The Faith of a Scientist by Henry

Eyring - Goodreads

The scientific methods were initiated by Christians of the past, and many Nobel Prize winners in Science have been Christians. A recent study of professional scientists I think put the number of Christians in the field today at around 40%. The issue is not science vs Christianity, there is no battle between them.

Faith of the Scientist - RESPOND

A belief in a Supreme Being, faith in the efficacy of a moral code, and a belief in a purpose in existence are not precluded by science, though science may question the credibility of a particular religious belief and thus serve as a constraint on religion. But men tend to hold beliefs associated with their religious faith

inflexibly, a consequence of their all-too-frequent failure to acknowledge the limited ability of man to receive through revelation a perfect comprehension of truth.

The arguments about whether such untestable theories constitute science at all have been raging for years, and the account of them offered in *Lost in Math* is thorough and accurate but sometimes rather technical. What makes the book compelling reading, however, is that it is not so much a polemic as a forlorn confession of Hossenfelder's crisis of faith.
