Patent Claim Construction In The

According to Touro Law Review, the claim construction is one of the main determinants used within a case. Both legal teams will review the construction of the patent and how the owner described it to determine if the defendant is guilty of stealing an idea or design. If the claim is poorly written, then there will be plenty of holes in the case.

Patent Claim Construction: Everything You Need to Know

Claim construction is the process in which courts interpret the meaning and scope of a patent's claims. Since the claims "define the invention to which the patentee is entitled the right to exclude,"

construing the claims can be a critical step in determining the outcome of almost all patent litigations.

This claim construction process is a pretrial process that is used for patent disputes during what is called the Markman Hearing – sometimes even referred to as the “Claim Construction Hearing.” The Claim Construction Hearing has been an essential part of patent dispute trials since the United States Supreme Court made it common practice in 1996 after Markman v.

Claim Construction | Interpretations & Definition Review

Claim construction in patent infringement litigation. By Juan Wang and Jinlin Chen. Claim construction to determine the scope of protection of a patent claim is a critical element of patent infringement litigation. The Patent Law sets out the basic principles of claim construction: the scope of protection shall be determined by the claims, and the content of the claims can be interpreted with reference to the specification and the appended drawings.

Claim construction in patent infringement litigation | IAM

Claim construction is the term used to describe the process of construing the claims of a patent to give them meaning, which meaning is then compared to an allegedly infringing device or method to determine infringement or to prior art to determine validity.

Chapter 4 Claim Construction - JurisDiction

Under the European Patent Convention, when a claim in one particular category (see below), e.g. a process claim, depends on a claim from a different category, e.g. a product claim, it is not considered to be a dependent claim but an independent claim. Under U.S. law, this is still counted as a dependent claim, regardless of the class change.
