The Book That Started It All *Simon and Schuster*

An extraordinary reproduction of the original working manuscript of the Big Book of Alcoholics Anonymous, with an introduction and notes by a panel of celebrated AA historians. The many changes that were made in black, green, and red on each page are show. An extraordinary reproduction of the original working manuscript of Alcoholics Anonymous, with essays and notes by a panel of celebrated AA historians. The Book That Started It All offers fresh insights into the history and foundation of the revolutionary Alcoholics Anonymous program. Reproduced in this elegant gift edition with essays and

notes by a panel of celebrated AA historians, the original working manuscript is the missing link in our understanding of what transpired between AA founder Bill Wilson's first draft of *Alcoholics Anonymous* and the first published edition. In January 1939, Wilson and other AA founders distributed 400 copies of his typescript to everyone they could think of "who might be concerned with the problem of alcoholism," to test out the program. As the loan copies were returned, suggestions for revision were considered and written out in colored pencil on one master copy that was eventually submitted for publication. The many changes made in black, green, and red on page

after page are shown here in their original form, revealing the opinions, debates, and discussions that went into making the Big Book.

It Starts with Us

Simon and Schuster

Before It Ends with Us, it started with Atlas. Colleen Hoover tells fan favorite Atlas's side of the story and shares what comes next in this long-anticipated

sequel to the “glorious and touching” (USA TODAY) #1 New York Times bestseller *It Ends with Us*. Lily and her ex-husband, Ryle, have just settled into a civil coparenting rhythm when she suddenly bumps into her first love, Atlas, again. After nearly two years separated, she is elated that for once, time is on their side, and she immediately says yes when Atlas asks her on a date. But her excitement is quickly hampered by the knowledge that, though they are no longer married, Ryle is still very much a part of her life—and Atlas Corrigan is the one man he will hate being in his ex-wife and daughter’s life. Switching between the perspectives of Lily and Atlas, *It Starts with Us*

picks up right where the epilogue for the “gripping, pulse-pounding” (Sarah Pekkanen, author of *Perfect Neighbors*) bestselling phenomenon *It Ends with Us* left off. Revealing more about Atlas’s past and following Lily as she embraces a second chance at true love while navigating a jealous ex-husband, it proves that “no one delivers an emotional read like Colleen Hoover” (Anna Todd, New York Times bestselling author).

The Book that Made Your World *Thomas Nelson*

Understand where we came from. Whether you're an avid student of the Bible or a skeptic of its relevance, *The Book*

That Made Your World will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the Bible and systematically illustrates how its precepts became the framework for societal structure throughout the last millennium. From politics and science, to academia and technology, the Bible's sacred copy became the key that unlocked the Western mind. Through Mangalwadi's wide-ranging and fascinating investigation, you'll discover: What triggered the West's passion for scientific, medical, and technological advancement How the biblical notion of human dignity informs the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that

threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization.

Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias, author, *Walking from East to West and Beyond Opinion*) "In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it

is most refreshing to encounter this engaging and informed assessment of the Bible's profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism." (Stanley Mattson, founder and president, C. S. Lewis Foundation) "Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization." (George Marsden, professor, University of Notre Dame; author, *Fundamentalism and American Culture*)

Writing the Big Book

Central Recovery Press

The definitive history of writing and producing the "Big Book" of Alcoholics Anonymous, told through extensive access to the group's archives. Alcoholics Anonymous is arguably the most significant self-help book published in the twentieth century. Released in 1939, the "Big Book," as it's commonly known, has sold an estimated 37 million copies, been translated into seventy languages, and

spawned numerous recovery communities around the world while remaining a vibrant plan for recovery from addiction in all its forms for millions of people. While there are many books about A.A. history, most rely on anecdotal stories told well after the fact by Bill Wilson and other early members—accounts that have proved to be woefully inaccurate at times. Writing the Big Book brings exhaustive research, academic discipline, and informed insight to the subject not seen since Ernest Kurtz's *Not-God*, published forty years ago. Focusing primarily on the eighteen months from October 1937, when a book was first proposed, and April 1939 when Alcoholics Anonymous

was published, Schaberg's history is based on eleven years of research into the wealth of 1930s documents currently preserved in several A.A. archives. Woven together into an exciting narrative, these real-time documents tell an almost week-by-week story of how the book was created, providing more than a few unexpected turns and surprising departures from the hallowed stories that have been so widely circulated about early A.A. history. Fast-paced, engaging, and contrary, *Writing the Big Book* presents a vivid picture of how early A.A. operated and grew and reveals many previously unreported details about the colorful cast of

characters who were responsible for making that group so successful.

Start with Why *Penguin*

The inspirational bestseller that ignited a movement and asked us to find our WHY. Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as

relevant and timely as ever. **START WITH WHY** asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with **WHY**. They realized that people won't truly buy into a product, service, movement, or idea until they understand the **WHY** behind it. **START WITH WHY** shows that the leaders who have had the

greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea **The Golden Circle**, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with **WHY**.

Alcoholics

Anonymous Comes of Age *A. A. World Services, Inc.*

A.A. co-founder Bill W. tells the story of the growth of Alcoholics Anonymous from its make-or-break beginnings in New York and Akron in the early 1930s to its spread across the country and overseas in the years that followed. A wealth of personal accounts and anecdotes portray the dramatic power of the A.A. Twelve Step program of recovery — unique not only in its approach to treating alcoholism but also in its spiritual impact and social influence. Bill recounts the evolution of the Twelve Steps, the Twelve Traditions and the Twelve

Concepts for World Service — those principles and practices that protect A.A.s Three Legacies of Recovery, Unity and Service — and how in 1955 the responsibility for these were passed on by the founding members to the Fellowship (A.A.'s membership at large). In closing chapters of *Alcoholics Anonymous Comes of Age*, early "friends of A.A.," including the influential Dr. Silkworth and Father Ed Dowling, share their perspectives. Includes 16 pages of archival photographs. For those interested in the history of A.A. and how it has withstood the test of time, *Alcoholics Anonymous Comes of Age* offers on the growth of this ground-breaking movement.

Alcoholics Anonymous Comes of Age has been approved by the General Service Conference.

One moment of madness is all it takes for Tracy's humdrum world to be turned upside down, the tedium of everyday life replaced by fear and danger at every turn. Witness to Tracy's Faustian exchange in the Merrion Centre in Leeds are Tilly, an elderly actress teetering on the brink of her own disaster, and Jackson Brodie, who has returned to his home county in search of someone else's roots. All three characters learn that the past is never history and that no good deed goes unpunished.

It Didn't Start with You *Penguin*

A groundbreaking approach to transforming traumatic legacies passed down

in families over generations, by an acclaimed expert in the field Depression. Anxiety. Chronic Pain. Phobias. Obsessive thoughts. The evidence is compelling: the roots of these difficulties may not reside in our immediate life experience or in chemical imbalances in our brains—but in the lives of our parents, grandparents, and even great-grandparents. The latest scientific research, now making headlines, supports what many have long intuited—that traumatic experience can be passed down through generations. It Didn't Start with You builds on the work of leading experts in post-traumatic stress, including Mount Sinai School of Medicine neuroscientist Rachel Yehuda and psychiatrist Bessel van der Kolk, author of *The Body Keeps the Score*. Even if the person who suffered the original trauma has died, or the story has been forgotten or silenced, memory and feelings can live on. These emotional legacies are often hidden, encoded in everything from gene expression to everyday language, and they play a far greater role in our emotional and physical health than has ever before been understood. As a pioneer in the field of inherited family trauma, Mark Wolynn has worked with individuals and groups on a therapeutic level for over twenty years. *It Didn't Start with You* offers a pragmatic and

prescriptive guide to his method, the Core Language Approach. Diagnostic self-inventories provide a way to uncover the fears and anxieties conveyed through everyday words, behaviors, and physical symptoms. Techniques for developing a genogram or extended family tree create a map of experiences going back through the generations. And visualization, active imagination, and direct dialogue create pathways to reconnection, integration, and reclaiming life and health. *It Didn't Start With You* is a transformative approach to resolving longstanding difficulties that in many cases, traditional therapy, drugs, or

other interventions have not had the capacity to touch.

★Book One★
A Heart to Call Home

After an indifferent divorce, Reed Peterson traded in her high-profile career in the city for an opportunity to try her hand at running a business of her own. She's not sure if the small town life is for her, but since part of her new mission in life is to adopt the free-spiritedness her mother had once embodied, she knows she has to give it a try. She needs her freedom, and she needs it now. Even if the fresh air might suffocate her.

Rogan Douglas agrees to take on the job of getting Reed's property up-to-snuff so she can re-open the once grand—now dilapidated—cottage motel in town. Struggling to raise his five kids on his own

after the accidental death of his wife, Rogan didn't realize the job would cost him so much. Like his sanity. And his heart.

Reed and Rogan are venturing down different paths in life, but can they resist the powerful attraction that threatens the way they see themselves? Their futures? And is it possible for two people with such different personalities and values to find a way to call each other's heart their home?

★Book Two★

Loving a Wildflower

Simplicity Peterson has never cared about fitting in, but she's ready to put her couch-surfing days behind her. First step toward planting roots—find a

way to make a difference in her new community.

Volunteering to help the reclusive and notoriously difficult Ethan Witherford will help people see the good side of her. If she tries hard enough, she should be able to keep everyone in town from thinking of her as the crazy hippie. She expects to feel good about performing this important community service, but she's far from prepared when Ethan turns out to be the most dangerous rollercoaster she's ever had the pleasure of riding.

Ethan had been tortured enough as a POW. He doesn't need this free-spirited nymph interfering in his quiet, uncomfortable

existence. His one goal in life is to make his estranged parents miserable, and he can't fulfill that destiny if Simplicity continues yanking him from his dark cave as she chases a world of make-believe.

His scars are external. Hers are internal. She can look past his. Can he do the same?

★Book Three★

Wherever You Go

The last thing Paisley Peterson needs is to fall in love. She left her high-stress job in Boston so she could heal in Healing Springs--isn't that what the town is about? She needs her sisters. She does not need a man.

Asher has always been the one to take care of

the people in his life, so when sexy Paisley strolls in and takes the lead, he finds himself turned on by her independence and confidence in a way he has never been turned on before. But after suffering too many losses in life and with a plate already brimming with family members who need his care and protection, can he handle the truth behind her sudden appearance in Healing Springs? How is he supposed to allow himself to get close to her when he could lose her?

Asher and Paisley are from two different worlds with two different life plans. Will their unplanned love affair turn into a dead end? Or will it be just the detour they have

both needed all along?

★Book Four★

Imperfect Harmony

A marriage of convenience isn't on Harmony Peterson's agenda when she's forced to sneak into Healing Springs to retrieve important papers, but if marrying a stranger keeps her from reuniting with her estranged sisters, how dumb would she be to turn down the offer? She'll do whatever it takes to keep her vow to protect the infant she hadn't planned on raising.

Keegan O'Malley knows he's not qualified to save anyone, but if a sham marriage can help this beautiful, intriguing stranger who forced her way into his life and maybe help him in

return, why should he talk himself into reason? Though he's failed to live up to his moral code before, he has to believe he's somehow been given a second chance to right the wrongs.

A fake marriage may be something they can live with. But can they honor the unspoken promise to keep their hearts out of the bargain?

Stamped from the Beginning *Bold Type Books*

The National Book Award winning history of how racist ideas were created, spread, and deeply rooted in American society. Some Americans insist that we're living in a post-racial society. But racist thought is not

just alive and well in America -- it is more sophisticated and more insidious than ever. And as award-winning historian Ibram X. Kendi argues, racist ideas have a long and lingering history, one in which nearly every great American thinker is complicit. In this deeply researched and fast-moving narrative, Kendi chronicles the entire story of anti-black racist ideas and their staggering power over the course of American history. He uses the life stories of five major American intellectuals to drive this history: Puritan minister Cotton Mather, Thomas Jefferson, abolitionist William Lloyd Garrison, W.E.B. Du Bois, and legendary activist Angela Davis. As Kendi shows, racist ideas did

not arise from ignorance or hatred. They were created to justify and rationalize deeply entrenched discriminatory policies and the nation's racial inequities. In shedding light on this history, *Stamped from the Beginning* offers us the tools we need to expose racist thinking. In the process, he gives us reason to hope.

An Imperfect Process (The Starting Over Series, Book 3) *ePublishing Works!*

Romantic Women's Fiction. Previously titled: *Twist of Fate* When lawyer Val Covington receives a windfall and leaves her corporate career to practice "do-gooder law," her assistant offers to come with

her—if Val will look into the case of Kendra's former lover, who is on Death Row for a crime he didn't commit. Val agrees, but she can't do it alone. She finds help in Rob Smith, her landlord, who is as capable as he is mysterious. If justice is an imperfect process, so is falling in love. Val and Rob are drawn together as they fight to save an innocent man's life, but can they overcome their fears to build a lasting future?
