Freelance writer Anna Morris is struggling to make a name for herself, so she's delighted to attend a launch for a hip new artist at her friend Seb's gallery. But the event takes an unexpected turn when she meets Max Conran. The brother of a celebrated art dealer, he's handsome, charming, and effortlessly sexy. What's not to like? For starters, he's a liar. He has more than one identity. And his meeting Anna was not by chance—but by design. Despite Seb's warnings, Anna is intrigued. Maybe it's her natural curiosity, or just Max's piercing blue eyes. Either way, she's about to make the biggest mistake of her life. Seduced into an underworld of forgery, missing paintings, and murder, Anna realizes that nothing is as it seems, including the men in her life—either her longtime friend, or the deceptive stranger who has her in his thrall. You Think You Know Me

The True Story of Herb Baumeister and the Horror at Fox Hollow Farm *Createspace Independent Publishing Platform*

In the fall of 1994, Erich Baumeister (13), was playing in a wooded area of his family's estate, when he stumbled across a partially buried human skeleton. He presented the disturbing finding to his mother, Julie, who inquired about the skull to her husband, Herb. He told her that the skeleton belonged to his late father, an anaesthesiologist, who used it for his research. He said he didn't know what to do with it, so he buried it in the back garden. Astonishingly, Julie believed him. Over the course of eighteen-months, Julie became increasingly concerned and even frightened by her husband's mood swings and erratic behaviour. In June 1996, whilst Herb was on vacation, she granted police full access to her family's eighteen-acre home. Within ten days of the search, investigators uncovered the remains of eleven bodies. Once news of the findings at Fox Hollow Farm was broadcast, Herb disappeared. He was missing for eight days when campers eventually found his body inside his car. In an apparent suicide, Herb had shot himself while parked at Pinery Park, Ontario. He wrote a three-page suicide note explaining his reasons for taking his life, which he attributed to his failing marriage and business. There was no mention of the victims scattered in his backyard. Herb Baumeister would later be alleged to have killed at least nine more men along the Interstate 70 between Indiana and Ohio, and coined the "I-70 Strangler." It is entirely possible that he was one of the most prolific serial killers in history, but because of his perpetual cowardice in the face of scrutiny, the world will never know. In *You Think You Know Me*, bestselling author Ryan Green assumes the role of Herb Baumeister and attempts to fill in the blanks on one of Indiana's most mysterious serial killers. CAUTION: This book contains descriptive accounts of sexual abuse

and violence. If you are especially sensitive to this material, it might be advisable not to read any further.

You Know Me Well

A Novel *St. Martin's Griffin*

You Know Me Well is a deeply honest story about navigating the joys and heartaches of first love, one truth at a time. Who knows you well? Your best friend? Your boyfriend or girlfriend? A stranger you meet on a crazy night? No one, really? Mark and Kate have sat next to each other for an entire year, but have never spoken. For whatever reason, their paths outside of class have never crossed. That is until Kate spots Mark miles away from home, out in the city for a wild, unexpected night. Kate is lost, having just run away from a chance to finally meet the girl she has been in love with from afar. Mark, meanwhile, is in love with his best friend Ryan, who may or may not feel the same way. When Kate and Mark meet up, little do they know how important they will become to each other -- and how, in a very short time, they will know each other better than any of the people who are supposed to know them more. Told in alternating points of view by Nina LaCour, the award-winning author of *Hold Still* and *The Disenchantments*, and David Levithan, the bestselling author of *Every Day* and co-author of *Nick and Norah's Infinite Playlist* (with Rachel Cohn) and *Will Grayson*, *Will Grayson* (with John Green).

Forget You Know Me

A Novel *St. Martin's Press*

The next "masterful" (Publishers Weekly) novel from "the gifted Jessica Strawser" (Adriana Trigiani), hailed as "immensely satisfying" (Kathleen Barber) and "that book you can't put down" (Sally Hepworth). A video call between friends captures a shocking incident no one was supposed to see. The secrets it exposes threaten to change their lives forever. Molly and Liza have always been enviably close. Even after Molly married Daniel, the couple considered Liza an honorary family member. But after Liza moved away, things grew more strained than anyone wanted to admit—in the friendship and the marriage. When Daniel goes away on business, Molly and Liza plan to reconnect with a nice long video chat after the kids are in bed. But then Molly leaves the room to check on a crying child. What Liza sees next will change everything. Only one thing is certain: Molly needs her. Liza drives all night to be at Molly's side—but when she arrives, the reception is icy,

leaving Liza baffled and hurt. She knows there's no denying what she saw. Or is there? In disbelief that their friendship could really be over, Liza is unaware she's about to have a near miss of her own. And Molly, refusing to deal with what's happened, won't turn to Daniel, either. But none of them can go on pretending. Not after this. *Forget You Know Me* is a "twisty, emotionally complex, powder keg of a tale" (bestselling author Emily Carpenter) about the wounds of people who've grown apart. Best friends, separated by miles. Spouses, hardened by neglect. A mother, isolated by pain. One moment will change things for them all.

Poetry at Its Ripe *Strategic Book Publishing & Rights Agency*

"Through the gift of writing, I have learned to express my thoughts and ideals in a manner of being best understood. I have tried hard not to allow negative thoughts or crazy ideals to interfere with anything meaningful and productive in my life." Says author Alim M. Bey, "Do not allow yourself to come up short. Each of us has been given a gift at birth, and from that gift, we must learn to be positive, and wherever our aspirations fall, it should be our best." Part of a poem in *Poetry at Its Ripe*: Do you have a friend? Do you have a friend who has fallen and can't get up? And in all efforts made, still it isn't enough Do you have a friend who's off track? This is known knowledge and a fact Do you have a friend refusing to give life another try? During the talks and walks, you only see tears in their eyes I saw such a friend the other day, in as many years Need to clean up change clothes, hair hung below his ears Do you have a friend you want to help in good taste? Recognized you, turned walked away, leaving no trace

The Blackboard Jungle

A Novel *Open Road Media*

The "shocking" and "suspense-packed" bestseller about one teacher's stand against student violence, and the basis for the Academy Award-nominated film (The New York Times Book Review). After serving his country in World War II, Richard Dadier decides to become an English teacher—and for the sin of wanting to make a difference, he's hired at North Manual Trades High School. A tough vocational school in the East Bronx, Manual Trades is home to angry, unruly teenagers exiled from New York City's regular public schools. On his first day, Dadier endures relentless mockery and

ridicule and makes an enemy of the student body by rescuing a female colleague from a vicious attack. His fellow educators are bitter, disillusioned, and too afraid of their pupils to risk turning their backs on them in the classroom. But Dadier refuses to give up without a fight. Over the course of the semester, he tries again and again to break through the wall of hatred and scorn and win his students' respect. The more he learns about their difficult circumstances, the more convinced he becomes that a good teacher can make a difference in their lives. His idealism will be put to the ultimate test, however, when a long-simmering power struggle with his most intimidating student explodes into a violent schoolroom showdown. The basis for the blockbuster film starring Glenn Ford and Sidney Poitier, Evan Hunter's *The Blackboard Jungle* is a brutal, unflinching look at the dark side of American education and an early masterpiece from the author who went on to write the gritty 87th Precinct series as Ed McBain. Drawn from Hunter's own experiences as a New York City schoolteacher, it is a "nightmarish but authentic" drama that packs a knockout punch (Time).

Maverick investigator Dominic Queste is on the trail of missing butcher Sam Price. But he soon uncovers links to a killer with a taste for games. What began as a simple favour for his girlfriend quickly descends into a battle for survival against an enemy who has no qualms about turning victims into prime cuts. Amidst a twisted game of cat and mouse, suspicious coppers, vicious crooks and a seemingly random burglary, Queste has to keep his wits about him. Or he might just find himself on the butcher's block. "Skelton takes the usual ingredients of the crime novel then adds his own sparkle. Witty, well observed, compelling - this is a book you'll want to savour. A fine, fine writer, at the very top of his game." Denzil Meyrick "A thoroughly gripping whodunit that shows just how darkly humorous Tartan Noir can become: and how genuinely chilling it can be at the same time." Undiscovered Scotland "There is a wonderful "old-school PI feel in modern times" about this book that I simply adored. With dry wit and off-the-cuff banter, the fast-paced plot will keep the reader turning the pages in this quirky, cool and fantastically clever storyline." Crime Book Junkie "Stands out from the crowd... A highly entertaining and gripping read." By the Letter blog "Top-notch writing, top-notch storytelling, some brilliantly observed life realities and really believable, well-drawn characters." Liz Loves Books "A dark, suspenseful thriller... top, top reading." Grab This Book "Raymond Chandler meets Glasgow gangland: Dominic Queste is a breath of humorous fresh air in what is a dark, fast-paced, one-liner wisecrack of a read!" Chapter In My Life "The Dead Don't Boogie introduced us to a memorable new star of Scottish crime fiction, but Tag - You're Dead takes what Douglas Skelton started with that book and dials everything up to 11. Funnier, wittier, darker and more dangerous than its predecessor, it is a novel which dares you to put it down and wins every

time." Scots Whay Hae "A tense and exciting thriller. Gritty, memorable writing, a superb lead character, witty dry humour, all in a multi-layered, enjoyable story." Random Things "So noir, you almost need a torch to read it... The style is authentic, heady and pitch-perfect... A fun read, a sobering one and every page is compelling." Blue Book Balloon "Brilliant... a great story, with some fantastic characters." Steph's book blog

Edgar and Lucy

A Novel *Macmillan*

How do you love the son you never expected to have? How do you love the mother who can't let you in? Edgar & Lucy An unlikely love story. "I love this book. Profoundly spiritual and hilariously specific...an unusual and intimate epic that manages to capture the wonder and terror of both child and parenthood with an uncanny clarity." - Lena Dunham, bestselling author of Not That Kind of Girl "This tale gradually exerts a fiendish grip on the reader" - Helen Simonson, author of Major Pettigrew's Last Stand "Took my breath away." — Sophie McManus, author of The Unfortunates "A quirky coming-of-age novel that deepens into something dark and strange without losing its heart or its sense of wonder." - Tom Perrotta, bestselling author of The Leftovers "Victor Lodato may be our bard of the sadness, humor, and confusion of loss. He senses the absurdities and elation of mourning and childhood with a capacious precision that brings to mind J.D. Salinger, Lorrie Moore, Karen Russell, even James Joyce. Ender in Exile *Macmillan*

After twenty-three years, Orson Scott Card returns to his acclaimed best-selling series with the first true, direct sequel to the classic Ender's Game. In Ender's Game, the world's most gifted children were taken from their families and sent to an elite training school. At Battle School, they learned combat, strategy, and secret intelligence to fight a dangerous war on behalf of those left on Earth. But they also learned some important and less definable lessons about life. After the life-changing events of those years, these children—now teenagers—must leave the school and readapt to life in the outside world. Having not seen their families or interacted with other people for years—where do they go now? What can they do? Ender fought for humanity, but he is now reviled as a ruthless assassin. No longer allowed to live on Earth, he enters into exile. With his sister Valentine, he chooses to leave the only home he's ever known to begin a relativistic—and revelatory—journey beyond the stars. What happened during the years between Ender's Game and Speaker for the Dead? What did Ender go through from the ages of 12 through 35? The story of those years has never been told.
