Permaculture Design : A Step-by-Step Guide. I've written 'Permaculture Design - a Step-by-Step Guide', to explain how to go about putting a design together. While there are plenty of excellent books already written about permaculture, I hadn't found one that really explained the design process in a step-by-step fashion from start to finish. This was a gap I initially filled on my design courses with a set of worksheets, which were then tried and tested by 15 groups of design course students ...

Permaculture design is not a random collection of good ideas, it's a process. It starts with the receptive stage of observing and listening, goes through the creative stage of making design decisions and leads on to implementation on the ground and to reflection on whether the odd tweak here or there might not be appropriate.
