Jung’s “Transcendent Function” - Personality Junkie

Jung calls the transcendent function. This function is endowed with the capability of uniting all of the opposing trends in the personality and of working toward the goal of wholeness. The aim of the transcendent function, Jung writes, is “the realization, in all of its aspects, of the personality originally hidden away in the embryonic germplasm; the

INTRODUCTION TO THE TRANSCENDENT FUNCTION

Transcendent function – Development through Confrontation. Transcendent function. A psychic function that arises from the tension between consciousness and the unconscious and supports their union. (See also opposites and tertium non datur .) When there is full parity of the opposites, attested by the ego’s absolute participation in both, this necessarily leads to a suspension of the will, for the will can no longer operate when every motive has an equally strong countermotive.
