Basis Of Accounting Wikipedia

A basis of accounting is the time various financial transactions are recorded. The cash basis and the accrual basis are the two primary methods of tracking income and expenses in accounting. Both can be used in a range of situations, from the accounts of a whole country or a large corporation to those of a small business or an individual. In many cases, regulatory bodies require individuals, businesses or corporations to use one method or the other. When this is not the case, the choice of which
