La guerra dei sette anni

Guerra dei Sette anni *Corriere della Sera*

Il trattato di Aquisgrana del 1748, che concluse la Guerra di Successione austriaca rafforzando l'emergente Stato prussiano, con l'acquisizione della Slesia sottratta agli Asburgo, pose alcune delle premesse per un conflitto che questa volta non fu su questioni dinastiche. La Guerra dei Sette anni fu, infatti, la prima manifestazione di quel "grande gioco" politico-economico, in cui l'Inghilterra avrebbe presto primeggiato, per la supremazia commerciale nei territori

coloniali. Il detonatore fu il controllo delle colonie nordamericane, dove la Francia si andava espandendo. Due coalizioni, ben diverse da quelle precedenti, si scontrarono tra il 1756 e il 1763 in tre continenti: Europa, America e Asia. Da un lato, Austria, Francia, Russia, Polonia e Svezia e, dall'altro, Inghilterra e Prussia. Gli esiti furono nefasti per quasi tutti, soprattutto sui campi di battaglia. Alla Prussia non rimase che la Slesia. Vera vincitrice fu l'Inghilterra, che estese il suo dominio su gran parte del Nord America, a Occidente, e sull'India, a Oriente.

La Guerra Dei Sette Anni *Independently Published*

Questa guerra, che potrebbe essere chiamata Prima Guerra Mondiale, ha contrapposto la Prussia, l'Inghilterra - Hannover e il Portogallo alla Sassonia, alla Francia, alla Spagna, all'Austria, alla Russia e alla Svezia, che combatterono in Europa, Nord America, America del Nord, America Centrale, la costa occidentale dell'Africa, India e Filippine. Ancora una volta, una delle sue cause principali è stata la disputa per l'egemonia tra Francia e Gran Bretagna. Questo conflitto non è stato adeguatamente studiato da alcuni storici, che preferiscono concentrarsi sulla Rivoluzione Francese, su Napoleone Bonaparte e sulla Guerra d'Indipendenza Americana, mentre in realtà tutto questo fu una diretta conseguenza della Guerra dei Sette Anni. Dal 1763 l'Inghilterra emerse sovrana a capo di un potente impero coloniale, conquistata a spese dei territori ceduti dai francesi, mentre nel cuore dell'Europa, il piccolo stato prussiano spinse i suoi vicini a prendere il suo posto come nuova potenza, potente rivale della vecchia monarchia austriaca. Tuttavia, potremmo trascinare

le conseguenze di questa guerra molto più lontano nel futuro, perché il "miracolo" che salvò Federico II nel momento critico della guerra ossessionerà un Hitler sconfitto, che credeva che la storia si sarebbe ripetuta se informato della morte di Roosevelt e della tensione tra l'URSS e i suoi alleati. L'inaspettata vittoria del monarca prussiano 200 anni fa fu un fattore decisivo nella decisione di Hitler di resistere fino all'ultimo momento, presa nel 1945, con tutte le sue conseguenze storiche. Ispirato da Federico, il Führer ha sempre sognato di ricreare l'alleanza con l'Inghilterra, che considerava un paese legato al popolo tedesco. Nel corso della sua carriera, la figura di Federico il Grande sembrava onnipresente nelle decisioni di Hitler. Per tutte queste ragioni, ecco la storia della Guerra dei Sette Anni.

Play the Seven Years' War 1756-1763 - Vol. 2

The Seven Years' War (1756-1763) was a global conflict that spanned five continents, setting off what Winston Churchill later called "the first world war".

Sulle alture di Abraham Soldiershop Publishing

La battaglia combattuta il 13 settembre

1759, sulle alture di Abraham, alle porte di Québec, fu una battaglia epocale: solo la resa del generale Lee ad Appomattox durante la guerra civile americana nel 1865 avrebbe avuto un impatto così tremendo sulla storia del Nord America. La vittoria ottenuta dai francesi sugli inglesi a Sainte-Foy sette mesi dopo, il 28 aprile 1760, non cambiò la situazione del conflitto anglo-francese, parte a sua volta della guerra dei Sette Anni. La storia della Nouvelle France, che si concluse drammaticamente a Québec, era stata una storia epica, eroica e tragica. Fu il primo vasto impero del Nord America, in cui si trovarono a convivere e a collaborare sotto la Corona di Francia i pellerossa di molte nazioni indiane, i coloni europei e i missionari gesuiti. Edizione arricchita da un corposo apparato iconografico. Prefazione di Raimondo Luraghi.

The Boundaries of Europe

From the Fall of the Ancient World to the Age of Decolonisation *Walter de Gruyter GmbH & Co KG*

Europe's boundaries have mainly been shaped by cultural, religious, and political conceptions rather than by geography. This volume of bilingual essays from renowned European scholars outlines the transformation of Europe's boundaries from the fall of the ancient world to the age of decolonization, or the end of the explicit endeavor to "Europeanize" the world. From the decline of the Roman Empire to the polycentrism of today's world, the essays span such aspects as the confrontation of Christian Europe with Islam and the changing role of the Mediterranean from "mare nostrum" to a frontier between nations. Scandinavia, eastern Europe and the Atlantic are also analyzed as boundaries in the context of exploration, migratory movements, cultural exchanges, and war. The

Boundaries of Europe, edited by Pietro Rossi, is the first installment in the ALLEA book series Discourses on Intellectual Europe, which seeks to explore the question of an intrinsic or quintessential European identity in light of the rising skepticism towards Europe as an integrated cultural and intellectual region.

Serenata and Festa Teatrale in 18th Century Europe *Hollitzer Wissenschaftsverlag*

This volume is dedicated to "Serenata and Festa Teatrale in 18th Century Europe", especially to the production of this music-dramatic genre at the courts on the Iberian Peninsula, in Italy, and the Holy Roman Empire where it was an integral part of court ceremonies and a privileged ritual of *repraesentatio maiestatis*. The 16 studies on patrons and artists, exceptional events and local traditions, reveal highly interesting material for the research on these up to now largely neglected genre. Any approach to these works full of metaphors, symbols and allusions has to take into account the context of the celebration and the resulting multiplicity of aspects: choice of themes, dramaturgical forms, textual and musical structures, vocal and instrumental ensembles, and the various options regarding the stage apparatus. "Serenata and Festa Teatrale in 18th Century Europe", edited by Iskrena Yordanova (Lisbon) and Paologiovanni Maione (Naples), inaugurates the series "Cadernos de Queluz", a subseries of "Specula Spectacula" by Don Juan Archiv Wien.

Americhe e modernità

un itinerario fra storia e storiografia dal 1492 ad oggi *FrancoAngeli*

Diplomacy and the Aristocracy as Patrons of Music and Theatre in the Europe of the Ancien Régime *Hollitzer Wissenschaftsverlag*

This volume explores the dense networks created by diplomatic relationships between European courts and aristocratic households in the early modern age, with the emphasis on celebratory events and the circulation of theatrical plots and practitioners promoted by political and diplomatic connections. The offices of plenipotentiary ministers were often outposts providing useful information about cultural life in foreign countries. Sometimes the artistic strategies defined through the exchanges of couriers were destined to leave a legacy in the history of arts, especially of music and theatre. Ministers favored or promoted careers, described or made pieces of repertoire available to new audiences, and even supported practitioners in their difficult travels by planning profitable tours. They stood behind extraordinary artists and protected many stage performers with their authority, while carefully observing and transmitting precious information about the cultural and musical life of the countries where they resided.

Un piano per il riassetto d'Italia durante la guerra dei sette anni (1759)

The Seven Years' War *Routledge*

The closest thing to total war before the First World War, the Seven Years' War was fought in North America, Europe, the Caribbean and India with major

consequences for all parties involved. This fascinating book is the first to truly review the grand strategies of the combatants and examine the differing styles of warfare used in the many campaigns. These methods ranged from the large-scale battles and sieges of the European front to the ambush and skirmish tactics used in the forests of North America. Daniel Marston's engaging narrative is supported by personal diaries, memoirs, and official reports.

Gender and Diplomacy

Women and Men in European Embassies from the 15th to the 18th Century *Hollitzer Wissenschaftsverlag*

The book series "Diplomatica" of the Don Juan Archiv Wien researches cultural aspects of diplomacy and diplomatic history up to the nineteenth century. This second volume of the series features the proceedings of the Don Juan Archiv's symposium organized in March 2016 in cooperation with the University of Vienna and Studivm fÆsvlanm to discuss the topic of gender from a diplomatic-historical perspective, addressing questions of where women and men were positioned in the diplomacy of the early modern world. Gender might not always be the first topic that comes to mind when discussing international relations, but it has a considerable bearing on diplomatic issues. Scholars have not left this field of research unexplored, with a widening corpus of texts discussing modern diplomacy and gender. Women appear regularly in diplomatic contexts. As for the early modern world, ambassadorial

positions were monopolized by men, yet women could and did perform diplomatic roles, both officially and unofficially. This is where the main focus of this volume lies. It features sixteen contributions in the following four "acts": Women as Diplomatic Actors, The Diplomacy of Queens, The Birth of the Ambassadors, and Stages for Male Diplomacy. Contributions are by Wolfram Aichinger | Roberta Anderson | Annalisa Biagianti | Osman Nihat Bişgin | John Condren | Camille Desenclos | Ekaterina Domnina | David García Cueto | María Concepción Gutiérrez Redondo | Armando Fabio Ivaldi | Rocío Martínez López | Laura Mesotten | Laura Oliván Santaliestra | Tracey A. Sowerby | Luis Tercero Casado | Pia Wallnig

The Thirty Years War *New York Review of Books*

Europe in 1618 was riven between Protestants and Catholics, Bourbon and Hapsburg--as well as empires, kingdoms, and countless principalities. After angry Protestants tossed three representatives of the Holy Roman Empire out the window of the royal castle in Prague, world war spread from Bohemia with relentless abandon, drawing powers from Spain to Sweden into a nightmarish world of famine, disease, and seemingly unstoppable destruction.
