The Monk Penguin

‘Few could sustain the glance of his eye, at once fiery and penetrating’ Savaged by critics for its supposed profanity and obscenity, and bought in large numbers by readers eager to see whether it lived up to its lurid reputation, The Monk became a succès de scandale when it was published in 1796 – not least because its author was a member of parliament and only twenty years old. It recounts the diabolical decline of Ambrosio, a Capuchin superior, who succumbs first to temptations offered by a young girl who has entered his monastery disguised as a boy, and continues his descent with increasingly depraved acts of sorcery, murder, incest and torture. Combining sensationalism with acute psychological insight, this masterpiece of Gothic fiction is a powerful exploration of how violent and erotic impulses can break through the barriers of social and moral restraint. This edition is based on the first edition of 1796, which appeared before Lewis’s revisions to avoid charges of blasphemy. In his introduction, Christopher MacLachlan discusses the novel’s place within the Gothic genre, and its themes of sexual desire and the abuse of power. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A Gothic Novel by Matthew Gregory Lewis, Published in 1796. *Les Prairies Numeriques*

The Monk By M. G. Lewis The Monk: A Romance is a Gothic novel by Matthew Gregory Lewis, published in 1796. A quickly written book from early in Lewis's career (in one letter he claimed to have written it in ten weeks, but other correspondence suggests that he had at least started it, or something similar, a couple of years earlier), it was published before he turned twenty. It is a prime example of the male Gothic that specialises in the aspect of horror. Its convoluted and scandalous plot has made it one of the most important Gothic novels of its time, often imitated and adapted for the stage and the screen. Agnes is Don Lorenzo's younger sister and Don Raymond's lover. Her mother fell ill while pregnant with Agnes and vowed to send Agnes to the convent if she delivered her safely. She is a virtuous young lady who intends to marry Don Raymond but her parents want her to become a nun, so she decides to run away with him. Their plans are foiled and, thinking Don Raymond has abandoned her forever, she enters the convent. Ambrosio is an extremely devout monk about 30 years old. He was found left at the Abbey doorstep when he was too young to tell his tale. The monks consider him a present from the Virgin Mary and they educate him at the monastery. Antonia is a timid and innocent girl of 15. She was brought up in an old castle in Murcia with only her mother Elvira and is therefore very sheltered. She is the object of Don Lorenzo's attentions. The novel's evil characters are considered to be better written than the virtuous ones, and Antonia's character is so virtuous that some have found her "deadly dull". Elvira is the mother of Antonia and Ambrosio. She married a young nobleman in secret. His family does not approve of her and because of this she and her husband escape to the Indies, leaving her 2-year-old son behind. After 13 years, when Antonia is very young, her husband dies and she returns to Murcia where she lives on an allowance given to her by her father-in-law. Leonella is Elvira's sister and Antonia's spinster aunt. She takes an immediate dislike to Ambrosio after hearing his sermon. She believes Don Christoval's polite attentions are more significant than they actually are and is hurt when he fails to call at her house. She eventually marries a younger man and lives in Cordova. Don Lorenzo de Medina is Agnes's older brother and friend of Don Raymond and Don Christoval. Immediately intrigued by Antonia after meeting her at Ambrosio's sermon, Don Lorenzo resolves to marry her.

A Dramatic Romance in Five Acts

A Life of Matthew G. Lewis *Pickle Partners Publishing*

Matthew Lewis (17775-1818), author of The Monk—one of the most famous of gothic novels—is attracting increasing attention for his own talent and his pre-eminence in the gothic school. The gothic mode, aside from its intrinsic interest, is important because of its distinct influence in British, continental, and American literature. Yet a full-length biography of Lewis has not appeared since 1839. For the nonspecialist seeking an introduction to Romanticism and the Regency, Lewis is a valuable man to know, with his varied literary interests—poetry, the novel, drama—and his wide acquaintance: royalty, the peerage, literary celebrities like Byron, Scott, Shelley, Sheridan, and the theatrical

world. As a writer he showed uncanny anticipation of popular literary trends and a talent for the spectacular. This new biography, based on information which has appeared since 1839 and on new material, presents the whole man, not a selection of eccentricities. It includes treatment of all his works and a section of newly edited correspondence.

About Author: Matthew Gregory Lewis (9 July 1775 - 14 or 16 May 1818) was an English novelist and dramatist, whose writings are often classified as "Gothic horror". He was frequently referred to as "Monk" Lewis, because of the success of his 1796 Gothic novel, *The Monk: A Romance*. He also worked as a diplomat, politician, and an estate owner in Jamaica. Lewis was the first-born child of Matthew and Frances Maria Sewell Lewis. His father, Matthew Lewis, was the son of William Lewis and Jane Gregory and was born in England in 1750. He attended Westminster School before proceeding to Christ Church, Oxford, where he received his bachelor's degree in 1769 and his master's in 1772. During his time at Westminster, Lewis's parents separated, and he idolized his mother without disregarding his father. Mrs Lewis moved to France in this period; while there, she was in continuous correspondence with Matthew. The correspondence between Matthew and his mother consisted of discussion regarding the poor state of his mother's welfare and estate. The Monk

Matthew Gregory Lewis (1775-1818) was a British author. From Westminster School, he passed to Christ Church, Oxford. Already he was busy over tales and plays, and wrote at college a farce, never acted, a comedy, *The East Indian*, and also a novel, never published, called *The Effusions of Sensibility*, which was a burlesque upon the sentimental school. He wrote also what he called "a romance in the style of *The Castle of Otranto*," which appeared afterwards as the play of *The Castle Spectre* (1796). His father's desire was to train him for the diplomatic service, and in the summer of 1794 he went to the Hague as attache to the British Embassy. He had begun to write his novel *The Monk: A Romance* (1796), but was spurred on at the Hague by a reading of Mrs. Radcliffe's *Mysteries of Udolpho*, a book after his own heart. His other works include: *The Bravo of Venice: A Romance* (1804).

Ambrosio, the abbot, is the perfect monk, head of an abbey in Madrid, and the idol of the city, a young, handsome, charismatic man, with a spellbinding voice, that thrills the congregation at his church. All the people flock to it, to hear his sermons, five minutes after the bells ring, the church is overflowing, and the noble families are there, silently the assembly listens, a living saint, they witness, the proud people are ecstatic, in this modern age (the 1700's), God has sent them Ambrosio! The Capuchin Friar (an order of independent Franciscans), the Monk, is not what he appears to be, everything, a mirage, the orphan, found at the door of the abbey, as an infant, raised in the monastery, never leaving its grounds, nobody knows where the child came from... Now evil thoughts permeates his curious mind, lust and debauchery, after thirty dull years, the Monk, wants to have some fun, the deadly boredom must end soon, risk his reputation, if only the abbot had a chance... The vile protagonist degrades himself on every level. He gets "seduced" by his trusty novice sidekick Rosario, who turns out to be a woman named Matilda (and how's a man supposed to resist a PRETTY woman), but really his capacity for sin was there from the start, it was only, truly, a matter of time before he fell and in his vanity and stupidity forgot how to get back up. So the first sin is committed by sleeping with a dying Matilda! Of course, because she's a woman, and not a helpless simpleton, she doesn't die. Instead of shunning him and leaving the monastery to seek greener pastures she offers to help him seduce his new target, the pious, innocent Antonia.

The Monk: Adaptations for the Stage

True to eighteenth-century melodrama, the sensational excesses of the three plays in this anthology can now be enjoyed by contemporary readers. Matthew Gregory Lewis's *The Monk*, popular for its sexual and religious deviance, was first adapted for the stage less than a year after its publication in 1796. With its reputation as 'the most Gothic of eighteenth century Gothic romances', *The Monk* has been transformed for theatre and film numerous times over the centuries. This anthology includes three early adaptations: William Henry Grosette's 1810 two-act play *Raymond and Agnes*; or, *The Bleeding Nun of Lindenberg*; Charles Farley's extravagant 1797 *Airs, Glees, and Chorusses in a New Grand Ballet Pantomime of Action, Called Raymond and Agnes; or the Castle of Lindenberg*; and a five-act play, James Boaden's 1799 *Aurelio and Miranda*. The passion, repression, and romance of Lewis' characters are conveyed through dance, pantomime, chorus, and dialogue, and the Bleeding Nun makes her appearance in two of the plays to bestow her blessing and help the central couples achieve their 'happily ever after.'

Terror in `The Monk', [by] Matthew Gregory Lewis

Four Gothic Novels

The Castle of Otranto; Vathek; The Monk; Frankenstein
Oxford Paperbacks

Macabre and melodramatic, set in haunted castles or fantastic landscapes, Gothic tales became fashionable in the late eighteenth century with the publication of Horace Walpole's *The Castle of Otranto* (1764). Crammed with catastrophe, terror, and ghostly interventions, the novel was an immediate success, and influenced numerous followers. These include William Beckford's *Vathek* (1786), which alternates grotesque comedy with scenes of exotic magnificence in the story of the ruthless Caliph Vathek's journey to damnation. *The Monk* (1796), by Matthew Lewis, is a violent tale of ambition, murder, and incest, set in the sinister monastery of the Capuchins in Madrid. *Frankenstein* (1818, 1831) is Mary Shelley's disturbing and perennially popular tale of young student who learns the secret of giving life to a creature made from human relics, with horrific consequences. This collection illustrates the range and the attraction of the Gothic novel. Extreme and sensational, each of the four printed here is also a powerful psychological story of isolation and monomania.

The Image of Religion and Its Function in M. G. Lewis' 'The Monk' and B. Stoker's 'Dracula' *GRIN Verlag*

Seminar paper from the year 2006 in the subject English Language and Literature Studies - Literature, grade: 1,7, University of Heidelberg (Institut für Anglistik), course: Hauptseminar "The Gothic", language: English, abstract: Undoubtedly, religion plays an important role in early Gothic literature. In most cases this does not seem a positive one as can be seen at first glance in Matthew G. Lewis' *The Monk* (1796). Most likely this also reflects a tendency of the postenlightenment period in which it was written. However, it is interesting to ask how the view on religion and its role in Gothic texts developed in the 18th century. Therefore, I will compare *The Monk* to Bram Stoker's *Dracula* (1897) written roughly a hundred years later, which gives a more sophisticated view on religion. In order to structure the wide topic of religion I will present three different perspectives of religion: the societal, the institutional, and the theological. These three strands will first be traced in *The Monk* and as a second step in comparison to it in *Dracula*. The theological perspective on religion in Stoker's novel will be allowed more room as this is at the heart of the question whether religion receives a positive or a negative reputation in *Dracula*. I will argue that religion in *The Monk* but also in *Dracula* is indispensable. Furthermore, I will give evidence for the thesis that religion in *Dracula* is not merely reduced to an apotropaic device against vampires but has a high significance for the whole of the characters' lives. This is further emphasised in the last part of the paper, in which I will compare the endings of both novels. As the different Christian denominations have already been researched in depth, I will only briefly touch on this subject and

mainly focus on Christian religion as such.

The Gothic: A Very Short Introduction *OUP Oxford*

The Gothic is wildly diverse. It can refer to ecclesiastical architecture, supernatural fiction, cult horror films, and a distinctive style of rock music. It has influenced political theorists and social reformers, as well as Victorian home décor and contemporary fashion. Nick Groom shows how the Gothic has come to encompass so many meanings by telling the story of the Gothic from the ancient tribe who sacked Rome to the alternative subculture of the present day. This unique Very Short Introduction reveals that the Gothic has predominantly been a way of understanding and responding to the past. Time after time, the Gothic has been invoked in order to reveal what lies behind conventional history. It is a way of disclosing secrets, whether in the constitutional politics of seventeenth-century England or the racial politics of the United States. While contexts change, the Gothic perpetually regards the past with fascination, both yearning and horrified. It reminds us that neither societies nor individuals can escape the consequences of their actions. The anatomy of the Gothic is richly complex and perversely contradictory, and so the thirteen chapters here range deliberately widely. This is the first time that the entire story of the Gothic has been written as a continuous history: from the historians of late antiquity to the gardens of Georgian England, from the mediaeval cult of the macabre to German Expressionist cinema, from Elizabethan Revenge Tragedy to American consumer society, from folk ballads to vampires, from the past to the present. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. The Monk Illustrated

The Monk: A Romance is a Gothic novel by Matthew Gregory Lewis, published in 1796. A quickly written book from early in Lewis's career (in one letter he claimed to have written it in ten weeks, but other correspondence suggests that he had at least started it, or something similar, a couple of years earlier), it was published before he turned twenty. It is a prime example of the male Gothic that specialises in the aspect of horror. Its convoluted and scandalous plot has made it one of the most important Gothic novels of its time, often imitated and adapted for the stage and the screen.
