Making The Business Case How

In this lesson we'll establish how to present a compelling business case, using evidence to demonstrate a return on investment. The ability to do this is central to our demonstration of commercial drive. We'll consider how responding to an organisational requirement requires a planned, structured approach that demonstrates both the ability to meet the requirement and the value to the organisation.

Lesson 5: Making the business case - CIPD People Profession

How you make those decisions determines whether your organisation succeeds or fails. At the heart of any sound decision is a business case that examines the options, marshals evidence and identifies the resources required and the benefits that might accrue.

MAKING THE BUSINESS CASE : HOW: How to Create, Write and ...

A business case is the justification for some activity (e.g. a project) undertaken by your organisation. It weighs up the timescales, costs and risks of doing the activity against the benefits to be gained. Think of it as weighing up the pros and cons and then taking a sensible decision.

Stage 6: business case - GOV.UK

A business case is a written or verbal value proposition that is intended to educate a decision maker and convince them to take some kind of action. When written, the document itself is sometimes referred to as a business case. At its simplest, a business case could be a spoken suggestion.

What is business case? - Definition from WhatIs.com

A business case captures the reasoning for initiating a project or task. It is often presented in a well-structured written document, but may also come in the form of a short verbal agreement or presentation. The logic of the business case is that, whenever resources such as money or effort are consumed, they should be in support of a specific business need. An example could be that a software upgrade might improve system performance, but the "business case" is that better performance would impr
