Review Of Pediatric Critical Care

NHS England launched a national review into paediatric critical care and specialised surgery in children in October 2016. The review specifically considered paediatric critical care, surgery in children, paediatric critical care transport and extracorporeal membrane oxygenation (ECMO), as well as related areas, such as the care of children with long-term ventilation needs.

Paediatric Critical Care and Surgery in Children Review

This review provides an overview of pediatric critical care in resource-limited settings and outlines strategies to address challenges specific to these areas. Implementation of these tools has the potential to move us toward delivery of an adequate standard of critical care for all children globally, and ultimately decrease global child mortality in resource-limited settings.
