NLP Coaching

An Evidence-Based Approach for Coaches, Leaders and Individuals *Kogan Page Publishers*

NLP (Neuro-Linguistic Programming) is believed by many to be a powerful set of tools for facilitating change and enhancing performance. Yet, despite the success stories and proliferation of courses, there is still much skepticism about the validity and effectiveness of NLP. In NLP Coaching Susie Linder-Pelz brings, for the first time, an evidence-based perspective to this coaching methodology. She explains how and where NLP coaching is used,

examines its links to established principles and practices, and questions aspects of NLP where the empirical evidence is missing. She reviews recent developments in NLP-based coaching practice and proposes a specific research agenda that will move NLP coaching towards an evidence-based approach. NLP Coaching provides numerous case studies and real-life examples which show how NLP assists personal, professional, team, leadership and organizational development. The book includes contributions from leaders in the field: Andrew Bryant, Michelle Duval, Joseph O'Connor, Paul Tosey and Lisa Wake.

NLP and Coaching for Health Care Professionals

Developing Expert Practice *John Wiley & Sons*

NLP (Neuro Linguistic Programming) is a recognised and validated means of providing expert communication and personal effectiveness in both life and work contexts. It is well used in all contexts and is well established in the business world, but is yet to be widely used in health care practice (although is gaining ground in terms of improving health of individuals). This book provides an accessible introduction to NLP for healthcare professionals. Breaking down any complicated terminology, it gives practical applications of all commonly used NLP tools, demonstrating their value and inspiring readers to apply them in their day-to-day work. Demonstrates NLP and coaching can be used in healthcare by practitioners to enhance their own practice, the service delivered by the team and improve patient care Highlights effective tools in coaching to make a difference in practice Demonstrates the value of self development through coaching to individuals in health care It is written as a practical tool kit, making development effective, accessible and fun

NLP

Jeni Mumford (London, UK) is a qualified personal life coach and an accredited NLP practitioner.

Mental Coaching

Utilizing Neuro-Linguistic Programming for Better Quality of Work Life, Job Performance and Lasting Behavioural Change *Trafford Publishing*

The workforce today is facing ever increasing demands for higher productivity, usually at the severe cost of decreasing quality of work life and private life. Inhibited by limiting beliefs, decreasing motivation and the burden of past negative experiences, many employees have a hard time coping, even with their normal, daily challenges. Motivational speakers come and go, people are "high" for a week or so, but then they dive back into despair. This book addresses this problem, namely how to achieve higher productivity without sacrificing the quality of work life or private life. It also describes how this problem can be solved by utilizing Neuro-Linguistic Programming interventions. The research, which this book is based on, proves that lasting positive changes can be induced in a short period of time, and that a significant increase in work life quality has a profound influence on productivity. This ground-breaking book contains descriptions of the research, the processes utilized, and the results achieved in an easy to read format.

Building Self-Confidence for Dummies *John Wiley & Sons*

We could all use a little more confidence in our lives. With a push in the right direction, you can discover how to carry yourself confidently at work, at home, and even in relationships. This friendly guide shows you what confidence is and where it comes from, and offers practical tips and techniques to build on your skills, challenge your fears, and channel your energy into a more effective you. Discover how to Recognise your strengths See things from a brighter perspective Say 'No' with confidence Build confidence in others Raise confident children

Theory and Practice of NLP Coaching

A Psychological Approach *SAGE*

'Inspiring, stimulating, and immensely rich - Bruce takes NLP in Coaching to an entirely new dimension, building on the giants before him' - Katherine Tulpa, Global CEO, Association for Coaching 'I recommend this book whole heartedly to any coach

who wishes to update their knowledge and understanding of NLP and coaching' - Prof. Dr. Karl Nielsen, IN President 'Immensely readable and well researched. No NLP practitioner wanting to develop the field further should be without it' - Dr Jane Mathison, formerly research officer in NLP, University of Surrey Are you struggling with the complexities of Neuro-Linguistic Programming (NLP)? You've come to the right place. This book demystifies NLP, providing a practical guide to understanding the psychological theories, principles and research that underpin the approach. Packed with practical hints and tips, case studies and exercises, the book introduces and explores: - What NLP coaching actually is - The general theories and principles that underpin the NLP approach - How theory translates into practice - The research evidence that says NLP coaching really works This is an essential companion for trainees, coaches, psychologists and professionals from all walks of life - indeed, anyone wanting to develop their knowledge and practical skills in this increasingly popular approach. Bruce Grimley is Managing Director of Achieving Lives Ltd, an Associate Fellow of the British Psychological Society and the UK President of the International Association of NLP Institutes and Coaching Institutes.

Excellence in NLP and Life Coaching

How to Structure Success and Create Influence at the Expert Level *Subliminal Science Press*

You are about to read a powerful set of strategies that model excellence going back thousands of years into the past to find the most effective ways to help people create lasting change. As you go through the strategies and methods in this book, first apply the principles to your own life. You will experience rapid transformation in your outlook, aptitude, and your ability to influence and connect with others. As you share these ideas with clients whom you work with, you become a more effective NLP practitioner and expert-level life coach. This book is a manual with diagrams, forms, and clear explanations of various tools that professionals can use in creating excellence in NLP and Life Coaching. What is covered in this book? There are three sections. The first overviews life coaching and NLP modeling that goes back to ancient times and also looks at what are new applications since Neuro-Linguistic Programming was first developed. The second section is a collection of forms, processes, and methods for conducting life coaching sessions using neuro-linguistic programming and other strategies. The third section is a collection of essential NLP patterns and how to use the processes to help people make change. You can use these resources as hypnosis scripts or as action strategies for your coaching sessions.

The Power of Nlp

Attract More Wealth, Better Health, and Improve Relationships *MGM Books*

Do you want to know what words you can use to attract people and things into your life? For over 15 years, the author and spiritual healer Matt Morris has used NLP to change lives. Ironically, he discovered the power of words when he was struggling with depression. He learned that words (and thoughts) are here to either beat you up or lift you up, and it's 100% up to you. But, first you have to program your mind with NLP. This Neurolinguistic Programming (NLP) Guide will teach you the secrets to detecting a lie, and how to build an immediate connection with ANYONE! It will even show you how you can attract wealth and improve ALL your relationships. In Addition, You'll Discover: How To Read Body Language (even what peoples' feet are saying) How To Save Time & Maximize Your Productivity How To Turn A Negative Situation Into A Positive One How To Motivate Yourself How To Improve Your Health How To Have Happier Thoughts And Much, Much More! What Readers are Saying: "I was uncertain what NLP was about, as I figured it was related to social manipulation and techniques that hypnotists use. In reality it's more about how we interact with people. The book goes into detail about topics like mirroring, body language and identifying with the person you're talking to in order to relate better. All of these tips are very practical, especially for somebody who's constantly learning about social interactions and trying to improve himself."

Personal Development All-in-One For Dummies will include: Book I: Essential Concepts Exploring the Key Themes of NLP Understanding Cognitive Behavioural Therapy Examining Hypnotherapy Introducing Life Coaching Book II: Neuro-Linguistic Programming Taking Charge of Your Life Creating Rapport Reaching Beyond the Words People Say Exploring the Amazing Power of Your Senses Opening The Toolkit Understanding the Psychology Behind Your Habits and Behaviours Book III: Cognitive Behavioural Therapy Correcting Your Thinking Overcoming Obstacles to Progress Putting CBT into Action Taking a Fresh Look at Your Past Setting Your Sights on Goals Book IV: Hypnotherapy Taking A Separate View of Yourself Considering How Hypnotherapy Can Help Feeling Good Expanding the Reach of Hypnotherapy Practising Self-Hypnosis Book V: Life Coaching Introducing Your Coaching Journey Visualising Your Whole-Life Goals Becoming Your Best Self Focusing on the Elements of Your Life Physical, Mental and Emotional Wellbeing Developing and Growing

Coaching with NLP

How to be a Master Coach *HarperCollins UK*

A guide to using NLP in business and life coaching from NLP expert Joseph O'Connor.

Transformational NLP

A New Psychology

Why do people have so much difficulty achieving their goals, making big changes, and becoming the people they want to be? If we can imagine it, why can't we achieve it? Transformational NLP: A New Psychology offers a new understanding of how the brain really works and how we can use this knowledge for personal change and growth. Describing the evolution of the brain, Carl Buchheit explains how humans are conditioned by creature-level neurological programming which, while working hard to make sure we survive, also keeps us from expressing ourselves fully in the realms of love and our personal purpose in life. When we want to change our thought and behavior patterns, we find that we are limited by our deeply ingrained habits, our unconscious beliefs, and our self-defined identities. We try a variety of therapies and techniques to overcome limitations, but this rarely works. This book is about who we really are and how our brains really operate. When we understand how our brains work, we can quickly learn to work with and not against ourselves, and change becomes possible. While Transformational NLP has its basis in NLP, and uses many tools of NLP, it has evolved into a very different paradigm. The book investigates the history of NLP, from its intellectual antecedents in the science and philosophies of Alfred Korzybski and Noam Chomsky to the ground-breaking work of John Grinder and Richard Bandler and their brilliant student Robert Dilts, and shows how this direct, powerful, and elegant means for personal growth has developed and changed over its more than forty years of evolution. When a clinical psychologist, Jonathan Rice, started using these potent NLP tools in his own practice, and taught his methods to Carl Buchheit, this started a new branch of both psychology and NLP. Transformational NLP incorporates material drawn from, or inspired by, the holographic model of the universe as explained by physicist David Bohm, the basic premises and implications of twentieth and twenty-first century quantum mechanics, Bert Hellinger's trans-generational, systemic constellation work, and the metaphysics of the perennial philosophy such as described by Aldous Huxley. It offers breakthrough insights and unique methods neuro-linguistic and otherwise that Buchheit has developed over the course of more than three decades, working with thousands of clients. Buchheit explains that the key to change is to have more rapport with self by understanding the positive intentions in our unconscious that motivated our thoughts and behavior in the past. He shows how it is possible to alter the meaning of the past so it leads to the future we desire, and he uses the principles of quantum physics to assist the client to manifest an alternative reality. He demonstrates that we can become free of our unconscious addiction to the patterns of loss and pain that were set in motion by the suffering of our ancestors, generations before we were born. Most importantly, he describes new approaches and methods that empower people to have more choice in their lives, and to achieve their dreams by becoming more and more of who they really are, and who they want to be. This book will be of great interest to all students of NLP as well as to psychologists, social workers, mental health workers, teachers, historians, and philosophers. It will especially appeal to many people who are interested in personal transformation and gaining entirely new perspectives about understanding and changing our human experience."

Building Rapport with NLP In A Day For Dummies *John*

Wiley & Sons

Become an effective communicator and create rapport with ease. Building Rapport with NLP In a Day provides you with all the tools you need to make and break rapport and communicate effectively. Designed to contain a day's reading, this handy guide explains how Neuro-linguistic Programming (NLP) skills can help you to use the power of your senses to see, hear and feel your way to better communication, and gain insight into how different people think. Open the book and find: How different people communicate How to recognise what people are thinking from their language choices Ways to tell that somebody is lying to you How to improve your ability to say 'no' Tips for getting people to listen to you

The Big Book of Nlp, Expanded: 350+ Techniques, Patterns & Strategies of Neuro Linguistic Programming
Inner Patch Publishing

New and improved edition for 2019. The Big Book Of NLP contains more than 350 patterns & strategies written in an easy, step-by-step format. The methods include a full array of the fundamentals that every practitioner needs, such as the Swish pattern and The Phobia Cure, as well as advanced and unique patterns, such as The Nested Loops method and Learning Strategies. Many of these techniques were never published before and cannot be found elsewhere. Perhaps more important, and unlike most other NLP books and programs, the patterns are written with great care and testing to ensure that they are clear and can be followed immediately. If there was one really useful book on NLP... it would be full of NLP patterns! Everyone who learns Neuro Linguistic Programming knows the power of the patterns and strategies that employ the skills and knowledge of NLP. Whether you have just been introduced to the basics, or you have mastered advanced material and patterns, this work provides you with more than 350 patterns in a concise reference format, with step-by-step instructions. We have selected each pattern for its value and relevance. If you know the pattern, you can refresh your memory; if you want to learn it, you can do so without wading through any "fluff" such as ridiculously long explanations of NLP terms, or "magical stories" of healing and success. I chose to make this book clean of theories and fiction stories, and packed it with the most practical guidelines and advice.

If you simply want to create more balance in your life, become more productive, and enjoy a more fulfilling existence, Life Coaching For Dummies holds the answer.

Time Line Therapy and the Basis of Personality

and the basis of personality
Crown House Publishing Ltd

Written by Tad James and Wyatt Woodsmall, Time Line Therapy and the Basis of Personality is a compelling study of the important elements that make up a person's core personality, and a detailed exploration of and introduction to how Time Line therapy works in practice. Utilizing discoveries made by Richard Bandler, Time Line Therapy and the Basis of Personality expands and updates our knowledge of how people actually store their memories, and sheds light on the effect that the system used for memory storage has on the individual. The authors contend that the concept of Time Line, or the notion of time that you have

stored in your mind, shapes and structures your experience of the world, and consequently shapes your personality. Time Line therapy is therefore based on the premise that the client goes back to the first time they remember a particular problem, does change work utilizing Neuro Linguistic Programming (NLP) to eliminate irritating behaviors or issues and, if necessary, goes to subsequent times when their behavior or response was a problem, and undertakes further change work to resolve it. Written in an informative and engaging manner, Time Line Therapy and the Basis of Personality offers readers the opportunity to see how Time Line therapy works providing a clear description of how to elicit the Time Line, and sharing step-by-step methods to subsequently help the client to release a limiting decision or trauma, remove anxiety, or set a future goal. All of these key aspects are explained using clear language and easy-to-follow steps, and the authors' expert commentary is further complemented by examples, exercises and transcripts in order to help the reader transfer the theory into effective practice. In Section I, the authors explain the NLP Communication Model and share their in-depth analysis of the filters values, beliefs, attitudes, decisions, memories and meta programs which we subconsciously use as we process the world around us and which form the basis of our personalities. Section II provides a comprehensive description of the Time Line and how it works: laying down a theoretical basis for the technique before offering insight into its practice and application with a demonstrative transcript of Time Line elicitation and change work in order to illustrate the concepts explored. In Section III the authors move on to carefully survey simple and complex meta programs (and how they can be changed) before exploring the formation, evolution and changing of values in Section IV, which includes a helpful exercise that gives guidance on how to elicit values from the client. Exploring many interesting contexts and how personality can be positively changed to help people live happier lives, Time Line Therapy and the Basis of Personality is a worthy addition to any therapist's or NLP practitioner's library and is suitable reading for anyone interested in behavioral change. Sections include: Section I Introduction; Section II Time Line Therapy; Section III Meta Programs; Section IV Values. Time Line Therapy and the Basis of Personality was originally published in 1988 by Meta Publications.

Handbook of Coaching Psychology

A Guide for Practitioners *Routledge*

The Handbook of Coaching Psychology: A Guide for Practitioners provides a clear and extensive guide to the theory, research and practice of coaching psychology. In this new and expanded edition, an international selection of leading coaching psychologists and coaches outlines recent developments from a broad spectrum of areas. Part One examines perspectives and research in coaching psychology, looking at both the past and the present as well as assessing future directions. Part Two presents a range of approaches to coaching psychology, including behavioural and cognitive behavioural, humanistic, existential, being-focused, constructive and systemic approaches. Part Three covers application, context and sustainability, focusing on themes including individual transitions in life and work, and complexity and system-level interventions. Finally, Part Four explores a range of topics within the professional and ethical practice of coaching psychology. The book also includes several appendices outlining the key professional bodies, publications, research centres and societies in coaching psychology, making this an indispensable resource. Unique in its scope, this key text will be essential reading for coaching psychologists and coaches,

academics and students of coaching psychology, coaching and mentoring and business psychology. It will be an important text for anyone seeking to understand the psychology underpinning their coaching practice, including human resource, learning and development and management professionals, and executives in a coaching role.

Successful Selling with NLP

NLP & Relationships

Simple Strategies to Make Your Relationships Work

HarperCollins UK

THE FIRST NLP BOOK TO LOOK AT RELATIONSHIPS

Life Coaching For Dummies *John Wiley & Sons*

Become a life coach-for yourself and others-with this practical, informative guide If you're interested in doing away with negative beliefs, making a significant change in your life, and, finally, create-and live-the life you want, life coaching is the key. In this practical introduction, you will learn the empowering techniques essential to life coaching-including putting together an action plan, getting your priorities straight, staying focused, defining true success, overcoming common obstacles, and coaching yourself to happiness. With more information than ever before, this new updated edition includes material on emotional intelligence and active listening With insights on what to expect from life coaching and how to develop your own life coaching techniques, the book offers sound advice on what it takes to become a professional life coach. If you simply want to create more balance in your life, become more productive, and enjoy a more fulfilling existence, Life Coaching For Dummies holds the answer.

Live Life, Love Work *John Wiley & Sons*

The secrets to reclaiming your personal life and enriching your professional life—for the overstretched, overworked, and overanxious With the boundaries between professional and private life increasingly blurred by mobile technology, most people are simply finding it tougher to enjoy life either at home or at work. For those looking for a way out of the frustrating maze of daily life, bestselling author and respected communications coach Kate Burton offers the keys to achieving, in both one's professional and private life, a renewed sense of ownership, possibility, and meaning. In Live Life, Love Work, she poses such essential questions as "Whose Life Is It Anyway?" before offering readers an inspiring "Brave Action for Change." Each step outlined in the book is linked to a discussion of one's physical, mental, inner, or spiritual world Other books by Burton: Personal Development All-in-One For Dummies and Building Confidence For Dummies Burton delivers custom-built corporate workshops and seminars for that boost motivation, self-awareness, communication, and health For those interested in enriching both their personal and work life, Live Life, Love Work offers practical, insightful tips on how.

NLP & Sports

How to Win the Mind Game *HarperThorsons*

As every sports person knows, it's the winning that counts. But in any sporting contest there are actually two separate battles to be won - physical and mental. No athletes would dream of entering a competition in less than peak physical condition, but they are rarely mentally prepared to the same extent. Lack of mental discipline leads to loss of concentration, injury and defeat as much a lack of fitness.

Practical Nlp

How to Use Nlp Principles to Improve Your Life and Work, Even If You're Not Nlp Trained *Createspace Independent Publishing Platform*

If you're interested in improving your life, being happier, or more effective as a manager, this book is for you. You could use it as preparation if you are going to attend an NLP training course, or you could use it to get some practical benefits from the NLP principles even if you never intend to go in a classroom again! When I train NLP courses, I've often noticed that major realisations or 'Aha!' moments for many participants often come quite early in the course, when they learn about the 'presuppositions' or principles of NLP. So before the participants have had a chance to learn much in the way of 'technical' NLP skills, and certainly before they've had a chance to practice enough to get good at them, they're already seeing the potential for big improvements. I've come to believe that the most useful thing about the principles of NLP is that you can use them to make your life better, without any formal training or skills in NLP. Obviously you will get even better results if you do get some training and develop some skills, but acting 'as if' the principles are true will still help you. This is because the principles are an attitude and a way of looking at the world which you can regard as a set of instructions for success. This book explains 12 principles of NLP, each with practical tips and exercises that you can use straight away to get new perspectives on life, relationships, work and success.

Coaching Questions

A Coach's Guide to Powerful Asking Skills *CreateSpace*

The single most important skill in coaching is asking powerful

questions. In this volume, master coach trainer Tony Stoltzfus joins with 12 other professional coaches to present dozens of valuable asking tools, models and exercises, then illustrates these coaching strategies with over 1,000 examples of penetrating questions. Covering the gamut from basic techniques like options and actions to advanced concepts such as challenge and reframing, *Coaching Questions* is a book that will find a home on any coach's short list of handy references. *Coaching Questions: A Coach's Guide to Powerful Asking Skills* includes: 1. Dozens of asking tools, models, and strategies. 2. The top ten asking mistakes coaches make, and how to correct each one. 3. Nearly 1200 examples of powerful questions from real coaching situations. 4. Destiny discovery tools organized in a four-part life-purpose model. 5. Overviews of 15 popular coaching niches, with a tool and examples for each. 6. A schedule of training exercises to help you become a "Master of Asking".

Principles of NLP *HarperThorsons*

Neuro-Linguistic Programming (NLP) is the psychology of excellence. It is based on the practical skills that are used by all good communicators to obtain excellent results. These skills are invaluable for personal and professional development.

NLP at Work

The Essence of Excellence *Nicholas Brealey*

This major new edition of Sue Knight's bestselling book *NLP at Work* has been extensively revised and updated, with an emphasis on the heart of NLP - becoming a model of excellence. In addition to a new slant to every chapter, there are three new chapters on the key things that make the biggest difference for the greatest results: Humour: enabling you to stand back and see things from a different perspective Clean questions: minimising yourself to find out the essence of the other person Time: understanding how what you get in life is influenced by your relationship to time past, present and future *NLP at Work* has sold over 100,000 copies and is one of the most popular books ever published on the practical skills of NLP and how it can be applied in business. It transformed NLP from a peripheral art into an accessible, practical concept with relevant applications in the areas of influence, communication, negotiation, teamwork and coaching. Clear, readable and jargon free, this book will help you get to the essence of what makes you and your business excellent and unique.
