Use Search Facets to add search predicates to the Search panel in Adobe Experience Manager (AEM) Assets

or modify existing search predicates. Search predicates lets you customize your search based and makes the search functionality versatile. You can add multiple predicates to the Search panel.

Search Facets - Adobe Inc.

Facets are polygons that are the elementary constituents of the geometry. They have indices, i.e. the vertices they consist of, and they have a normal vector defining the direction they are looking to. They also

have a local U,V coordinate system, where the U vector points from the first to the second index, and the V vector is perpendicular to it.
