A farmer field school is a group-based learning process that has been used by a number of governments, NGOs, and international agencies to promote integrated pest management. The first FFSs were designed and managed by the UN Food and Agriculture Organization in Indonesia in 1989. Since then, more than two million farmers across Asia have participated in this type of learning. A farmer field school brings together concepts and methods from agroecology, experiential education and community develo

Farmer field school - Wikipedia

The Farmers' Field and Business Schools are a product of the CARE Pathways program and focus on a learning-by-doing approach, putting farmers at the heart of learning and decision-making around new agricultural techniques. So far, working with FFBS has led to 65% to 75% adoption of improved agricultural techniques among the 50,000 women who are part of the Pathways program.
