State Of Authority The State

The Authority of the State. by Cal Thomas. The late philosopher-theologian Francis Schaeffer taught me to always begin a discussion with a definition. The reason, he said, is that different people define the same word in different ways. Dictionary.com defines authority as “the power to determine, adjudicate, or otherwise settle issues or disputes; jurisdiction; the right to control, command, or determine.”.

The Authority of the State by Cal Thomas

State authority means any organ of a State at each level of authority, whether the organ exercises legislative, executive, judicial or any other state functions, and including, without limitation, all central, regional, municipal, local and judicial organs or any consistent element of such organs having the power to govern, adjudicate, regulate, levy or collect taxes, duties or other charges, grant licences or permits or approvals or otherwise affect the rights and obligations of any Project ...

State autonomy theorists believe that the state is an entity that is impervious to external social and economic influence, and has interests of its own. "New institutionalist" writings on the state, such as the works of Theda Skocpol, suggest that state actors are to an important degree autonomous. In other words, state personnel have interests of their own, which they can and do pursue independently of (at times in conflict with) actors in society.

The concept of a "state" is a different can of worms. While government and state tend to overlap a lot in practice, the state is an organization with sovereign authority over and against a specific population in a well-defined container of borders. The state is a stable, specific, political entity — government is more of a fuzzy blob of chores that tend to change over time.

Non-state authority, therefore, can only be determined on the basis of outcomes. It may be exercised directly, by relational power, and indirectly by structural power. The capo of the mafia, or the chief executive of a multinational, mostly exercises relational power. A banker, or an insurer mostly exercises structural power.
