Physics of the Soul: The Quantum Book of Living, Dying ...

Does quantum mechanics predict the existence of a spiritual “soul”? Testimonials from prominent physics researchers from institutions such as Cambridge University, Princeton University, and the Max Planck Institute for Physics in Munich claim that quantum

mechanics predicts some version of “life after death.” They assert that a person may possess a body-soul duality that is an extension of the wave-particle duality of subatomic particles.

The Soul and Quantum Physics - The Last Frontier

To further explore the possible nature of the soul in scientific terms, we can look into the heart of quantum physics. It has to be said at the outset that the study of quantum physics is a very difficult realm to investigate because the objects and forces that are studied by quantum physics are usually infinitesimally small.

The Soul and Quantum Physics - Fred Alan Wolf

07/19/2017 04:26 pm ET. Some of you may have already heard of the so-called "quantum theory of consciousness.". I've encountered different versions of it over the years. It presents a method of integrating traditional religious views of the "soul," the "afterlife," and the possibility of "other realms of existence" with contemporary scientific theories of the relationships between consciousness and the body, between subjective perception and objective physical reality.
