The Half-Life of Facts

Why Everything We Know Has an Expiration Date *Penguin*

New insights from the science of science Facts change all the time. Smoking has gone from doctor recommended to deadly. We used to think the Earth was the center of the universe and that the brontosaurus was a real dinosaur. In short, what we know about the world is constantly changing. Samuel Arbesman shows us how knowledge in most fields

evolves systematically and predictably, and how this evolution unfolds in a fascinating way that can have a powerful impact on our lives. He takes us through a wide variety of fields, including those that change quickly, over the course of a few years, or over the span of centuries.

Presidents Fact Book Revised and Updated!

The Achievements, Campaigns, Events, Triumphs, and Legacies of Every President from George Washington to the Current One *Black Dog & Leventhal*

The Presidents Fact Book is a compendium of all things presidential and a sweeping survey of American history through the biography of every

president from George Washington to Donald Trump. Organized chronologically by president, each entry covers the major accomplishments and events of the presidential term; cabinet members, election results, groundbreaking legislation, and Supreme Court appointments; personality and personal habits; career before the presidency; a behind-the-scenes look at the wives, families, friends, and foes; and much more, including hobbies, odd behaviors, and outlandish penchants. Major primary documents from each administration -- from the Bill of Rights to Barack Obama's speech on race in America -- provide a glimpse into the crucial moments of America's storied past in the words of those who led the nation. Perfect for students, history

buffs, and political junkies, The President's Fact Book is at once an expansive collage of our nation's 45 individual presidents and a comprehensive view of American history.

The Book of Amazing Facts *Amazing Facts Incorporated*

Since 1994, Pastor Doug Batchelor has been using historical, scientific, and other amazing facts to share the gospel. And now many of his popular and unusual facts have been compiled into one comprehensive volume! So whether you're preparing a sermon, need an illustration for a children's story, or just enjoy interesting trivia, this book is sure to be a wonderful resource in your home or office.

Ötzi, the Iceman

The Full Facts at a Glance

geography of the 50 states and Washington, D.C.; and reading comprehension, vocabulary, and spelling.

Cold Reading For Business

How to Apply Cold Reading Psychology to Business Communications *Ian Rowland Limited*

'Cold reading' is a term normally associated with the psychic industry. It basically means 'how to talk to people so you sound psychic'. This book explains how to apply cold reading psychology to business and professional communications. CRFB delivers several practical business benefits. Among other things, it's the fastest, easiest way to build rapport, establish credibility, foster

trust and create persuasive messages. Although anyone can use CRFB, it is particularly useful if you work for yourself and are trying to build or grow your business.

Factfulness

Ten Reasons We're Wrong About the World--and Why Things Are Better Than You Think *Flatiron Books*

INSTANT NEW YORK TIMES BESTSELLER
 "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." – Bill Gates
 "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret

and silent and teaches readers how to see it clearly.” —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel

laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don’t know what we don’t know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn’t mean

there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

The Sad Little Fact *Schwartz & Wade*
A New York Times bestselling author and the #1 New York Times bestselling illustrator of *The Good Egg* deliver a perfectly timed, funny read-aloud about the importance of telling the truth. There once was a fact who could not lie. But no one believed him. When the Authorities lock the sad little fact away, along with other facts, the world goes dark. But facts are stubborn things. With the help of a few skillful fact finders, they make a daring escape and bring truth back to brighten the world. Because after all, "a fact is a fact" and that's that! Truth be told, this spare, ingenious story reads like a modern-day parable. Bestselling author, Jonah Winter, and the #1 New York Times bestselling illustrator of *The Good Egg*, Pete Oswald, pair together to

remind us of the importance of honesty and truth during a time of lies and fake news.

bathroom readers.

After the Fact?

The Truth about Fake News *Watkins Media Limited*

Why do we no longer trust facts, experts and statistics? In this essential guide to the turbulent times in which we live, Marcus Gilroy-Ware investigates our era of post-truths and fake news and answers the question of where we can go from here. We are supposed to have more information at our disposal now than at any time in history. So why, in a world of rising sea levels, populist leaders, resurgent fascism and a global pandemic, do so many people believe bizarre and untrue things about the world we live in? In *After the Fact?*,

Marcus Gilroy-Ware shows us what really created the conditions for mis- and disinformation, from fake news and conspiracy theories, to bullshit journalism and the resurgence of the far-right, and why liberal newspaper columnists and centrist politicians are unable to turn back this tide. Spanning politics, culture, psychology, journalism, and much more, *After the Fact?* is a timely wake-up call for those who believe we can simply go "back to normal", and instead argues that, if we are to put an end to "fake news" we must deal with the broader social crises that are responsible for it.

Against Facts *MIT Press*

An argument that the major metaphysical theories of facts give us no

good reason to accept facts in our catalog of the world.

Which U.S. president spent some pre-politics time as a male model? Prepared to get lost perusing page after page of unusual facts, enthralling stories, and

amusing anecdotes because *The Book of Extraordinary Facts* will keep you busy for hours

People Love Dead Jews: Reports from a Haunted Present *W. W. Norton & Company*

A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to

write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition Auschwitz, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her

children's school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

The All-Time Book of Fascinating Facts

"The information here is fabulous and so

appealing because of the 'I bet you didn't know' spirit in all of us who like to stump our friends and savor the interesting information for ourselves" -- Constance Lloyd, General Manager, CBS Radio News

The Book of Facts

The World Book Encyclopedia *World Book*

"A 22-volume, highly illustrated, A-Z general encyclopedia for all ages, featuring sections on how to use World Book, other research aids, pronunciation key, a student guide to better writing, speaking, and research skills, and comprehensive index"--

Top Five Regrets of the Dying

A Life Transformed by the Dearly Departing *Hay House, Inc*

Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in

its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. *The Top Five Regrets of the Dying* gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate

and inspired to live the life you are truly here to live.

My First Big Book of Space Facts *My First Big Book of . . .*

Back to Basics in Physiology

O2 and CO2 in the Respiratory and Cardiovascular Systems *Academic Press*

Back to Basics in Physiology: O2 and CO2 in the Respiratory and Cardiovascular Systems exploits the gap that exists in current physiology books, tackling specific problems and evaluating their repercussions on systemic physiology. It is part of a group of books that seek to provide a bridge for the basic understanding of science

and its direct translation to the clinical setting, with a final aim of helping readers further comprehend the basic science behind clinical observations. The book is interspersed with clinical correlates and key facts, as the authors believe that highlighting direct patient care issues leads to improved understanding and retention. Physiology students, including graduate and undergraduate students, nursing students, physician associate students, and medical students will find this to be a great reference tool as part of an introductory course, or as review material. Exploits the gap that exists in current physiology books, tackling specific problems and evaluating their repercussions on systemic physiology Provides a bridge for the basic

understanding of science and its direct translation to the clinical setting. Interspersed with clinical correlates and key facts, highlighting direct patient care issues to help improve understanding and retention.
