Science has nothing to tell us about the soul? I disagree ...

The proper use of the word soul can always be gained by substituting the word

God, where the deific meaning is required. In other cases, use the word sense, and you will have the scientific signification. As used in Christian Science, Soul is properly the synonym of Spirit, or God; but out of Science, soul is identical with sense, with material sensation.

Soul - Christian Science Quarterly

"Whatever Happened to the Soul" strives for greater resonance between modern science and Christian faith. Outstanding scholars in biology, genetics, neuroscience, cognitive science, philosophy, theology, Biblical studies and ethics give accounts of human nature that are consistent with one another and with

Christian faith.

In *The Soul of Science: Christian Faith and Natural Philosophy*, Nancy Pearcey and Charles Thaxton set out to tell an educated but non-technical audience the story of the streams of thought that produced the science of the West, with a special emphasis on the role of Christian thought. The story they tell is perhaps too technical for their audience, and after the 17th century they have little to say about Christianity.

In the thirteenth

century, Thomas Aquinas follows the doctrine of the soul presented in Aristotle's Eudemus, teaching that, while body and soul together constitute a unity, the soul, as the "form" of the body, is an individual "spiritual substance" and as such is capable of leading a separate existence after the death of the body. This medieval doctrine of the soul, while largely determining the official teaching of the Roman Catholic church on the nature of the soul and its destiny, also ...

The Soul of Science: Christian Faith and Natural Philosophy (Turning Point Christian Worldview Series) "I consider The Soul of Science to be a most significant book which, in our scientific age, should be required reading for all thinking Christians and all practicing scientists. The authors demonstrate how the flowering of modern science depended upon the Judeo-Christian worldview of the existence of a real physical contingent universe, created and held in being by an omnipotent personal ...

Beginning with Descartes, those who defended an immaterialist conception of the soul sought to defend a scientific world view from theology in a way made difficult by those, like Hobbes, who defended materialism. As the history of Cartesianism shows us, it was often the immaterialist view of the soul which was considered religiously heterodox.
