Science and Engineering Indicators | NCSES | NSF

The National Center for Science Education (NCSE) is a not-for-profit membership organization in the United States whose stated mission is to educate the press and the public on the scientific and educational aspects of controversies surrounding the teaching of evolution and climate change, and to provide information and resources to schools, parents, and other citizens working to keep those topics in public school science education.

National Center for Science Education - Wikipedia

NCSE is a national organization that supports a community of teachers and learners. Through symposia, materials, and grant funding, we help educators in and outside the classroom make connections between the content they teach and real world issues of civic importance. By putting content into context, what is inaccessible becomes accessible, what is uninteresting becomes interesting, and what is not meaningful becomes meaningful.
