sharing your meal with. The book is organized into seven chapters, each featuring a collection of recipes centered on a key

ingredient or theme. Expect to find recipes for dishes Sqirl has become known for, as well as brand-new seasonal flavor combinations, including: Raspberry and cardamom jam Sorrel-pesto rice bowl Burnt brioche toast with house ricotta and seasonal jam Lamb merguez, cranberry beans, roasted tomato, and yogurt cheese Valrhona chocolate fleur de sel cookies Almond hazelnut milk Koslow lives in LA, where everyone is known to be obsessively health-conscious and where dietary restrictions are the norm. People come into Sqirl and order dishes with all sorts of substitutions and modifications—hold the feta, please, add extra kale. They are looking to make their own healthy adventures. Others may tack breakfast sausage, cured bacon, or Olli's

prosciutto on to their order. So Koslow has had to constantly think about ways to modify dishes for certain diets, which in a way has made her a better, more adaptable cook. Throughout this book, Koslow provides notes and thought bubbles that show how just about any dish can be modified for specific tastes and dietary needs, whether it needs to be gluten-free or vegan. Everything I Want to Eat captures the excitement of the food at Sqirl—think of a classic grilled cheese turned playful with the addition of tomato coriander jam—while also offering accessible recipes, like blood orange upside-down cake, that can be easily made in the home kitchen. Moreover, it's an entirely new kind of cookbook and approach to how we are all starting to think about food, allowing

readers to play with the recipes, combining and shaping them to be nothing short of everything you want to eat.

Insurgency

How Republicans Lost Their Party and Got Everything They Ever Wanted *Crown*

How did the party of Lincoln become the party of Trump? From an acclaimed political reporter for The New York Times comes the definitive story of the mutiny that shattered American politics. “A bracing account of how the party of Lincoln and Reagan was hijacked by gadflies and grifters who reshaped their movement into becoming an anti-

democratic cancer that attacked the U.S. Capitol.”—Joe Scarborough
 Jeremy W. Peters’s epic narrative chronicles the fracturing of the Republican Party. Insurgency is a fantasia-like story of a party establishment that believed it could control the dark energy it helped foment—right up until it suddenly couldn’t. How, Peters asks, did conservative values that Republicans claimed to cherish, like small government, fiscal responsibility, and morality in public service, get completely eroded as an unshakable faith in Donald Trump grew to define the party? The answer is a tale traced across three decades—with new reporting and firsthand accounts from the people who were there—of populist uprisings that destabilized the party. The signs of

conflict were plainly evident for anyone who cared to look. After Barack Obama's election convinced many Republicans that they faced an existential demographics crossroads, many believed the only way to save the party was to create a more inclusive and diverse coalition. But party leaders underestimated the energy and popular appeal of those who would pull the party in the opposite direction. They failed to see how the right-wing media they hailed as truth-telling was warping the reality in which their voters lived. And they did not understand the complicated moral framework by which many conservatives would view Trump, leading evangelicals and one-issue voters to shed Republican orthodoxy if it delivered a Supreme Court that would undo *Roe v.*

Wade. In this sweeping history, Peters details key junctures and episodes to unfurl the story of a revolution from within. Its architects had little interest in the America of the new century but a deep understanding of the iron will of a shrinking minority. With Trump as their polestar, their gamble paid greater dividends than they'd ever imagined, extending the life of far-right conservatism in United States domestic policy into the next half century.
