The Monsters Know What They're Doing

Combat Tactics for Dungeon Masters Simon and Schuster

From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In The Monsters Know What They're Doing, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to

figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

Everybody needs more monsters. The Tome of Horrors for Fifth Edition includes a selection of creatures from earlier volumes as a kick off for an entire series of fifth edition books.

Volo's Guide to Monsters *Wizards of the Coast*

Immerse yourself in monster lore in this supplement for the world's greatest roleplaying game. This is NOT just another Monster Manual! Volo's Guide to Monsters provides something exciting for players and Dungeon Masters everywhere. • A deep dive into the lore behind some of D&D's most popular and iconic monsters • Dozens of monsters new to the fifth edition to include in your epic adventures • New playable races to allow you to build characters to fit nearly any type of story in your D&D game. The esteemed loremaster Volothamp Geddarm is back and he's written a fantastical dissertation, covering some of the most iconic monsters in the Forgotten Realms. Unfortunately, the Sage of Shadowdale himself, Elminster, doesn't believe Volo gets some of the important details quite right. Don't miss out as Volo and Elminster square off (academically speaking of course) to illuminate the uninitiated on creatures both common and obscure. Uncover the machinations of the mysterious Kraken Society, what is the origin of the bizarre froghemoth, or how to avoid participating in the ghastly reproductive cycle of the grotesque vargouille. Dungeon Masters and players will get some much-needed guidance as you plan your next venture, traipsing about some dusty old ruin in search of treasure, lore, and let's not forget ... dangerous creatures whose horns, claws, fangs, heads, or even hides might comfortably adorn the walls of your trophy room. If you survive. Research has never been so dangerous!

5e Monster Catcher's Handbook

Standard Edition

For the first time, the Monster Catcher's Handbook includes everything players and Game Masters need to collect, train, and battle with their own monstrous companions. Best of all, characters of all levels, classes and backgrounds can engage in monster catching. Also included are game statistics for over two hundred collectable creatures to populate your adventures, new magic items, and all-new random battle rules that can be used with-or without-a Game Master. Note: The Standard Edition includes all of the content found in the Deluxe Edition. However, the Deluxe Edition features full-color art (instead of black and white illustrations).
