Manuals - Mini Split Air Conditioners - Mini Split Heat Pumps

A ductless, or mini-split, air conditioner is a great solution for people who want to cool one room in their house without having to cool the whole house. It is also a great way to add air conditioning to an older house that is heated by a boiler and radiators without an existing system of forced-air heat ducts. A mini-split does essentially the same job as a window air conditioner, but you can install it on a wall.
