During the 1960s, the Cochno Stone was repeatedly damaged by vandals, as well as by people walking all over it. So in 1964, Glasgow University archaeologists recommended it be buried to protect it from further damage. The stone has been buried ever since and is now covered by vegetation and surrounded by trees.

The history: The Anglo-Saxon historian John Blair has investigated these early tales of English vampires as recorded in various chronicles: he suggests that the huge upheaval in English society brought about by the Norman Conquest and its aftermath led people to feel that nothing was certain anymore: that the very boundaries between life and death were no longer as rigid as they once were. Certainly, fewer stories of the undead are recorded after 1200, by which time the changes wrought by ...
