The Way Life Should Be? *Ostara Publications*

A complete overview of the exact mechanisms whereby the internationalist lobby is controlling,

directing, and actively organizing mass Third World immigration with the explicitly-stated aim of destroying America--viewed with special emphasis through events in the state of Maine. Analyzing all aspects of society--the media, economics, environment and social and political structures--this work shows in painstakingly-documented and fully-referenced detail exactly who is directing America's current political process and decline. It shows that neo-liberal capitalists and crazed ideologues are facilitating mass migration into America, and actively seeking to transform the country as we know it in their image, in the process destroying the American nation. This cosmopolitan cabal uses their wealth and influence to see the realization of their agenda on

every front, to advance their own interests and continue to enrich themselves regardless of the cost to any other group; this globalist "elite" through stealth and deception is responsible for the wide-spread push of the deeply harmful ideologies and policies we find ourselves facing today. At the same time, its lobby engages in blatant double standards and suppresses any criticism of this "hypocrisy of the highest order" through a barrage of "hate crimes" and "hate speech" legislation, and "tolerance" factories which seek to outlaw any discussion or mention of their power and influence. Highly recommended for anyone seeking to understand exactly what is happening in America--and indeed the entire Western world.

The Way Life Should Be *Simon and Schuster*

Just before dawn in Stone Harbor, Maine, two men meet in the bathhouse in a wooded park. "So what do you have in mind?" one asks. "A little surprise," the other answers before beating him to death with a steel flashlight. Newspaper editor John Quinn and his wife have returned to his hometown to raise their son, but real estate prices have soared and natives are being pushed out. Then a popular politician and family man is murdered at a well-known gay pickup spot. The victim was Quinn's childhood friend, Paul Stanwood. Quinn insists Paul was only investigating a police crackdown at the park. When the police chief and others seem to ignore and downplay obvious clues, Quinn takes

matters into his own hands. Even though his wife's car is vandalized and a source is severely beaten after he speaks out on the hidden violence against gays, Quinn refuses to stop looking for answers. With so many people hiding secrets -- secrets some are willing to kill for -- Quinn has to find out the truth about his friend's murder before he, too, is permanently silenced.

I'm not from Maine... but I got here as soon as I could. Six years ago, a family from Florida fell in love with "the way life should be," and although they've never seen a moose, the Smileys intend to

stay. Fear as a Way of Life *Columbia University Press*

Between the late 1970s and the mid-1980s, the people of Guatemala were subjected to a state-sponsored campaign of political violence and repression designed to not only defeat a left-wing, revolutionary insurgency but also destroy Mayan communities and culture. The Mayan Indians in the western highlands were labeled by the government as revolutionary sympathizers, and many Mayan women lost husbands, sons, and other family members who were brutally murdered or who simply "disappeared." Based on years of field research conducted in the rural highlands, *Fear as a Way of Life* traces the intricate links between the recent political violence and repression

and the long-term systemic violence connected with class inequalities and gender and ethnic oppression--the violence of everyday life.

When I first took notice of the overbearing blue sign with its stark white letters placed near the state line along the Maine Turnpike, my first thought was, According to whom? Miranda Gardiner's tumultuous lifetime of searching for hope in all the wrong

places leads her to question the avenue of justice she has always trod down. Set up for failure in youth by emotionally and physically abusive relationships, Miranda's voyage didn't get easier with age. Finding the motto advertised along the Maine state border to be further from reality when the neighbors of a close-knit community take her and her family on a ride of injustice and greed, Miranda seeks justice from the government only to find fairness to be more of a fantasy than fact. It is then Miranda decides to give in to the only law she knows will not falter "the Law of Love. Bypassing the bitterness and anger of a hardened soul by moving forward towards a new journey of forgiveness, grace, and faith allows Miranda to find her home in Maine, The

Way Life Should Be."

Making Refuge *Duke University Press*

How do people whose entire way of life has been destroyed and who witnessed horrible abuses against loved ones construct a new future? How do people who have survived the ravages of war and displacement rebuild their lives in a new country when their world has totally changed? In *Making Refuge* Catherine

Besteman follows the trajectory of Somali Bantus from their homes in Somalia before the onset in 1991 of Somalia's civil war, to their displacement to Kenyan refugee camps, to their relocation in cities across the United States, to their settlement in the struggling former mill town of Lewiston, Maine. Tracking their experiences as "secondary migrants" who grapple with the struggles of xenophobia, neoliberalism, and grief, Besteman asks what humanitarianism feels like to those who are its objects and what happens when refugees move in next door. As Lewiston's refugees and locals negotiate coresidence and find that assimilation goes both ways, their story demonstrates the efforts of diverse people to find ways to live together and

create community. Besteman's account illuminates the contemporary debates about economic and moral responsibility, security, and community that immigration provokes.

Desire Lines *Harper Collins*

From the #1 New York Times bestselling author of *Orphan Train* comes a novel about friendship and the memories that haunt us. On the night of her high school graduation, Kathryn Campbell sits around a bonfire with her four closest friends, including the beautiful but erratic Jennifer. "I'll be fine," Jennifer says, as she walks away from the dying embers and towards the darkness of the woods. She never came back. Ten years after Jennifer's unexplained disappearance, Kathryn is a grad-school

dropout living in Virginia, stuck in a dead-end writing job and marriage. She has few close friends; most people have learned not to depend on her. When she decides to leave her husband, she ships her boxes to her mother's house in Bangor, Maine. She has nowhere else to go. When Kathryn returns home, her former classmates are preparing for their ten-year reunion. Old questions about graduation night surface. Jennifer begins to dominate Kathryn's life, just as she did in high school. Enigmatic and troubled, Jennifer had always depended on Kathryn's devotion and asked for sacrifices. A decade after Jennifer walked into the woods alone, Kathryn decides that she must follow her friend's lead, one last time. Involving herself in the daily rhythms of small-town life, Kathryn

begins an investigation into her past. She renews contacts with old friends and teachers, using her skills as a journalist to reconstruct the life that she and Jennifer shared. Kathryn knows that she must examine what she knew about her friend, and what she didn't. She must decide what she is willing to risk to know the truth. She must decide what her own future is worth. With nothing left to lose, she is determined to answer one simple question: What ever happened to Jennifer Pelletier?

Bird in Hand *Harper Collins*

From the #1 New York Times bestselling author of *Orphan Train* and *The Exiles* comes a novel about the choices we make, how they shape our lives, and how they can change them forever. Four

people, two marriages, one lifelong friendship: Everything is about to change. It was dark. It was raining. It was just an accident. On the drive home from a rare evening out, Alison collides with another car running a stop sign, and—just like that—her life turns upside down. When she calls her husband, Charlie, from the police station, his accusatory tone reveals cracks in their relationship she'd never noticed were there. Now she notices everything. And she begins to realize that the life she carefully constructed for herself is as tenuous as a house of cards. The only thing Charlie can focus on these days is his secret, sudden affair with Claire, Alison's best friend. Bold where Alison is reserved, vibrant where Alison is cautious, Claire has just had her first

novel published, a thinly veiled retelling of her childhood in North Carolina. But even in the whirlwind of publication, Claire can't stop wondering if she should leave her husband, Ben, an ambitious architect who is brilliant, kind, and meticulous. And who wants nothing more than a baby, or two—exactly the kind of life that Charlie and Alison seem to have. As they set out on their individual journeys, Alison, Charlie, Claire, and Ben explore the idea—each in his or her own way—that every moment of loss contains within it the possibility of a new life. Alternating through these four intertwined perspectives, *Bird in Hand* is an exquisitely written, powerful, and thrilling novel about love, friendship and betrayal, and about the secrets we tell

ourselves and each other.

She falls into a job at the college coffee shop, and a crush on her flirty boss, Gary. Just when she's about to test Gary's feelings,

Mimi, the grandmother who raised her, suffers a stroke. Dora rushes back home to Forsyth, NC, and finds herself running her grandmother's vintage clothing store. The store has always been a fixture in Dora's life; though she grew up more of a jeans-and-sweatshirt kind of girl, before she even knew how to write, Mimi taught her that a vintage 1920s dress could lift a woman's spirit. While working there, Dora befriends Mimi's adorable contractor, Conrad. Is he after Dora, or is working from a different blueprint? And why did Mimi start writing down--and giving away--stories of the dresses in her shop? When Mimi dies, Dora can't get out of town fast enough and cedes control of the store to her money-hungry aunt who wants to turn it into a t-shirt shop for tourists. But

ultimately, she returns to Forsyth, willing to battle whatever may stand in the way of her staying there. Dora can trade her boring clothes for vintage glamour, but can she trade her boring life for one she actually wants?

The Road *Vintage*

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (*San Francisco Chronicle*). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to

crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world

through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Room to Grow *Golden Guides from St. Martin's Press*

Candid, reflective, and intimate essays that capture the essence of parenting. Harnessing the writing skill of a score of top contemporary writers, Christina Baker Kline has crafted an outstanding collection that touches the core of

modern parenthood. The writers share their experiences as parents of children between the ages of two and ten—the period when our children are young and wholly dependent, before they have established separate identities. Each of these entertaining and evocative essays focuses on one central issue about raising young children: the complexities of being a stay-at-home dad, the urge to avoid making the same mistakes our parents did, birth order and sibling rivalry, giving our children a sense of racial identity. *Room to Grow* is a kaleidoscope of the early years of childhood, revealing new patterns and yielding insights at each turn. A remarkable exploration of the parenting experience, *Room to Grow* eloquently discloses those priceless moments of joy and heartache,

closeness and separation, wonder and exasperation, amazement and exhaustion that parents encounter every day with their young children.

I'll Be Your Blue Sky *HarperCollins*

The New York Times bestselling author revisits the characters from her beloved novels *Love Walked In* and *Belong to Me* in this captivating, beautifully written drama involving family, friendship, secrets, sacrifice, courage, and true love for fans of Jojo Moyes, Elin Hilderbrand, and Nancy Thayer. On the weekend of her wedding, Clare Hobbes meets an elderly woman named Edith Herron. During the course of a single conversation, Edith gives Clare the courage to do what she should have done months earlier: break off her

engagement to her charming—yet overly possessive—fiancé. Three weeks later, Clare learns that Edith has died—and has given her another gift. Nestled in crepe myrtle and hydrangea and perched at the marshy edge of a bay in a small seaside town in Delaware, Blue Sky House now belongs to Clare. Though the former guest house has been empty for years, Clare feels a deep connection to Edith inside its walls, which are decorated with old photographs taken by Edith and her beloved husband, Joseph. Exploring the house, Clare finds two mysterious ledgers hidden beneath the kitchen sink. Edith, it seems, was no ordinary woman—and Blue Sky House no ordinary place. With the help of her mother, Viviana, her surrogate mother, Cornelia Brown, and her former

boyfriend and best friend, Dev Tremain, Clare begins to piece together the story of Blue Sky House—a decades-old mystery more complex and tangled than she could have imagined. As she peels back the layers of Edith's life, Clare discovers a story of dark secrets, passionate love, heartbreaking sacrifice, and incredible courage. She also makes startling discoveries about herself: where she's come from, where she's going, and what—and who—she loves. Shifting between the 1950s and the present and told in the alternating voices of Edith and Clare, *I'll Be Your Blue Sky* is vintage Marisa de los Santos—an emotionally evocative novel that probes the deepest recesses of the human heart and illuminates the tender connections that bind our lives.
